HOT BREATH OF PELEE IS STILL VICTOR

Scientists Flee Before New Outbursts of the Volcano.

HILL AND KENNAN ARE NOT HARMED

Gazette Correspondents Were Nearest to the Heart of the Mountain.

NEW ERUPTION MAKES FLIGHT ALONE POSSIBLE

[SPECIAL CABLE TO THE GAZETTE.]
(Copyright, 1902, by New York Herald Co.)

Fort de France, Martinique, May 28.—Developments in the conditions of Mont Pelee indicate eruptions to come greater and more destructive than any that have yet occurred. The volcano was again active today, an explosion which took place this morning driving even the American scientists on board the cruiser Cincinnati.

Robert T. Hill, the Washington scientist, concerning whom great fears were expressed yeesterday by those who knew that he was intending to approach the crater of the volcano just before the eruption of Monday night, has returned here.

He was at Fons St. Denis when that eruption took place, and had an experience similar to that which befell the representatives of the Herald and Gazette, though he had not got as near to Pelee's crater as they. He was less than five miles from the crater when the explosion took place, and was compelled to run to save his life. He and Col. Louis Ayme, American consul at Gaudeloupe, now sleep on the Cincinnati.

Professor Hill's Story.

Prof. Hill recites an interesting story of his examination of the district through which he passed. He left Fort de France at 1 o'clock Monday afternoon. He was accompanied by a Mr. Cavanaugh, an army officer from the British island of Trinidad, and a boy named Joe, who was to act as interpreter. The party set out on horseback and took the direct north road for Morne Rouge. Between the hamlets of Deux Choux and Fonds St. Denis the party entered upon the outer edge of the zone of ashes. Except for occasional patches, all the country to this point was green and smiling. Upon reaching the Raibaud plantation, one mile southwest of St. Pierre, the explorers met the clear line of demarcation of the zone of flame and destruction, although not of annihilation. Monday night was spent in a deserted house at Fonds St. Denis, from which Prof. Hill witnessed and studied the volcanic eruption of that night. At this point the horses of the party became exhausted.

Ascent Was Impossible.

Early the next morning Prof. Hill pushed on to Mont Parnasse, where several people were killed in the eruption of May 8. He encountered no human beings, but he did meet a number of abandoned cattle, which tried to follow him. From Mont Parnasse the explorer proceeded to Morne Rouge, where he succeeded in getting a number of important photographs. He found that a close approach to Mont Pelee was impossible, and, as his actual position was dangerous, he started back in a southerly direction. At Champs Flore Prof. Hill's horse gave out completely and he secured the services of native guides, who led him by wild mountain paths back to Fonds St. Denis and Deux Choux. Tuesday night was spent at the latter place. From this point Prof. Hill sent a messenger into Fort de France with a request that a carriage be sent to him. Wednesday morning the professor left Deux Choux and walked to within 15 kilometers of Fort de France, where he borrowed an old horse from a negro and continued his way mounted.

Carriage Came in Handy.

The carriage met him five kilometers from Fort de France and brought him back to town, where he arrived at 11 o'clock this morning.

Prof. Hill heard the explosion of this morning while on his way into Fort de France, and he says a cloud of black smoke, at a great height, was drifting slowly to the southeast.

Speaking of his expedition to Mont Pelee, Prof. Hill said:

"My attempt to examine the crater of Mont Pelee has been futile. I succeeded, however, in getting very close to Morne Rouge. At 7 o'clock Monday night I witnessed, from a point near the ruins of St. Pierre, a frightful explosion from Mont Pelee and noted the accompanying phenomena. While these eruptions continue no sane man should attempt to ascend to the crater of the volcano, hollowing the salvos of detonations from the mountain gigantic mushroom-shaped columns of smoke and cinders ascended into the clear, starlit sky and then spread, in a vast black sheet, to the south and directly over my head.

"Through this sheet, which extended a distance of 10 miles from the crater, vivid

TWO MEN DROWNED AND ONE INJURED DYNAMITING FISH

Lighted Match Fell Among the Powder Causing an Explosion.

MASCOT ESCAPED UNHURT

[SPECIAL TELEGRAM TO THE GAZETTE.]

Sistersville, W. Va., May 28.—George Chambers and Edward Angmeer were drowned and Philip Roush was badly injured while dynamiting fish at the head of Russells island this morning. The men, with Harry Flowers, a young colored mascot, were in a boat when four sticks of dynamite exploded.

Angmeer had just lighted a stick of dynamite and threw it into the water, and then carelessly threw the lighted match to the other end of the boat, where the four remaining sticks lay. When the fuse was seen burning Angmeer yelled for all to jump. The four did so, when the skiff was about 40 feet from shore. Chambers and Angmeer were drowned. Roush and Flowers swam ashore and gave the alarm.

ers swam ashore and gave the alarm.

In the explosion the skiff was capsized. Roush and Flowers aroused John Nash and Leander Boon, who live on the island and they brought Roush and Flowers to Sistersville.

Roush's left eye was blown out and his face badly shattered. Chambers was proprietor of the River View cafe and Augmeer was a baker. A search is being made for the bodies.

FIRE IN MILLVALE AVENUE.

Two Dwellings and a Stable Destroyed.

Narrow Escape of Families.

The house at Millvale avenue and Jordan alley, owned and occupied by Mrs. Sarah Vickey, and that at No. 4705 Jordan alley, owned and occupied by Charles Duff, were gutted by fire about midnight last night. The Duff family lost nearly all their belongings. The Vickeys fared better, being able to save most of their household possessions. Both houses were two-story frame, with attics. The combined loss is about $3,000. A stable in the rear of the houses, ownel by William Miles, was burned with its contents, including a horse. Miles' loss is about $500.

The origin of the fire is unknown. The inmates of the house were rescued in a dazed condition.

CREASY GOT IN WITH BOOMERS OF MR. GUTHRIE

Went to a Dinner Innocently and Heard Victory Predicted.

"Farmer" W. T. Creasy, chairman of the state Democratic committee, found himself in a very embarrassing predicament last night. He came to Pittsburgh to meet Democratic leaders from ten of the western counties and talk with them about school district meetings in the coming campaign and to discuss arrangements for the state convention next month. All through the day he was so diplomatic that no word or act favoring this or that aspirant for the Democratic gubernatorial nomination was got from him.

Last evening, however, a program was sprung on him that caught him off his guard. After the afternoon conference at the Monongahela House Chairman Creasy and the others were invited to dine at the Hotel Henry. When Chairman Creasy responded to this invitation, supposing it to be an affair given in his honor, he found present a host of George W. Guthrie men.

J. J. Miller was master of ceremonies and opened things with a speech highly eulogistic of Mr. Guthrie. The Pittsburgh reformer was referred to as the next governor of Pennsylvania. Others spoke in the same vein. Attorney Austin Clark of Kittanning added tribute in Mr. Guthrie's behalf, as did J. Wood Clark of Indiana county, D. B. Harford of Beaver county, George H. Stengel, County Chairman Thomas B. Alcorn and others.

Mr. Guthrie was called upon and eloquently responded to the flowery compliments showered upon him. He stated that he was ready to lead the party to victory in the coming campaign and if elected would be the servant of the people of the state. He was warmly applauded.

Chairman Creasy listened to the speeches in a doubtful mood. He was finally called upon and, with manifest difficulty, endeavored to say some pleasant things concerning Mr. Guthrie without committing himself. He made no direct reference to Mr. Guthrie's candidacy, but predicted success next fall for the Democratic ticket.

AMNESTY IN CUBA MAY ONLY APPLY TO NATIVE AMERICANS

The House Reconsiders Bill for the Pardoning of Prisoners.

SCANDAL OVER MESSAGE

[ASSOCIATED PRESS CABLE TO THE GAZETTE.]

Havana, May 28.—The house of representatives has reconsidered the bill which provided amnesty for Americans under sentence or in jail in Cuba and has added an amendment which provides that amnesty be granted to native born Americans only. In this form the bill was sent to the senate. The purpose of the amendment is to exclude from the proposed amnesty those naturalized American citizens who might be released under the bill and who might still continue to reside in Cuba.

The house has voted to fix the salary of the president of the republic at $25,000 a year and that of members of congress at $3,000.

President Palma's message to congress was read today. Considerable scandal has arisen from the fact that this message was published by a local paper last night before it had been delivered to congress. Today the house passed a resolution to the effect that it considered the premature publication of the message a discourtesy on the part of President Palma.

The president is greatly irritated over the occurrence and has discharged one of his aids. Detectives have been put to work in an endeavor to learn how the message reached the newspaper that published it. A typewriter who was employed by the president has been taken into custody.

THREE HURT IN WRECK.

Two Passenger Trains Collide in a Tunnel on the Chartiers Branch.

CANONSBURG, PA., May 28.—(Special.)—Two passenger trains came together last night on the Chartiers branch in a head-on collision in the tunnel near Greers station. Three of the crew were bruised and cut by jumping, but none of the passengers was hurt. The injured are: William Magee, conductor; J. E. Whiteside, engineer; Steve Halpin, engineer.

Both trains were running slow. It is thought the wreck was caused by one of the operators making a mistake.

THREE BANKS AND TRUST COMPANY TO CONSOLIDATE

Mellon Interests in Control of Union Trust Company Merge Their Own, Citizens National and Union Savings Banks.

The greatest consolidation of banking interests that ever took place in Pittsburgh was concluded yesterday, when the directors of the Union Trust Company approved a plan to buy all of the capital stock of the Mellon banking interests, now familiarly known as T. Mellon & Sons. It is being reorganized as the Mellon National bank, with a capital of $1,000,000 and surplus in the same amount. The consolidation will also include the Citizens National bank and the Union Savings bank.

Under the terms of the agreement as outlined last night the Mellon interests purchased 3,000 shares of the Union Trust Company stock at $1,000 a share. It is also understood that 2,000 shares will be issued to them in exchange for the Mellon National bank securities. This will exhaust the new issue of 5,000 shares of the Union Trust Company stock and give the Mellons with their present holdings control of the stock. They formerly shared the control with H. C. Frick.

It is also announced that the Citizens National bank, control in which was recently purchased by Henry C. Frick, is to become an asset of the Union Trust Company. This may ultimately mean the liquidation of the Citizens bank, the affairs of which will be taken over by the Mellon National bank.

Surplus Greatly Increased.

On Tuesday the shareholders of the Union Trust Company approved the plan to increase the capitalization from $500,000 to $1,000,000 and the surplus from $1,500,000 to $6,000,000.

The Union Savings bank, to occupy banking quarters in the new Frick building, will also be an underlying interest of the Union Trust Company. The Union Savings bank will organize with a capital of $1,000,000 and a surplus of $1,000,000. Directors in all the organizations will be practically the same, Richard B. Mellon being added to the already strong directorate of the Union Trust Company.

All of the stock of the Mellon National bank goes to the Union Trust Company, except that the directors as a matter of legal formality, although mostly directors of the Union Trust Company, will each hold 10 shares in the Mellon National bank.

Statement Given Out.

The following statement was given out last night at the Union Trust Company house in Fourth avenue:

"Messrs. T. Mellon & Sons have taken out papers for entering the National Banking association as 'The Mellon National Bank of Pittsburgh,' with paid-up capital of $1,000,000 and additional cash surplus of $1,000,000.

"The management and policy of the institution as a national bank is to remain as at present with A. W. Mellon president, R. B. Mellon vice president, and Walter S. Mitchell cashier, and its location will remain as at present, No. 516 Smithfield street.

"Messrs. Mellon, who are already large owners of the stock of the Union Trust Company of Pittsburgh, have arranged to more closely identify the interests of the two institutions by selling to the Union Trust Company the capital stock of the Mellon National bank and taking in exchange stock of the Union Trust Company.

"The Union Trust Company will organize the Union Savings bank of Pittsburgh, Pa., with a paid-up capital stock of $1,000,000, and locate it in the Fifth avenue corner of the Frick building. H. C. McEldowney will be its president.

"The board of directors of the Mellon National bank and the Union Savings bank will be practically the same as the Union Trust Company.

Other Deals Mentioned.

"It is expected the Union Savings bank will be open for business about July 15.

"Thus three branches of the banking business will be owned and managed in complete harmony and cover the field of general banking to better advantage than can be done by a single institution in one branch or in one location.

"The Union Trust Company has purchased all the stock of H. C. Frick (being a controlling interest) in the Citizens National bank and has agreed to purchase the stock of all others desiring to sell at the same price as paid Mr. Frick, viz., $100 per share, if tendered within a reasonable time."

Another deal of similar proportions, reported yesterday in banking circles, is that the First National bank, with $750,000 capital, is to absorb the Mechanics National bank, with $500,000 capital. Each pays 8 per cent dividends.

Still another is a reported merger, scheduled for this fall, of the Fort Pitt National and the Fourth National with other banking interests. Directors would not discuss matters yesterday.

DOLAN LEADS STRIKERS.

Unsuccessful Effort Is Made to Persuade Miners to Quit Work at Blairsville.

BLAIRSVILLE, PA., May 28.—(Special.)—Pat Dolan this morning led a march on the Ray mine. The column was headed by Dolan and William Little, followed by a brass band and about 60 strikers and sympathizers. As each man came to work he was received with cheers and music and approached by Dolan and Little, who endeavored to cause the miners to refrain from entering the pit.

Almost 100 men were received in this manner, but not one yielded. The operators were all at the pit mouth while the marchers were present and say they will have all arrested on a charge of trespass in case they annoy them in the same way again. Injunctions have been prepared against the strikers and the sheriff will serve them tomorrow.

EVERY VOTE IS A TRIBUTE TO MR. HANNA

Ohio Republican Convention Gives Senator Great Ovation.

NEW KEYNOTE IN PLATFORM

Friendship for Cuba Not Ended When Our Troops Left the Island.

SPEECHES BY HANNA AND GEN. GROSVENOR

[BY ASSOCIATED PRESS TO THE GAZETTE.]

Cleveland, May 28.—The ticket:

Secretary of state—Lewis C. Laylin of Norwalk.

Judge of supreme court—William B. Crew of McConnellsville.

Food and dairy commissioner—Horace Ankeney of Xenia.

Member of the board of public works—William Kirtley, Jr., of Defiance.

The Republican state convention, which has been a continued ovation here all week to Senator Hanna, closed this evening, with a great demonstration in his honor to which he responded in a characteristic speech. The senator at former state conventions has sounded keynotes that were taken up by Republican glee clubs.

He told them today to sing "Keep Letting Well Enough Alone," in the campaign rallies this year.

The convention was distinguished for harmony in the chorus for Hanna in all that was done. One of the last reconciliations was that of Senator Hanna and ex-Gov. Asa S. Bushnell of Springfield. The latter had been here all week, but Bushnell and Hanna never spoke as they passed each other's quarters. They had not spoken since the memorable contest for the senatorship in 1897. Before going to the convention today they met in the most cordial manner. The delegates who "got them together" gave glowing reports around the convention hall of the way they were calling each other "Mark" and "Asa" again.

Hanna on Every Ballot.

The Hanna men won on all ballots but George B. Cox of Cincinnati supported none of the winners. In making up the state ticket Hanna and Cox were on opposing sides today, the same as in the contest for the organization of the legislature last January, but good feeling prevailed after the convention was over.

In accepting renomination at the head of the ticket, Secretary of State Laylin referred to the state convention at Zanesville in 1895, at which the so-called triple alliance was entered into that included Bushnell for governor, Foraker for senator and McKinley for president.

Secretary Laylin said they were equally united now for Senator Hanna to succeed himself, although not so distinctly positive in expressing preferences in advance for president and governor. After prayer by the Rev. M. O. Simons, pastor of the Unity church of this city, Gov. Nash, as the temporary chairman, called for reports. The reports of the committees on credentials, rules and order of business, as indicated in these dispatches last night, were submitted and adopted. The report making Gen. Charles H. Grosvenor permanent chairman and continuing the rest of the temporary organization was then adopted. When Gov. Nash presented Gen. Grosvenor the latter received quite an ovation.

Gen. Grosvenor was interrupted frequently by applause. When Gen. Dick, chairman of the committee on resolutions, was introduced he was loudly applauded. He read the resolutions with such effect that he was cheered as he proceeded, especially on the references to Roosevelt, Hanna, Foraker and Gov. Nash. On his motion, the resolutions were adopted as follows:

Eulogy on President McKinley.

The platform opens with a eulogy of the late President McKinley, then indorses the administration of Gov. Nash, the work of the Seventy-fifth general assembly, and the records of Senators Foraker and Hanna. Attention is called to the great prosperity of the country under Republican rule, and it is declared that Democratic success would endanger this condition. On the question of labor the platform says:

To secure for labor the consideration it deserves; to uphold the dignity of toil; to create a healthy public opinion on the subject of labor and the justice of its receiving a full share of the values it created; to bring labor and capital together on common ground in the adjustment of such questions as may concern these two great factors in production, it is necessary that labor should be intelligently organized. We believe in fewer hours and larger rewards for labor, and favor such laws as will harmonize the interests of labor and capital, and tend to lighten the burden of toil.

In our last declaration of principles we favored a renewal of the wise provisions by which the unrestricted immigration of Chinese has been prevented, and we now commend congress for re-enacting the Chinese exclusion law, thus insuring continued protection to American labor from Chinese immigration.

Favors Isthmian Canal.

The resolutions favor a continuation of the liberal pension policy inaugurated by the Republican party; advocate the extension of the postal rural free delivery service, recommend a substantial and uninterrupted increase in the strength of the navy, and urge legislation that will expedite the construction of the Isthmian canal.

We recognize the necessity of co-operation in order to meet new conditions in the industrial world, and, to compete successfully for the world's markets; but all combinations that stifle competition, control prices, limit production, or unduly increase profits or values, and especially when they raise the prices of the necessities of life, are opposed to public policy and should be repressed with a strong hand.

The Sherman anti-trust act, framed by a Republican statesman, passed by a Republi-

can congress and signed by a Republican president, has proved helpful in preventing abuses by such combinations, where such abuses were found to exist, and is now being vigorously applied by a Republican administration in the prosecution of unlawful combinations.

Reciprocity for Cuba.

We congratulate the new republic of Cuba upon the final fruition of the hopes and struggles of her people for freedom and independence. We welcome her to the family of nations. Furthermore we believe it is due alike to Cuba and to ourselves, that in accordance with the Republican principle of reciprocity, proper and reasonable trade concessions shall be made by our government to Cuba, in return for her concessions upon American products, as is to benefit the trade of both countries and to fully and generously carry out every obligation of our national honor, whether expressed or implied.

We congratulate the president and the army on the satisfactory progress made in the Philippines in suppressing insurrection and establishing order, and we unqualifiedly indorse the policy of our government in those islands. We will give these people better government, better schools, more civil and political rights and a higher civilization and broader freedom than is possible for them in any other way. Our flag is in the Philippines and there it will remain.

Must Stand by the Army.

The American army has taken up a work of establishing order and maintaining authority in the distant Philippines, and, while we deplore and severely condemn any instances of cruelty which may have occurred, we remember that our soldiers are fighting a barbarous and treacherous foe, who have often inflicted most inhuman and revolting atrocities upon their prisoners. It is the nation's army, drawn from every section of the country, knowing no politics or creed, but fighting the nation's battles under the nation's flag, and we resent with indignation recent Democratic efforts to drag its honor in the dust and to cast reproach on its fair name.

We proudly reaffirm our faith in all the great cardinal principles of the Republican party, and our allegiance to the declaration adopted by the last Republican national convention, and to the candidates nominated by this convention we pledge our loyal support.

A plank declaring anarchy closes the platform.

The name of Secretary of State L. C. Laylin was presented by Judge G. P. Thomas of Norwalk. Laylin was renominated without opposition, and made a speech of acceptance.

Only Two Ballots This Time.

For supreme judge the names of Judge J. M. Wood of Athens, Judge Augustus N. Summers of Springfield, Judge W. W. Savage of Wilmington, Judge George L. Phillips of Cleveland, W. O. Henderson of Columbus, Judge Jerome B. Burrows of Youngstown and Judge William B. Crew of McConnellsville were presented.

The long call of 88 counties continued through five ballots before Crew succeeded in securing enough ballots to win. The five ballots for supreme judge occupied more time than has been spent on any one nomination in Ohio for years. Savage, Phillips and Henderson withdrew after the third ballot.

For food and dairy commissioner the names of Edwin A. Batt of Cleveland, Frederick W. Herbst of Columbus and Horace Ankeney of Xenia were presented. On the second ballot Ankeney was nominated by receiving 493 votes.

For member of the board of public works the names of William Kirtley, Jr., of Defiance, Robert Leeding of Newark, John O'Conner of Dayton and W. J. McLean of Sidney were presented.

Kirtley was nominated on the first ballot as follows: Kirtley, 538; O'Conner, 93; Leeding, 26; McLean, 259.

Before the secretaries could announce the result of the last ballot there were loud and repeated calls for Senator Hanna, and the greatest demonstration of the convention occurred as he was being escorted to the platform. The convention had been in continuous session from 10 a. m. until almost 4 p. m., but the senator received the closest attention and appeared at his best in the most forcible delivery. He said:

I thank you most heartily for this cordial reception and congratulate you most heartily upon the success of this convention.

The candidates which you have nominated will receive the unanimous support of the Republicans of Ohio. We had a motto in the last convention, "Let well enough alone." I propose to offer an amendment to that; "Keep on letting well enough alone."

Last Democratic Card.

Of course as in all campaigns there are issues which the Democratic party are trying to make for us on national questions. They have talked in the halls of congress for days and weeks upon a question which the Republicans of the United States settled last year, but we can pardon them, for it is all they have left. But, how are they making their issue? Standing before the American people and proclaiming that the policy of President McKinley was wrong—morally wrong. Why, Republicans of Ohio, I blush to have to say that it seems to me almost an insult to his memory that such things could be said upon the floor of the United States senate against a man whom, not only the Republicans of Ohio, but the Republicans of the nation worship. Shame upon a party that will attempt to bring that name into discrepute and dishonor through his policies inaugurated, as they were, in the interest of humanity.

A new era is dawning upon this country. Our great development has reached a point that has placed us in the front rank of nations, not only by the power and weight of our affairs, but finally because we have become the greatest manufacturing and industrial nation of the world. The development is a natural consequence of the evolutions that are going on. Labor and capital are approaching each other in the proper spirit.

Our prospects are bright and we have entered upon this contest full of hope because we are right and we will get there.

At the conclusion of Senator Hanna's speech there was another demonstration.

After the adoption of the eagle as the party emblem the state committee was authorized to fill all vacancies and the convention adjourned.

BAILEY MEN WIN.

Strong Roosevelt Sentiment the Feature of the Kansas State Republican Convention.

WICHITA, KAN., May 28.—The Republican state convention tonight nominated the following ticket:

Governor—Former Congressman W. J. Bailey, Batleyville.

Lieutenant governor—D. J. Hanna, Hill City.

Secretary of state—Joseph R. Burrow, Smith Center.

Auditor—Seth G. Wells, Erie.

Supreme justices, six-year term—H. S. Mason, Garden City; J. C. Polleck, Arkansas City; A. L. Greene, Newton.

Supreme justice, four-year term—A. H. Ellis, Beloit.

Supreme justice, two-year term—F. W. Cunningham, Emporia.

Congressmen-at-large—C. S. Scott, Iola.

The feature of the convention was the strong Roosevelt sentiment. The friends of Bailey controlled the convention. The platform warmly indorses the national administration.

AMERICA HONORS THE MEMORY OF LORD PAUNCEFOTE

Imposing Funeral of the Late Ambassador Held in Washington.

AMERICA IS REPRESENTED

Officials of All Departments Attend the Services, Which Are Conducted by Bishop Mackay-Smith—Magnificent Floral Tributes.

[BY ASSOCIATED PRESS TO THE GAZETTE.]

Washington, D. C., May 28.—The remains of the late Lord Pauncefote, British ambassador to Washington, today were accorded a national funeral. Every department of the national government was represented and the numerous diplomatic body, of which for so many years the late Lord Pauncefote was dean, was present in the persons of ambassadors, ministers and charges. In addition to these the resident society of the capital was fully represented. The presence of a thousand men in arms was the visible sign of military participation in the funeral. The church of which the deceased was a member did honor to his memory by bringing to Washington to conduct the services the coadjutor bishop of Philadelphia, the Rev. Mackay-Smith.

Soon after 10 o'clock this morning the sound of marching feet and the slow notes of funeral music gave notice of the approach of the funeral escort. This was composed of the second squadron of the Second cavalry and the cavalry band, the latter mounted on white horses; the Fourth field battery, the Third battalion of United States Engineers and band, and a battalion of United States marines and band. The pall-bearers were Herr von Holleben, the German ambassador; M. Jules Cambon, the French ambassador; Comte Cassini, the Russian ambassador; Senor Don Manuel de Aspiroz, the Mexican ambassador; Secretary Hay, Speaker Henderson and Senator Orville H. Platt, the acting president pro tem of the senate.

With little delay the casket was lifted by six marines and as many engineers and borne through the arching porte cochere to the hearse.

The body of the church had been completely filled before the procession arrived. President Roosevelt had the place of honor at the right of the central pew. With him sat Mr. Raikes, the British charge, and for this special occasion the personal representative of King Edward VII. On his left sat Capt. Bell, representing the Dominion of Canada, by special designation. Lady Pauncefote and her three daughters, the Hon. Sybil, Audrey and Maud, and the ambassadors, were placed in pews to the left.

The services at St. John's church in their general contour were very similar to those which marked the memorial services held at that church in honor of the late Queen Victoria. The large choir of 40 men and boys took part in the service at Lady Pauncefote's request and the three hymns sung in the body of the service also were of her personal selection.

The bishop, a splendid figure in his white vestments, advanced to the front of the chancel, and, standing above the casket, pronounced the last words that will be spoken over the remains before their interment at the ancestral home at Preston, England. As the solemn words, "Man that is born of woman is cut down like a flower" and "In the midst of life we are in death," were spoken, the church presented a most beautiful and impressive picture.

The entire chancel was filled with magnificent floral tributes, vast wreaths of the rarest orchids and lilies of the valley. On the casket, which was draped with a time-worn union jack, lay a spray of magnificent lilies of the valley and orchids, the personal token of King Edward VII.

KILLED IN THE STREET.

Train on Liberty Avenue Runs Down and Mangles an Unknown.

An unknown man was found dead on Liberty avenue, near Fourth avenue, at 11 o'clock last night. His body was taken to the morgue. He had been run over by a train and horribly mangled. A brakeman found him, but none of the crew had seen him struck.

The man was about 60 years old and 5 feet, 10 inches tall. He wore a goatee and had tattooed on his arm B. F. D., two women's heads, an eagle and ship and an eagle on his breast. He had a bunch of keys and a pair of spectacles in his pockets.

PELEE'S BREATH IS STILL VICTOR

Continued from First Page.

and awful lightning flashed with alarming frequence. The bolts followed distinct paths of ignition, but were different from lightning in that the bolts were horizontal and not perpendicular. This is indisputable evidence of the explosive oxidation of the gases after they left the crater. This is a most important observation and explains, in part, the awful catastrophe. This phenomenon is entirely new in volcanic history.

"I took many photographs, but do not hesitate to acknowledge that I was terrified. But I was not the only person so frightened. Two newspaper correspondents, who were close to Morne Rouge some hours before me, became scared, ran three miles down the mountain and hastened into Fort de France.

"The people on the north end of the island are terrified and are fleeing with their cattle and effects. I spent Tuesday night in a house at Leux Choux with a crowd of 200 frightened refugees.

Phenomena New to Science.

"Nearly all the phenomena of these volcanic outbreaks are new to science, and many of them have not yet been explained. The volcano is still intensely active and I cannot make any predictions as to what it will do."

The story by Messrs. Hern and Clere is also quite interesting. Mr. Clere says:

"Mr. Kennan and his party have been with me. We got around the mountain and reached the new crater not far from Ajoupa Bouillon. We discovered that it had broken out at the very head of the river Palaise and about 200 yards from the high road. Our party rode directly to the edge of the crater, as it was then quiescent. We saw that a great slice of the mountain had fallen, leaving exposed a perpendicular cliff. In this cliff were five huge tunnels, which were not smoking. The crater is a great sloping oval depression from which smoke issues as it does from the great crater with the exception that here and there were few ashes in the smoke.

River Boiling Hot.

The river Palaise is boiling hot an so muddy that one quart of water weighed four pounds. Volcanic stones of the nature of pumice float in this water.

"Mr. Kennan witnessed the explosion of Monday night and was much interested in the phenomena. The explosion was accompanied at intervals by bright light which lasted for half an hour at a time. This light was steady and illuminated the entire mountain top. Prof. Hill says he did not see this light. I left Mr. Kennan and his party in good health and in safety. They seemed to be in no hurry to come back to Fort de France."

The British cruiser Indefatigable arrived here this morning to make another attempt to recover the body of the British consul at St. Pierre, Mr. Jepp, and the archives of the consulate. With this end in view the British cruiser proceeded this afternoon from St. Pierre, but the explosion of this morning has probably made it impossible to effect a landing there.

So many people have left Fort de France that the town is almost empty.

Alleghenian Holds the Money.

NEW HAVEN, CONN., May 28.—The annual election of the Yale club was held tonight. Robert McCormick of Chicago, 1903, was elected president. The other officers were: Vice president, G. F. Spencer, 1903, Watertown, N. Y.; secretary, Thomas D. Thatcher, 1903, New York city; treasurer, J. F. Byers, 1904, Allegheny, Pa.; assistant treasurer, S. C. Baldwin, Honolulu.

PREPARING TO BUILD NEW TRACTION LINE

Rights of Way Were Secured Between McKees Rocks and Coraopolis.

For the past few days a party of real estate men, under the direction of W. H. Klein of Allegheny, has been engaged in securing rights of way for a new street car line from McKees Rocks to Coraopolis. This part of the work has been almost completed. It is said that this line will be a part of the system to be built from this city to Cleveland.

The new line, according to the present plans, will begin at the junction of the McCoy road and island avenue in Stowe township. It will follow the road to the Struthers school house. From there it proceeds along the Middletown road to the Pittsburgh & Moon Run railroad, whose tracks it will parallel. At Brightwood hill it leaves the railroad and runs along a township road, through Ivanhoe and Montour to Coraopolis.

The new line will be known as the McKees Rocks & Coraopolis Railways Company. Dr. W. L. Harrington, who granted the company a right of way through his property in Stowe township, stated last night that the work of construction will begin in a short time and that R. R. Quay is the chief promoter of the company. He also stated that the work will begin at the Coraopolis end of the line.

Another new line will be constructed from Coraopolis to Monaca, to connect with the Beaver Traction Company's road at that place.

OFFICERS ELECTED.

O. H. Rosenbaum of Pittsburgh Is Treasurer of the National Conference of Jewish Charities.

[BY ASSOCIATED PRESS TO THE GAZETTE.]

DETROIT, May 28.—Cyrus Sulzberger of New York painted such a vivid word picture of the ghetto in New York before the National Conference of Jewish Charities today, that when he finished his appeal for aid in removing the poor Jews from the ghettos to the country districts, there was scarcely a dry eye among those present in temple Beth El.

"We don't appeal for finances," said Mr. Sulzberger, "New York can take care of that. We want the hygienic and moral condition relieved."

Mr. Sulzberger favored taking them out of the ghetto by force if necessary.

This afternoon the following officers were elected: President, Max Herzberg, Philadelphia; vice president, Mrs. S. Pisko, Denver; second vice president, Nathan Bijur, New York; secretary, Miss Hanna Marks, Cincinnati; treasurer, O. H. Rosenbaum, Pittsburgh.

An invitation to hold the next bi-ennial conference in St. Louis was referred to the executive board. The conference closed tonight with a paper by Rabbi Moses Gries of Cleveland, on "Settlement Work Among the Jews."

THE WEATHER.

Fair weather and a rising temperature is the forecast of the United States weather bureau for Pittsburgh today. Neither rain nor frost is predicted in the Washington, D. C., report, sent out last night, and it is fair to presume that the backbone of the cold wave has been broken. Yesterday was the coldest day for the date in the past 10 years, and only in '02, '94 and '96 has Pittsburgh experienced such low temperature for the date. Since 1880 Decoration day has been wet 13 times and dry eight times.

COAL COMPANIES SECURE DEPUTIES TO GUARD MINES

Strike of Engineers, Pumpmen and Firemen Considered a Certainty.

CHANCE OF ARBITRATION

Frank P. Sargent Says Civic Federation Has Not Given Up Hope. Thinks Bituminous Miners Will Become Involved in the Struggle.

[SPECIAL TELEGRAM TO THE GAZETTE.]

Pottsville, Pa., May 28.—The coal companies are gathering an army of special policemen to protect their property in the event of a conflict next Monday. The Philadelphia and Reading Company had 125 policemen sworn in today. These will supplement its regular force of 50 policemen.

It is now known that a strike of the pumpmen, engineers and firemen is inevitable. The St. Clair Coal Company and the Gluck Mountain Coal Company also had commissions issued at the court house today to a number of special policemen. The Lehigh Valley Coal Company and the Pennsylvania Company will each have 50 policemen sworn in before the end of the week and a score of other companies will take similar action.

This movement of the companies has been adopted because the county authorities will not take any steps to guard the property of the corporations until violence actually begins. Sheriff Beddal says he will respond to all calls to preserve the peace and protect life and property, but these calls must come to him through the regular channels, after it has been demonstrated that his interference is necessary.

WILKESBARRE, PA., May 28.—The officers of the United Mine Workers' assemblies of this city held a meeting today and reports were received from committees appointed to interview the engineers, firemen and pumpmen employed at the various collieries in this city and vicinity. These reports show that very few firemen and pumpmen were found unwilling to join the striking miners next Monday unless they were granted an eight-hour day.

ST. LOUIS, May 28.—Frank P. Sargent, member of the national board of arbitration, is in St. Louis. Mr. Sargent is of the opinion that if the strike of anthracite miners shall not be settled within the next eight or ten days there probably will be a sympathy strike in the bituminous fields.

"The individual members of the national board of arbitration are using their best efforts to bring about a settlement of the strike," said Mr. Sargent. "I am of the opinion that if the strike shall not be settled within the next eight or ten days, miners in the bituminous fields will be asked to go out in sympathy for their eastern brethren. A convention of bituminous miners to decide what action to take in the matter is under contemplation, but the date of the meeting or place has not yet been decided upon. Should a sympathy strike be decided upon, probably as many as 450,000 miners in the bituminous fields would go out."

SCRANTON, PA., May 28.—Three hundred pump runners, firemen and engineers employed at Delaware, Lackawanna & Western, Delaware & Hudson and Ontario & Western collieries met this morning in St. David's hall, West Scranton, and voted to make a formal request on the executive officers of the United Mine Workers to withdraw the order calling them out next Monday.

Can You Play Any Music? The Angelus Piano Player Can

No one need be surprised at the rapid development of the public taste for good music, for the Angelus Piano Player enables every family to have the finest music all the time.

Just think how much better this is than being dependent on some little group of players to provide music for special occasions. By means of the Angelus you can have the heaviest overtures, and the lightest melodies—as many times every day as you wish.

The Angelus is a small cabinet which is moved in front of the piano. The person operating it simply works the pedals and governs the expression by means of stops which indicate just what he should do. There is nothing complicated in the matter—on the contrary, children can use the Angelus with surprising results. Experience is not necessary.

The Angelus plays any make of piano.

Paine's Celery Compound

Will Secure For You the Health That Other Medicines Cannot Give.

IT STANDS FIRST AND HIGHEST IN PUBLIC ESTIMATION.

The Use of One Bottle Convinces the Skeptic and Unbeliever.

The tone, character and quality of the testimonials published in favor of Paine's Celery Compound have firmly established its position in the homes of all intelligent and thoughtful people.

Paine's Celery Compound has always appealed to the sick and suffering with honest statements and solid facts. Some doctors—with honest purpose—have taken the trouble to write to, and in many cases have interviewed the writers of published testimonials. In every case they have been thoroughly satisfied and convinced that Paine's Celery Compound effected cures that were marvelous, astonishing and happy.

Paine's Celery Compound claims a field not successfully filled by any other remedy known to medical science. It is the medicine on which the poor, disappointed sufferer can rely after all other medicines fail, when doctors give the patient up as incurable.

To the weak, debilitated, nervous, broken down and despondent, Paine's Celery Compound gives a new and joyous existence. It strengthens the digestive powers, renews the blood, and acts in the vitalizing, curative, thorough manner that makes it the grandest help to suffering men and women that the world of medicine affords. The best test that can be applied to Paine's Celery Compound is to use it.

A NEW NOVEL BY
Booth Tarkington
AUTHOR OF "THE GENTLEMAN FROM INDIANA" AND "MONSIEUR BEAUCAIRE," ENTITLED
THE TWO VANREVELS

Mr. Tarkington's new work is a beautiful and romantic love story dealing with life in Indiana at the time of the Mexican War. It is a tale of love thwarted but triumphant, of gallant men and beautiful women. The whole book brings in an atmosphere of wholesome delight and expresses perhaps the happiest period of the Middle West, when the rigors of the ruder pioneer life had passed away and the people were still untouched by the progressive commercial spirit that came later with the railroads.

FRENCH VISITORS WINED AND DINED BY GOTHAM MAYOR

Navy Yard Grant's Tomb and Columbia College Visited During Morning.

RECEPTION ON GAULOIS

Several Hundred People Spend a Pleasant Hour on the Battleship. Buffet Lunch Is Served on the Quarter Deck.

[ASSOCIATED PRESS CABLE TO THE GAZETTE.]

New York, May 28.—Gen. Brugere and Vice Admiral Fournier of the French special mission made an official visit today to Rear Admiral Barker at the navy yard. From this visit they returned to their hotel, where they rejoined the Count de Rochambeau and others of the party, and, accompanied by Mayor Low, went to Columbia university. There the visitors were received by 158 students, who cheered them as they entered the university gates. The guests were welcomed by President Butler, who conducted them on a tour of inspection through the university.

From Columbia the party proceeded to Grant's tomb, where a stop of about 10 minutes was made, then repaired to the Claremont to attend a breakfast given by the mayor.

The guests at the breakfast were received by Mrs. Low. The French army officers were in fatigue uniform, while those of the French navy were in full dress. At the table of honor sat Mayor Low, and on his right was Mme. Cambon, wife of the French ambassador, and on the left the Countess de Rochambeau. The other guests at the mayor's table were Mrs. Low, who sat opposite the mayor, with Gen. Brugere on her right and Vice Admiral Fornier on her left; the Comte de Rochambeau, Gen. de Chalendar, Mr. Brukaert, Admiral Coghland, M. Croiset, Morris K. Jesup, Lyman J. Gage, Rear Admiral Higginson, Capt. Mahan, the Comte de Lafayette, Mme. de Margerie, wife of the councillor of the French embassy, former Gov. Levi P. Morten, Third Assistant Secretary of State H. H. D. Peirce, Mrs. Peirce, Gen. Horace Porter, United States Ambassador to France; Whitelaw Reid and Mrs. Reid, Corporation Counsel G. L. Rives, Lieut.-Col. de Saint Marc, Benjamin F. Tracy and Mme. Vignal.

Mayor Low invited his guests to drink to President Loubet of France. This toast was drunk standing. Then Mr. Low proposed a toast to Gen. Brugere and his party.

"We appreciate very highly the compliment paid to us by the French people in understanding how thoroughly we are in sympathy with them," said the mayor.

Gen. Brugere thanked the mayor briefly. He referred to "the grand and enthusiastic reception the French delegation have received in this city and country," and said they would take home with them memories that would take a long time to obliterate." He ended by proposing a toast of the mayor and the city.

Vice Admiral Fournier proposed "The ladies," in a speech which was frequently applauded. He said that the women were the flowers of France, and that the American women were the crowning glory of this vigorous and progressive nation. At the close of the breakfast the Count de Rochambeau and the others of the party returned to their hotel.

Admiral Fournier and Gen. Brugere gave a reception from 4 to 6 o'clock in the afternoon on board the Gaulois. The guests, who numbered several hundred, were transferred from the pier to the French warship in the launch of that vessel and the launches of the United States warships Olympia and Kearsarge. A buffet luncheon was served on the quarter deck.

BOROUGHS ASKED TO HELP THE FUND

CHAIRMAN CARR WANTS THEM TO ASSIST PITTSBURGH'S FOURTH.

Committee on Stands Will This Morning Determine How Many Are to Be Provided For—Fine Program of Sports Being Arranged.

The burgesses of the several boroughs in Allegheny county have been asked to assist in raising funds for the Greater Pittsburgh Fourth of July celebration by Chairman William A. Carr of the finance committee. Yesterday he sent to the official heads of the 45 boroughs a copy of the letter which has been scattered through the city. Only $3,500 had been received by Chairman Carr up until yesterday afternoon. It is estimated that $25,000 will be needed to defray expenses.

The committee on stands will meet with Director J. Guy McCandless this morning. This committee is headed by D. L. Gilespie as chairman. The committee has decided that no stands will be erected along the line of the parade. It was thought that some revenue could be derived from these stands, but the history of former ventures of this kind is that the promoters lost money. Permits will be issued, however, for stands to property owners who may desire to erect on their own property.

Director McCandless is having plans prepared for the speakers' stand, but it is probable they will be revised as the committee thinks a stand should be constructed that will accommodate 1,500 or 2,000 people. That planned by the director would not accommodate that number.

The committee on amusements wants a "Wild West" show, and will have no trouble getting one. A tight rope walker will promenade along the tight rope stretched across Panther hollow. There will be several balloon ascensions with parachute descents. Mlle. Zeno, who has made many ascensions in Schenley park, will be engaged for the day. There will be a program of sports—all sorts of races, trials of strength, skill and endurance, and everything that goes to make up a fine sporting program. Not among the least of these will be ball games.

A reception committee, to be appointed later, will have charge of President Roosevelt, while he is in the city. It is said the president has already expressed a wish to view the fireworks in the evening, and it is probable that he will not leave Pittsburgh until late on the night of the Fourth. Little is known as to the personnel of the party that will accompany him from Washington, but it will likely include Congressman John Dalzell and Senators Quay and Penrose.

John B. Barbour, Jr., chairman of the committee on fireworks, is working with representatives of various fireworks concerns that are anxious to get some of the $10,000 appropriated for fireworks.

SMALLPOX SPREAD IS CAUSING ALARM

DEPARTMENT OF PUBLIC SAFETY ISSUES PROCLAMATION.

Unless Vaccination Rules Are More Closely Observed House to House Canvass Will Be Made by Bureau of Health Physicians.

The spreading of smallpox in this city has reached an alarming stage. Not since the epidemic in 1870 have there been so many cases of smallpox as at present. Sixty-five patients are at the Municipal hospital and 53 of these have been admitted this month. During this week 13 cases were taken there.

Yesterday Director A. H. Leslie of the department of public safety issued a proclamation requesting all persons who have never been vaccinated to have it done at once. He said if there was a disposition on the part of the citizens to disregard this warning he would order his health officers to make a house-to-house canvass and vaccinate those who could not show a fresh mark.

Director Leslie, City Physician B. A. Booth and Superintendent of the Bureau of Health A. J. Pitcairn had a conference yesterday afternoon. As a result of the conference Director Leslie ordered Supt. Pitcairn to issue the proclamation. Two more cases, a white man and a colored woman, were sent to the hospital yesterday.

When seen by The Gazette reporter Director Leslie said he considered the present situation alarming. He said that instead of the disease dying out it is increasing every day.

All Classes Affected.

At first the smallpox was confined to the colored element of the city. This was due to the number of cases breaking out in the railroad camps. Now the disease is spreading among the white people. In fact, several members of well-to-do families are in the Municipal hospital now. The following is the proclamation issued by Supt. Pitcairn:

PITTSBURGH, PA., May 28, 1902.

For more than three years smallpox has been more widely prevalent than since the seventies. During the past three years, and especially during the past year, railway building and manufacturing developments have drawn large numbers of manual laborers both into the city and boroughs, and even rural regions of the county. Many of these have come from the south, where the disease was first widely prevalent, and where vaccination is almost totally neglected by a large element of the population.

The result has been the introduction of this dread disease, not only into the city itself, but into the villages and rural regions, in the vicinity of the city, where there is often no active health authority. In consequence, the disease has become widely prevalent in our vicinity. This fact is known in many ways, but may be appreciated by any one who notes the increased number of pitted faces met with on the streets of the city.

Started Outside of City.

As not more than six white persons have been discharged from the city hospital in this condition, it is an easy inference that the most of such persons have come from the surrounding population. Under these circumstances there is a continual fresh introduction of the disease within the city limits. Persons who have not been protected against it by vaccination are likely to be exposed at any moment. They must take it for granted that, under existing conditions, it is a mere matter of choice between vaccination and smallpox, and if they are unwilling to undergo one, they may expect to suffer from the other.

All persons who have not been vaccinated within the past three years are advised to attend to the matter at once. It should be borne in mind that only successful vaccination is of value. Persons who occupy houses inhabited also by persons of another family are advised to urge all inmates of the same house and to neglect vaccination, in order that they may not themselves be subjected to the inconvenience of quarantine. Employers who have not as yet given such orders are advised to insist on vaccination among their employees.

A. J. PITCAIRN,
Superintendent of Bureau of Health.
B. A. BOOTH, City Physician.

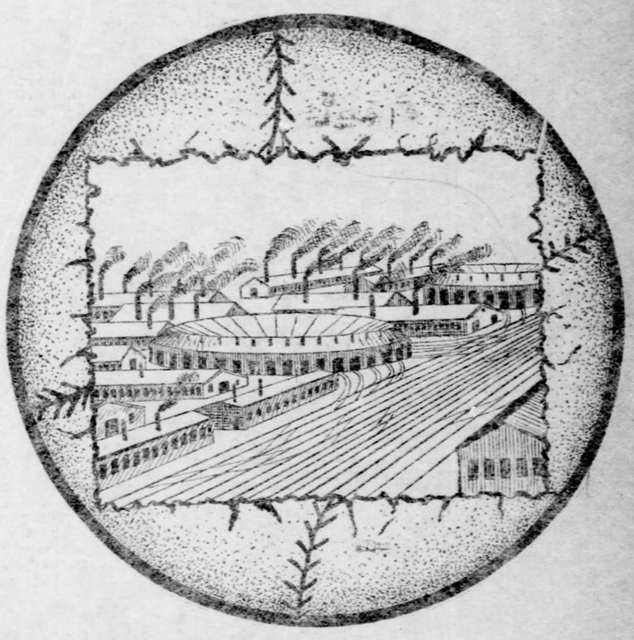
WEST PARK LOTS

Make another great "hit" that will send them up in the field of increasing value. The new Panhandle shops to be built adjoining West Park on the Scully and Nettie McKee Graham farms will give employment to hundreds of workmen, for whom West Park will be the most convenient place to live.

GRAND SALE DECORATION DAY

At New Plan, West Park Addition No. 2.



The new Ft. Pitt Malleable & Grey Iron Works and McKay & Co.'s great new chain works will employ another thousand workmen. It doesn't require observant eyes to see the industrial expansion adjoining WEST PARK, nor the long-headed to figure out the future of West Park Real Estate. Property in McKees Rocks, scarcely any distance from West Park, was sold recently at $200 to $355 a foot. Think of the difference between $200 a foot and $15 a foot! Any investor will understand that it won't take Broadway property in West Park long to go up to $200, or even $355 a foot. None of the McKees Rocks frontage is equal to it, and none is on as fine a street.

Points in Favor of West Park Lots.

West Park is surrounded by beautiful scenery.
West Park houses are all new and modern.
West Park has a perfect sewerage system.
West Park has water and gas.
West Park has fire plugs and arc lights.
West Park has 7 miles of streets.
West Park is beyond the reach of floods.
West Park is not in the smoke district.
West Park is not on a hill top.
West Park has beautiful streets.
West Park is within P. & L. E. calling limits.
West Park has rapid transit service.
West Park is only 24 minutes from Market Street, Pittsburgh.
West Park has wide paved streets.

Broadway, West Park.

Broadway is the chief thoroughfare of West Park.
Broadway is over a mile in length.
Broadway is practically without a curve.
Broadway is paved and lighted.
Broadway is the coming business avenue.
Broadway is a popular boulevard.
Broadway is the outlet for a vast country.
Broadway is being built up rapidly.
Broadway is the place to locate stores.
Broadway is perfectly level its entire length.
Broadway is the ideal street of a great city.
Broadway is lined with fine structures.
Broadway is not all ups and downs.
Broadway is the Highland avenue of a new metropolis.

TAKE CARS FOR WEST PARK FOOT OF FIFTH AVENUE

Cars marked West Park run to and over the Property, start in the city from the foot of Fifth Avenue. You can get aboard on Fifth Avenue, Liberty Street, Fifth Street, Penn Avenue, Point Bridge, West Carson Street or in McKees Rocks on Chartiers Avenue.

Or you can take the regular Chartiers Avenue, Island Avenue or Coraopolis Cars and get transfer.

All cars leave at same terminus, Market Street and Fifth Avenue. Schedule time to the property from Market Street and Fifth Avenue is 24 minutes.

Free Tickets for Return Trip are now being distributed at City Office, 417 Fourth Avenue, opposite Pittsburgh Postoffice.

THE NEW INDUSTRIES BEING BUILT.

Flattering conditions not dreamed of at last sale now exist to enhance property values as they have not grown since the exciting deals which sent Squirrel Hill real estate up until it yielded a crop of millionaires.

What are these conditions? Wait! We will tell you.

Most of the ten largest industries, with capital invested running into millions and millions of dollars, are increasing the magnitude of their plants to an extent that would be ample to support a city of three times the population of McKees Rocks.

West Park is in the very heart of McKees Rocks, with the town built up solidly all around it.

Lots will go in this Coming Great Sale at **$50 to $500**

TITLE GUARANTEED BY THE FIDELITY TITLE AND TRUST COMPANY. CAPITAL, $1,000,000

WEST PARK WITHIN P. & L. E. CALLING LIMITS

The P. & L. E. R. R. Company is building another immense round house and paint shop. It has planned to spend $2,000,000 in improvements. These will include a four track roadway to Youngstown, and the number of names on the P. & L. E. local payroll will be increased to 3,000 men.

As these 3,000 men will report for duty near the property (West Park being within the P. & L. E. calling limits, where call boys from the dispatcher's office can reach any part of the plan within five to eight minutes) there will be no more attractive place to them for a home than this beautiful new residence district.

THOUSANDS OF FAMILIES WILL WANT HOMES.

The ingress alone of the railroad men into West Park will bring at least 1,500 families or an increased population of between 4,000 and 5,000.

Then there are the new Southern Traction Barns. These will bring 800 men, or fully 300 families.

The remarkable expansion of the Pressed Steel Car Works, American Bridge Works, Crucible Steel Works, United States Steel Corporation's mills, Lockhart Iron & Steel Works, Kidd Bros. & Berger's Steel & Wire Co.'s Works, will, it is authoritatively estimated, result in attracting not less than another 1,000 families to West Park.

THE SLASHER IS NOW WORKING IN ALLEGHENY

A Mysterious Destroyer of House Furnishings Visits Two North Side Homes.

DESTRUCTION IS WANTON

Curtains, Carpets, Coats and Hats Show Traces of the Vandal's Handiwork—Same Marauder Who Visited Pittsburgh Last Week.

"Jack the Slasher" is still at work. This mysterious person, or gang of persons, visited Allegheny Tuesday night and destroyed about $1,500 worth of furniture in two homes. The police of both cities are working on the case, but so far have been unable to discover the slightest clew to the identity of the marauders.

Some time during the dark hours after Tuesday midnight the destroyer entered the home of Dr. Francis X. Straessley, No. 631 Washington street, and destroyed almost every piece of furniture on the first floor. Entrance was had through a side window in the dining-room. In this room the leather seats of every chair were cut, the portiers slashed and the lace curtains on the windows entirely ruined.

A few chairs in the hallway having leather seats were also slashed. Then the vandal visited the parlor and cut the seats and backs of all the upholstered furniture in the room. Several pillows on a lounge were slashed so as to ruin them. These contents were scattered about the room and taken across the hall to the doctor's office and also deposited there. In the office the physician's large chair, which is leather-covered, was cut to pieces, and even the carpet was slit.

Hats and Coats Ruined.

In the hall there is a hat rack, on which were hanging two or three hats and an overcoat. The hats were slashed past wearing and Dr. Straessley's overcoat was cut in each sleeve and down the back, making it more fit for shoe cloths than an overcoat. No person in the house heard a sound during the night. The doctor's driver brought the first intelligence of the havoc below stairs. At first the family thought it was the action of some person who had a grudge against Dr. Straessley, but when it learned that the family of Jacob Schoenfeldt at No. 703 Washington street had suffered in the same manner they were completely mystified as to any cause for the devastation, save destructive insanity or pure devilishness.

In the Schoenfeldt home, which is next door to Dr. Straessley's residence, the marauder climbed in through a dining-room window. He cut the seats of a dozen chairs in that room, destroyed the lace curtains and then crossed the hall to the parlor, a great double room furnished handsomely with fine upholstered chairs and couches. Every piece of furniture, some 10 or 12 in all, was ruined.

Drapery and Coverings Cut.

Even the drapery on the mantel was slashed past further use. The cover of a grand piano was cut to pieces so that it cannot be of no further use. In crossing from the dining-room to the parlor the "slasher" could not miss the hat rack. Overcoats and hats were slashed, and even the hat rack, which was leather-covered, was ruined.

The similarity shown in the way of working this destruction convinces the police of both cities that the same marauder who operated in Pittsburgh on the three previous nights was the one who worked in Allegheny Tuesday night. At none of the places visited has anything been stolen, and this fact but adds to the mystery. However, at the Schoenfeldt home a fine clock which stood in the dining-room was taken out of doors and smashed to a thousand pieces.

All about the two Allegheny houses were bits of food, seeming to indicate the presence of a dog which had run about eating and dropping food here and there as it ran. The ice chest and closets at Schoenfeldt's were ransacked, and the marauder evidently fed himself as well as his canine companion.

Is a First Floor Worker.

This midnight prowler has never ventured above the first floor, so far as leaving any trace is concerned. In the Schoenfeldt home the library is on the second floor, containing much upholstered furniture and many pillows. None of these were touched, and the family feels sure that if the "slasher" was in the room he could not resist cutting things to some extent at least.

The first appearance of this prowler was in the Lawrenceville district. He entered four houses and did acts similar to those just described. The next night he visited two Bluff street homes, following the same plan of action. Both times there were evidences of a canine companion. Monday night he operated in the Eighteenth ward, where he entered homes on Carnegie avenue, cutting and destroying everything he could reach.

In all it is estimated that the "slasher" has done several thousand dollars' worth of damage, all without any reason a sane person could discover.

Work of a Lunatic or Fiend.

Many people think the depredations are the work of an insane man, afflicted like a Kleptomaniac. Others believe the "slasher" is simply some man afflicted with a devilish temper, who finds enjoyment in destroying property. Still others have suggested that he might be an upholsterer out of a job, who hoped to reap some benefit by the destruction he wrought.

While at work in the Schoenfeldt home the mysterious destroyer lighted nearly every gas jet on the lower floor, brilliantly illuminating the house, and left them burning. No explanation has yet been given as to why the Allegheny policeman on this beat failed to notice this unusual lighting of a residence after midnight.

FOR STATE CONVENTION.

Local Endeavorers Prepare to Entertain 10,000 Delegates in July.

Arrangements for the state convention of the Christian Endeavor union, which convenes here July 8-12 next, are now almost completed. The members of the finance committee state that they are getting encouraging donations for the work. It will take in the neighborhood of $8,000 for expenses.

The Rev. C. F. Wiles, chairman of the reception committee, is sparing no effort to make things comfortable for the delegates. Miss Margaret King, secretary of the Allegheny County union, has been elected secretary of the reception committee. Mr. Wiles states about 10,000 delegates will be in this city during convention week.

To Correct a Wrong Impression.

The managers of the Sevickley Fresh Air Home wish it emphasized that they have no women soliciting contributions for them in Pittsburgh. There has been a misunderstanding about the matter and consequently the managers make this statement.

STOCK COMPANY TO BE FORMED IN SHORT TIME

Will Take Over St. Petersburg's Traction System and Reconstruct It.

CAPITAL OF $50,000,000

Report Is That Franchises Murray A. Verner and H. Sellers McKee Are After Will All Be Granted Within a Week.

Murry A. Verner and H. Sellers McKee of Pittsburgh have partially arranged for the organization of a stock company which, at the equivalent of 100,000,000 roubles, is to take over and reconstruct as an electric system the traction lines of St. Petersburg, Russia. The necessary grants have been passed by the railway commission at St. Petersburg, one of them passing all departments of the government. All the grants will now have to go through the councils of St. Petersburg and subsequently through the various government departments. A special dispatch to The Gazette from New York last night says:

"It was authoritatively announced today that, barring accidents, a deal will be closed this week whereby American interests will come into possession of a traction franchise covering the whole of St. Petersburg, Russia. At present only two Americans are engaged therein—H. S. McKee and M. A. Verner, both millionaires of Pittsburgh.

Big Stock Company to Be Formed.

"A gentleman who is familiar with the transaction said today that considerable opposition of one kind or another was encountered, but that it was now overcome and eliminated, and there is every reason to believe that the papers will be signed this week. As soon as the deal is formally concluded Messrs. McKee and Verner will organize a stock company to operate under the franchise. It has been stated that this new company will probably be capitalized at $50,000,000, but any estimate is necessarily premature at this time, for the reason that no definite agreement has been reported. In return for the St. Petersburg franchise American interests undertake to begin at once the construction of 200 miles of electric street railway in the Russian capital. Transportation facilities in St. Petersburg now are wretchedly inadequate, amounting to only about 54 miles of poorly-constructed and poorly-operated lines.

Electrical Companies Interested.

"From a purely commercial point of view, the construction of 200 miles of electric railway in St. Petersburg will have a very important bearing upon the foreign business of electrical companies for the next year or two. It is expected to especially benefit the Westinghouse company, which already is strongly entrenched in Europe. Indeed, the Westinghouse Electric Manufacturing Company already has a branch at St. Petersburg, organized under Russian laws, with a capital of $3,000,000, subsidized to the extent of $1,500,000 by the Russian government. The New York Air Brake Company also has a branch in Russia.

"The St. Petersburg traction franchise is a plum that a financial syndicate anywhere in the world might have been glad to get. Although the terms are not announced, it is understood they are very attractive from an American point of view. The whole business will probably be financed in New York."

A SUCCESSFUL TEST OF THE AIR-CUSHION

Those Under Frick Building Elevators Stopped Car Going 105 Miles a Minute.

The Ellithorpe safety air cushion was successfully tested last night in the Frick building. A car which weighed about two tons was tied between the seventeenth and eighteenth stories and loaded with about half a ton, besides eggs, glasses of water and such perishable things. At a signal the rope was cut and the car allowed to drop. It fell with awful speed, finally stopping satisfactorily, demonstrating the worth of the cushion.

The test was in charge of F. T. Ellithorpe, inventor of the cushion and president of the company which manufactures it. A good crowd witnessed the test, many prominent people from New York, Chicago and other cities coming to Pittsburgh especially for that purpose. H. C. Frick, owner of the building, and D. H. Burnham of Chicago, architect, were both present and both congratulated Mr. Ellithorpe on the success of the test.

The air cushion consists of that part of the elevator shaft between the first floor of the building and the bottom of the basement, a distance of about 50 feet. The air compressed into this space by the falling car forms the cushion, which prevents loss of life.

The side walls of this part of the shaft are built of steel, 320,000 pounds being used in the 10 shafts in the building. The doors at the bottom are built on a slide, so that they cannot be left open by accident. The cushion is equipped with an air vent, a pressure valve and suction valve. The pressure valve is fixed to open at a certain pressure to allow the air to escape when a car is falling. The suction valve is to prevent a rising car carrying all the air out of the cushion. This pressure valve is fixed so that there will be no rebound, but the elevator car will simply settle lightly and easily.

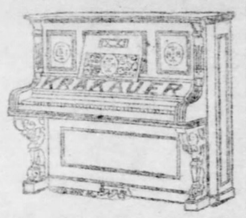
Mr. Ellithorpe said last night after the test that the car was probably running 1¾ miles a second when it reached the top of the cushion, but immediately that speed was lessened rapidly. The distance of actual fall was about 320 feet until the top of the cushion was reached, and some 50 feet from there down. When the car dropped last night a roaring sound, which rapidly grew louder, came with it down the shaft. Upon investigation at the bottom one electric lamp had been broken, a piece of the mirror was jolted out and many of the four dozen eggs spread about the floor were broken, though there were several left whole. Mr. Ellithorpe said he would be satisfied to find one egg left whole after such a fall. The test fall last night was from a greater fall than any previous one. Mr. Ellithorpe himself had dropped in cars more than 90 times and has always escaped entirely unhurt.

The air cushions under the elevators in the new Union depot will be tested this evening at 8 o'clock in the same way. Three live rats, which came down in the car last night entirely unharmed, will be used again this evening.

Methodist Missionary Rally.

Miss Mary A. Danforth, recently returned from Japan, will speak at a rally meeting of the Women's Foreign Missionary society of the Methodist Episcopal church of the Pittsburgh district, in the Smithfield Street church, next Saturday afternoon at 2 o'clock. The financial report of the society will be presented by Mrs. George S. Abraham. Mrs. W. H. W. Rees will lead the devotional exercises, and several others will speak. Miss May Wightman will sing. Miss Danforth spent five years in Japan under the auspices of the Women's Foreign Missionary society of the church. While in Pittsburgh she will be entertained at the home of Mrs. George T. Lewis of Christ Methodist Episcopal church.

MELLOR'S PIANO SALE THE GREATEST EVER KNOWN



People are quick to make up their minds to buy when they see such low prices on pianos as are now marked on fine instruments at Mellor's.

This sacrifice sale amounts to a sensation.

Interest increases unmistakably as the work on the property adjoining progresses. This is explained by the fact that the excavations for the foundations of the Farmers Deposit Bank building encroached on the Mellor property and made this sale of all goods in the Mellor basement imperative. Hence, the more people see of the progress of the work next door the more they realize that this sale is an event not soon to be forgotten.

It's the splendid instruments that captivate customers—the low prices prove irresistible.

The list at Mellor's is remarkable in every respect. It is headed by the noble Steinway. Then comes the Krakauer, which is distinctly high class; and grouped around these are the Sterling, Ludwig, Cameron, Cambridge, Chickering and a half dozen others.

Some of these instruments have been rented, some have been received from manufacturers for examination, others have been in storage, but ALL are great bargains.

PHILIPPINE BILL TO BE VOTED ON NEXT TUESDAY

The Majority in the Senate is Tired of the Long Delay.

AGREEMENT YESTERDAY

A Vacation Will Be Taken Tomorrow on Account of Memorial Day, but on Saturday, Monday and Tuesday Session Will Begin at 11 O'Clock.

THE PITTSBURGH GAZETTE BUREAU,
603 Fifteenth St., N. W.,
WASHINGTON, May 28, 1902.

The Republican majority in the senate, having become wearied with the dilatory policy of the Democrats, today started in to force matters, and as they presented a united front, the opposition yielded, with the result that an agreement was reached for a vote on the Philippine bill on Tuesday next.

It was agreed between the two sides that tomorrow, Saturday, Monday and Tuesday the senate would meet at 11 o'clock a. m. The senate will not be in session Friday. Mr. Lodge announced that Senator Spooner would speak tomorrow, the general debate ending Saturday night. The agreement provided that amendments would be considered Monday and Tuesday, on which days debate would be limited to 15 minutes.

Senator Hoar was anxious to understand in exactly what form the bill would be approved by the majority of the Philippine committee. Senator Lodge replied that the majority stood by the bill and that any further amendments that might be offered by members of the majority could only be considered as matters of detail.

Cuban Reciprocity Considered.

Having thus forced an agreement on the Philippine measure the Republicans then took up the Cuban reciprocity bill and made a determined effort to find common ground, with the result that it is probable an agreement will be reached by tomorrow. The indications are that the agreement will be practically as heretofore outlined, namely, a reduction of 20 per cent, to continue for five years, with elimination of the other provisions of the house bill. As an agreement seems to be imminent among the senators and the passage of the bill through the senate forecasted, interest reverts to the probable action of the house on the bill. It was stated today with positiveness that there was a thorough understanding between the Democrats of the house and the 40 or 50 beet sugar Republicans or that body that no bill should be accepted by the house unless it embody the amendment of the house striking off the differential duty on sugar.

If this agreement should be carried out to the end it would indicate a rather gloomy prospect for the passage of an acceptable reciprocity bill, as it is not thought the senate will accept the differential amendment of the house.

Agreement Is Probable.

Inquiry among Republican senators today developed that the feeling is strong in the senate that the Republicans of the house will not co-operate with the Democrats to stand out against a bill which the senate has passed. They think there will be such Republican unanimity in the senate on the Cuban reciprocity bill finally brought in that the Republicans of the house will find their position in opposition untenable. Therefore, notwithstanding the gloomy reports from the house, there was a decidedly optimistic feeling in the senate today as to the prospects of the ultimate enactment of a satisfactory Cuban reciprocity bill.

With the president as the star attraction in Pittsburgh on the Fourth of July the envy of Philadelphia was aroused and it was determined to have him visit that city before the year closes. Therefore a committee, with Mayor Ashbridge as chairman, came here this morning and invited the president to visit Philadelphia in October, when a new high school building is to be dedicated. The committee was presented by Senators Quay and Penrose and the invitation formally extended by Mayor Ashbridge. The president did not accept, but promised to be on hand if his other engagements permitted. CHARLES W. METZGAR.

NEW RECORDS OF FILIPINO TREACHERY

War Department Receives More Proofs of the Untrustworthy Character of the Natives.

WASHINGTON, D. C., May 28.—The Philippine mail today brought to the war department the records of a number of interesting court-martial cases in the Philippines.

Private Charles L. Leonard, Company F, Sixth Infantry, was assisting an enlisted man of the hospital corps in vaccinating the native inhabitants of Bacong. Among the natives vaccinated was one named Almin, who, at first, was reluctant to have the operation performed, but who later submitted to it with seeming willingness. He then accompanied the two soldiers on their rounds, apparently friendly, and much interested in their work. On leaving the house of a person whom he had just vaccinated, Private Leonard was waylaid outside the door by Almin, who plunged a dagger into his breast, inflicting a mortal wound. Almin said that he murdered Leonard because he had vaccinated him. Gen. Chaffee approved the sentence of death.

Basilio Leynes, a native, stabbed to death another native named Diocampo while the latter was seated at breakfast in the public market at Bauan, Batangas. The only motive for the crime appeared to be that Diocampo was in the employ of the United States. Leynes was sentenced to hang.

SMALL COINS NEEDED.

Day in the House Spent in Discussing Bill to Increase Subsidiary Coinage.

WASHINGTON, D. C., May 28.—The house spent the day debating the bill to coin the silver bullion in the treasury, and to recoin standard silver dollars as the public necessities required. The limit of subsidiary coinage is now $100,000,000. The bill increases this to an indefinite amount, at the discretion of the secretary of the treasury.

The Democrats claimed that it was only a step in the direction of the complete striking down of the silver dollar. Mr. Newlands (Nev.) offered an amendment to make subsidiary silver a legal tender. This amendment was pending when the house adjourned.

Postmaster Grier's Salary Raised.

WASHINGTON, D. C., May 28.—(Special.)—Today's list of the readjustment of the salaries of presidential postmasters shows that on July 1 the salary of Postmaster Grier of Allegheny will be increased from $3,500 to $3,600, and of the postmaster of Sharpsburg from $2,300 to $2,500. New postoffices have been established as follows: Newery, McKean county, and West Branch, Potter county, Pa.; and Bonami, Kanawha county, W. Va. The office at Hypes, Fayette county, W. Va., will be discontinued June 14.

BUENCANINO HERE

Ex-Secretary of State for Aguinaldo Will Have an Interview With the President Today.

WASHINGTON, D. C., May 28.—Senor Filipe Buencanino, one of the founders of the Federal party in the Philippines, arrived in this city today from San Francisco and had a short conference with Secretary Root at the war department. He was accompanied to Washington by Lieut. Arthur L. Conger of the Eighteenth infantry.

Senor Buencanino will be presented to President Roosevelt tomorrow and it is expected that later he will appear before the senate Philippine committee.

Buencanino was one of the principal figures of the so-called Aguinaldo government, holding the office of secretary of state, when he was captured, in company with Aguinaldo's mother, immediately after the battle of Tarlac.

NOTES FROM THE CAPITAL.

The Indian appropriation bill and the omnibus claims bill were signed by the President yesterday.

Attorney General Knox has been confined to his bed with a heavy cold. His illness is not thought to be dangerous. He was visited by the president yesterday.

Senator Lodge, chairman of the committee on the Philippines, stated that O'Brien, whose testimony before the commission reflected severely on Capt. McDonald and other officers, will be prosecuted on a charge of perjury.

The navy department has ordered the gunboat Ranger, now at San Francisco, to proceed to Panama and relieve the cruiser Philadelphia, the latter coming north for repairs.

Representative Capron of Rhode Island yesterday introduced in the house for his colleague, Mr. Bull, a bill authorizing the secretary of the navy to procure four or more submarine torpedoboats at a cost of not exceeding $500,000 for all, not more than two to be procured from the same individual or company.

Representative Bartlett of Georgia yesterday introduced a resolution requesting information from the secretary of war as to the amount of salary or other compensation paid Gen. Leonard Wood as governor general of Cuba and by what authority such payments were made.

"TOPS" BADLY INSULTED.

Because Keeper Refuses to "Shake Hands," Big Elephant Crushes Him to Death.

[BY ASSOCIATED PRESS TO THE GAZETTE.]

NEW YORK, May 28.—"Tops," a female elephant of the Forepaugh & Sells circus today killed Joseph Blount of Fort Wayne, Ind. He went to the elephants' inclosure where the animals were waiting for their breakfast and each stuck out his trunk to "shake hands" as Blount passed in front of them, it being the custom of the trainers to salute each elephant with a gentle tap.

Blount had a beer glass in his hand, and when he approached "Tops" he shoved it at her instead of giving the usual greeting. In an instant she seized the man with her trunk, and, after hurling him violently to the ground, knelt on him and crushed him to death.

WEST CARNEGIE

Presents the Opportunity

Let Every Real Man Embrace It.

GOOD LOTS FROM $75 UPWARDS

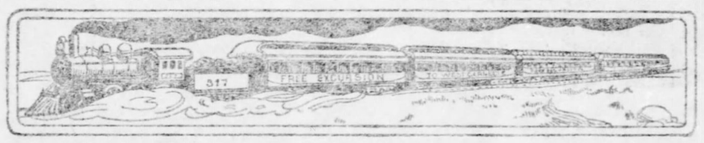
Small Cash Payment---Balance Weekly or Monthly.

Every Dollar You Pay for Rent Is a Dollar Wasted.

Every man with a spark of true manhood in his make-up would like to own his own home. There's a feeling of pride and independence that comes from owning one's home that nothing else on earth can give. To go on paying rent all your life is foolish and wasteful. In the course of a few years you have paid the landlord in rent the full market value of the property. You've had a place for yourself and family to live in, but you haven't had a real home nor that pleasant sense of proprietorship which is necessary to the full enjoyment of a home. Having already paid for the place in rent you simply start in to pay for it over again, and every month it's rent, rent, rent.

The Landlord Gains What You Lose.

If through the growth of the community the property has increased in value, all it means to you is that you have to pay more rent. If, for instance, the property has doubled in value, you either have to pay double the rent or else move to a less desirable neighborhood. Perhaps the increased value of the property is largely owing to improvements you yourself have put upon the place because you took pride in making your home pretty and comfortable. And the only "reward" you get is that your rent is raised. The result of the rent system is that the landlord is constantly getting richer from two sources—increased market value of the property and increased earning power of the property—while you are continually growing poorer.



Our Free Train to West Carnegie
LEAVES UNION STATION AT 2 P. M.

Saturday of This Week, May 31
The Day Following Decoration Day.

We want you to come and bring your friends along. Bring your wife and her friends. No tickets are required. No fares will be collected. You'll have no trouble in finding the right train. You'll know the West Carnegie Free Excursion Train as far as you can see it.

It will be a delightful outing for the Saturday half holiday. A brass band will accompany the party and there'll be so much that's interesting and pleasant to see and enjoy that you'll be glad every minute that you came.

So be at the Union Station at 2 p. m., Saturday of this week, or get aboard the train at Fourth Avenue or at Birmingham or at any station along the line of the Panhandle Railroad between Pittsburgh and West Carnegie.

Carfare will be refunded to those who come to West Carnegie Saturday on the street cars. So if you can't conveniently make our special train, by all means come out by street car.

Now Is the Time to Act. Be Your Own Landlord.

Now is the time to break away from the foolish, wasteful renting habit. You don't have to go on paying rent. Buy a lot at West Carnegie and have a home of your own. It can be bought now at a very low price and in a short time is absolutely certain to double or treble in value. West Carnegie is an ideal place for a home. It is beautifully situated, is convenient to all forms of employment and the air is clear and bracing. No prettier nor more healthful spot for a home could be found in this part of the country. And certainly no other place in the United States adds to these advantages such rich opportunities for profitable employment in every useful craft. This latter feature makes West Carnegie without a peer as a location for the homes of workingmen. It is needless to add that where the workingman is prosperous everybody else is prosperous, too. So that West Carnegie appeals with equal force to people of all classes who wish to better their position in the world.

See the Evidences of Prosperity.

If you will go out to West Carnegie and look the town over you will see why West Carnegie lots are the best investment on the market. The town is growing at a tremendous rate. A little while ago it was a farm. Today it is a beautifully laid-out town, with graded streets, sidewalks, city water, gas and all the improvements of a city. It has large mills, employing thousands of men. It has over 500 houses, together with stores, hotels and all that goes to make up a live, hustling town.

Idiotic Policy.

It is noted that the ordinance of the City Electric Company has been reported to councils with the clause providing that the new seeker after a public franchise shall pay the same rate of taxation as may hereafter be imposed upon other corporations of the same class. There is yet time to amend, so that the company shall be required to offer something tangible in the way of compensation. The ordinance should be so amended or be defeated summarily.

Provisional clauses of the character mentioned are artful evasions. It would be idiotic policy for the city to accept them in lieu of payment. Every corporation admitted to enjoyment of privileges upon specific agreement to pay will exert its influence to impose the same rate of taxation upon all other corporations. Every one admitted under the provision that it shall pay when others do adds one more to the corporations opposed to the principle of taxation. There are two questions involved. First, shall the city have compensation for the valuable public privileges it has to grant? Second, shall the new corporations be given an incentive to favor or oppose such compensation from corporations already in the field.

Another Freak Criminal.

To the many "Jacks" who have won notoriety by their freakishness in crime has been added "Jack the Slasher," who enters houses at night and slashes upholstery, pillows, cushions and curtains. As the same methods have marked the recent slashings in the Lawrenceville district and in Allegheny, it is supposed that one person has done all the destruction, and his success in eluding detection is as mystifying as the motive for his actions unless the theory of criminal insanity be adopted. This is probably the true explanation. This particular "Jack" appears to be animated by a mania for destruction, and therefore he is liable to appear in any house that takes his fancy as a scene for his malicious mischief. As matters stand at present he is a menace to the entire community, and householders will be acting wisely in looking to the fastenings of doors and windows before retiring. Meanwhile, the police authorities in both cities should make extra efforts to run down "Jack the Slasher," and if they succeed it is probable that the proper place for his incarceration will be an insane asylum.

Proper Sources of Revenue.

Controller Larkin is following his statement of municipal revenues by having ordinances drawn that, if enacted, will bring to the city treasury income that should reach it. One of these applies to the weighing of coal, another to collection of switch rentals and a third to the office of city sauger. All of these are proper subjects for attention. The last named ordinance is absolutely necessary to comply with the provisions of the new charter.

These ordinances are in line with the new municipal policy inaugurated at the last election and represented by common council. They will doubtless be promptly acted upon by that body. Fear is expressed in some quarters that select council may persist in its blind adherence to the old order of things. That is among the possibilities, but it need not deter anyone else from doing his duty. If select council will not heed the will of the people expressed at the ballot box, one more election will leave few of its obstructionist members in office. They can take their choice between political self-preservation or destruction. The hold-overs can obstruct the course of reform temporarily, but cannot stop it.

The Ohio Platform.

The platform adopted by the Ohio Republican convention is in thorough accord with the Republican policy as interpreted and administered by President Roosevelt and his lamented predecessor. The only difference of opinion among the platform makers arose upon the Cuban reciprocity plank. Gen. Dick was not disposed to accept the administration's view of America's obligations to Cuba, but it is a mistake to suppose that he represented Senator Hanna's opinion on this point. Senator Hanna and Gen. Dick, it will be recalled, differed about reciprocity with Cuba at the time of the caucus of Republican congressmen preceding the adoption of the Sibley compromise. Dick was a leader of the "beet sugar Republicans," as they were called, opposing concessions to Cuba, and he flatly refused to be guided by Senator Hanna, who, as chairman of the Republican national committee, labored with might and main to have the administration's policy approved. It was a difference at the time between the Ohio statesmen that many thought would lead to a permanent breach. Gen. Dick went down fighting in that contest, and on this occasion also suffered defeat, as his resolution was set aside and another plank adopted in its stead which makes Ohio stand by the president. It is a matter for congratulation that the late lamented President McKinley's state is thus loyal to his successor and to the policy of McKinley.

The convention was generous in its praise of both of Ohio's senators—of Hanna for his work in bringing about a better understanding between capital and labor, and of Foraker as the framer of Porto Rico's organic law.

Ohio Republicans sturdily refuse to apologize for expansion, but congratulate the nation upon its splendid record of diplomatic achievement. They are also sound on the other issues before the public. A comparison of the work done at Cleveland with the statement of principles of the Indiana Republicans a few weeks ago fails to disclose any difference of opinion between the Buckeye and Hoosier Republicans. It looks like a year of unanimity of opinion among the Republican conventions.

Prevention of Contagion.

In view of the number of cases of smallpox in the municipal hospital the warning of the bureau of health, addressed to the people of the city, is well timed. Pittsburgh is exposed to the dangers of infection from outside sources and only the earnest co-operation of the resident population with the health officers can prevent a spread of disease. There is a constant influx of labor from all parts of the country, and all the cases of smallpox now under treatment here can be traced directly to sources beyond the city's control. The discovery and segregation of victims of the disease as they enter the city is only the first step in the necessary work of preventing a spread of the malady, though a very important step. The health bureau has been prompt and efficient in this work and is to be commended for it. It now appeals to the citizens to aid in its further work, and this they should do for their own protection as individuals no less than for the protection of the community. Persons who have not been vaccinated for three years are asked to have themselves revaccinated, and to interest themselves in others to insure that they also have themselves vaccinated. As a last resort to safeguard the health of the city the director of public safety will have a house-to-house canvass made for the enforcement of the compulsory vaccination law. If our citizens act for themselves there will be no danger of contagion. There is now no alarming situation, and it is merely to prevent one that the health bureau gives warning to every citizen to do his and her duty. An ounce of prevention is worth a pound of cure.

Dangerous Structures.

The accident in New York city on Tuesday in which one man was killed and a hundred or more seriously injured should point a timely caution against the too frequent custom of erecting temporary structures of flimsy character which may be called upon in an emergency to bear a heavy strain. The New York accident was caused by the giving way of a temporary sidewalk erected over excavations for a new building, but the same danger exists in all such structures. Building contractors whose work projects over the usual sidewalk space and who must therefore provide protection to pedestrians should be held to strict accountability.

A word in this connection concerning the erection of reviewing stands is timely just now, for the reason that a number of such structures are contemplated in connection with the forthcoming Fourth of July celebration. There should be the most careful inspection made of all such stands, both public and private.

A Diplomatic Salary.

During Ambassador Pauncefote's residence at Washington the question of the rank of the British embassy to this country was in abeyance. Lord Pauncefote was the recognized equal, in ability and standing, of any British diplomatic representative abroad. The necessity of appointing his successor, however, again raises in England the question of how the English ambassador at Washington is to be rated. The salary of the position is only £6,500, as against £8,000 at Berlin and £9,000 at Paris. Labouchere has opened an assault upon the British government, demanding that it shall now recognize the fact that the post at Washington is the most important in all the world to British interests; that it shall cease to regard the United States as a rebellious colony and give it precedence as the greatest among the world powers.

It is probable the American people will care more for Labouchere's compliment than about the official salary of the ambassador sent to this country. Official circles at Washington are likely to be more affected by the man who is sent to them than the amount of his official income. But if the rank of the country to which an ambassador is accredited is gauged only by the amount paid, the United States might reasonably expect to be advanced to the £10,000 grade. And after this is said, what about the salaries of our own diplomats?

Palma's First Message.

Cuba begins her career as an independent government under auspicious circumstances. The first message of her president, Tomas Estrada Palma, is a sound, sensible document, breathing a spirit of profound patriotism. Naturally President Palma devotes much space to a recital of the events which have led up to the accomplishment of free government in Cuba. But he does not dwell altogether upon the past. In outlining Cuba's future policy he lays special stress upon the necessity for maintaining the bonds of friendship which exist between Cuba and the United States. He advises that the people shall pay more attention to the agricultural development of the island and commends a continuation of the fine sanitary system inaugurated in the cities by the United States government.

Palma is an untried statesman, but his first message contains a hopeful indication that Cuba acted wisely when she did the unprecedented thing of electing as her first president a man who had not set foot on the island for twenty years previous to the time he went there to be inaugurated.

Instead of answering Controller Larkin the Times alleges that he is the owner of real estate that is assessed for purposes of taxation much below its real value. The statement has no bearing on the representations made by the controller concerning failures of city officials and city councils to take advantage of opportunities for raising revenue by indirect taxation. It is merely an effort to muddy the water. Neither is it a point against Mr. Larkin. He is not responsible for the manner in which the city assessors have done their work, and it may be also said that there is no evidence but the statement of the Times that the assessors have not done their full duty with regard to property owned by the controller. No one connected with machine government, it may be further mentioned, has had any reason to favor Mr. Larkin in the matter of assessments, as he has been a consistent critic of the manner in which the city's business has been conducted.

Now that the use of the open car has been revived on the local street railway lines there is a renewal of the old complaints against the practice of allowing passengers to stand in rows between the seats and along the footboards of the cars. So long as our street railway facilities continue so distressingly inadequate there can be little done by either the companies or the public to remedy this evil. That it is an evil even the perpetrators of it are willing to admit. But to so many people who must use the street cars the main question is to get to their destination without much reference to either their own or anybody's else comfort. Only an increase in the street railway facilities will remedy the trouble.

"His grammar, you know. Somebody ought to put him on. 'William, I Am' is the way he ought to write it."

French Sailors Marvel at Gazette's Resources

THE PITTSBURGH GAZETTE BUREAU,
Herald Building, Herald Square.
NEW YORK, May 28, 1902.

While the distinguished members of the Rechambeau delegation are receiving the attentions of the leading men of New York city, the sailors of the Gaulois, the French battleship, are also having a good time. Many of them had shore leave today, and they put in a solid day of sightseeing. Half a dozen of them were in The Gazette bureau in the Herald building tonight and were deeply interested in the operations of The Gazette's private telegraph wire, which runs direct from the New York office into the home office of the paper in Pittsburgh. While, of course, they knew all about telegraphing in a general way, it seemed to them wonderful that the correspondent here could talk to the editor in Pittsburgh as easily as if the two were face to face, getting replies to observations without the delay of a moment. The tars watched The Gazette's telegrapher as he sent to Pittsburgh a full report of a meeting in this city that had adjourned only half an hour before and laughed admiringly when, as a message came from the other end, the operator explained it was the editor asking how a certain name in the report he was sending was spelled. The visitors were reluctant to leave the office, one of them declaring that it was the most interesting place they had been in since coming ashore. The sailors are sturdy looking fellows, with the courteous manners for which the Gallic race is noted, and they have made many friends in this city. In their neat blue flannel "togs" and regulation sailor caps, with the name of their ship in gold on the band, they might easily be taken for American "jackies" until they begin to talk in their native tongue. The prominent visitors from France were entertained extensively today, the principal item being the mayor's breakfast at the Waldorf-Astoria. The day was a busy one for them, but it is doubtful if the big army and navy men had a better time than the humble Jack Tars of the Gaulois.

Straw Hats Hidden Away.

Overcoats have displaced straw hats in New York. It is not only chilly, but cold, and people are wondering how long it will last. Ice men went about their work of delivery in a shamefaced way and the erstwhile haughty soda water venders retired into themselves to wait for warmer days. Retail merchants admit that the cool wave has hurt business. Shoppers are waiting to see what the weather will be before buying any more clothing, and the stores do not know what to advertise. The temperature is comfortable enough, but it seems to be a misfit somehow.

Brooklyn Worrying About Water.

Brooklyn is still worrying about its water supply. It will be remembered that for two or three summers there has been a scarcity of water in that borough which has amounted actually to famine at times. When Mayor Low was looking for someone to be commissioner of water supply he hit on J. Hampden Dougherty, a Brooklyn lawyer. Dougherty was enthusiastic for his borough, as Brooklynites are generally, and he accepted the office in the belief that he could get the board of estimate to make an appropriation of $5,000,000 for Brooklyn's water. But he has not been able to get the money, and it was declared about City Hall yesterday that Dougherty intended to resign and that Brooklyn was in as serious peril of a water famine as in any previous summer.

Soft Coal Still Soaring.

Soft coal for domestic use went up 50 cents a ton in New York today. That makes the price $5 a ton. There is an ordinance against the using of soft coal in this city unless smoke consumers are used, but the Harlemite in his flat, to say nothing of the hotelkeeper and restaurant proprietor, use what coal they can get, and reck not whether it is hard or soft, so long as it will do the work.

Off for the Continent.

Many well-known people went abroad today on ships that sailed for Europe from different piers along the North river. Bishop Potter was a passenger on the Oceanic. He is going for a three months' rest. Not long ago he was seized with a fainting fit while sitting on the platform at a public meeting, and just as he was about to rise to deliver an address. His physician said "overwork" and the bishop agrees with them. He thinks three months away from all excitement will bring him around, and it is the general prayer that it will. On the steamer Philadelphia, which sailed today, were Gen. "Joe" Wheeler, William L. Elkins and P. A. B. Widener.

Colors Must Be Subdued.

Red neckties are tabooed on the Long Island railroad, so far as trainmen are concerned. According to a story told here, it was President A. Cassatt himself who decided that neckties of violent hue must not be seen on conductors and brakemen of this road. It is said that President Cassatt, who, as all Pittsburghers know, is at the head of the Pennsylvania railroad—which owns the Long Island system—went to Manhattan beach on Saturday. He had seated himself comfortably and was taking in the appointments of the train and suburban Long Island City scenery generally, when the conductor of the train entered. The conductor was wearing a flaming red tie of ample proportions and it loomed up on the president's horizon like a headlight on one of his biggest freight engines. It was a danger signal, also, as it proved, for President Cassatt gazed upon the wealth of redness for a fraction of a second, and then remarked emphatically that he would very quickly put a stop to the wearing of red ties on any road under his supervision. It was a true prophecy. Today he issued an order that every conductor and brakeman on the line must wear black ties and black ties alone. "They will be ordering crape on the engines for the next man hit, I suppose now," declared one conductor, when he heard the news.

Cards Wrong for Sheedy.

"Pat" Sheedy has lost his suit for $28,000 against C. Frederick Kohl. When Justice Gildersleeve and a jury in the supreme court today rendered a decision against him, he took it with the same froid of the seasoned gambler, and walked out of the court room with his usual inscrutable smile. Kohl lost a lot of money at a gambling house in Naples some years ago, and gave a note for $28,000. In the course of business the note came into Sheedy's hands, but Kohl repudiated it, declaring that he had been victimized by the men to whom he had lost the money. Sheedy held that that was none of his business. He had taken the note in good faith from the original holders, and he wanted his money. He will not get it, but that will not prevent him going to Buenos Ayres to conduct the jewelry business in which he says he is about to engage.

The Gazette Caused a Sensation.

At the different hotels and other places in New York where Pittsburgh papers are on sale there is a steady demand for The Gazette of yesterday. The Gazette's "Special Martinique edition" has caused a sensation here. One news dealer at a prominent hotel told me tonight that he sold out all his Tuesday Gazettes in an hour or so and had ordered a number more for customers who had already bespoken them.

Swimmers Vs. Garbage.

If Commissioner Woodbury of the street cleaning department of New York keeps his word to prevent the dumping of garbage in the ocean he will be an exceedingly popular man with bathers. He says that he will not allow refuse of any kind to be deposited in the Atlantic. The fact that decayed vegetables—particularly the insistent cabbage and the ever-present tomato—have bobbed up in the faces of swimmers at Rockaway, and even at Brighton and Bath Beach in previous summers, is known to everyone that has ever visited those resorts. There is no getting away from them. They come rolling in with the tide and are as likely to splash into your very mouth as to miss you. It has been the custom of the street cleaning authorities to send garbage in barges out to sea to a certain distance from the coast line, and there turn it loose. This would be all right if the tide were always going out. But it is not. It has a way of coming in at certain times, in harmony with lunar phenomena, and then there is a rush of refuse for the bather. Commissioner Woodbury thinks, with most of us that such stuff should be burned. He intends to have that disposition made of it, and the Rockaway swimmer may take his sea bath with nothing more terrifying to face than an occasional active crab trying to nip his toe, or the usual tales of the great sea serpent and a school of man-eating sharks.

Centennial for Sailors.

The old salts of "Sailors Snug Harbor," on Staten Island, celebrated today the 100th anniversary of the founding of the institution. In this pretty place, far from the madding crowd of Manhattan, and where there is always the scent of the ocean in their nostrils, 900 sailors are anchored for the rest of their lives. The buildings stand well back in a park, which is full of fine old shade trees and redolent of blossoms. The inmates sit out on the lawn on fine days and swap yarns, and in wet weather they stay indoors and swap yarns. That is the principal variety in their peaceful lives. Once in a hundred years, however, there is a celebration like that of today. Then they have an extra allowance of tobacco and are entertained with an old-fashioned minstrel show. As an alloy to this pleasure they have to listen to a few speeches by important men and are told how fine a time they have of it in the "Snug Harbor." At least that was the program of exercises today.

"Tops" Usually Gentle.

"Tops," the big elephant with Forepaugh & Sells circus, who killed a man in Brooklyn today by kneeling on him, was as quiet and good-natured as any of her companions when on exhibition in Madison Square garden a few weeks ago. She was not fastened any more carefully than the rest of them, except that she wore a harness on her trunk. So many animals in a circus menagerie are fantastically caparisoned, however, that no one thought anything about the harness on "Tops." I remember noticing her as particularly gentle and good-humored animal, and that her capacity for peanuts was tremendous. One man gave her a whole paper bag of peanuts and she put it down her throat—peanuts, bag and all—in a most matter of fact way, immediately holding out her trunk for more. No stranger seeing her at Madison Square garden would have picked her out as the elephant to wantonly kill a man, or, indeed, to harm anybody.

Has a Cold Name.

It is only someone conversant with the modern slang and therefore quick to recognize it who would see the connection between "Willie Ice" and his important position in society. "Willie Ice" was in a police court today for wife desertion, but that is only incidental. He bears his extraordinary soubriquet because he "cuts a wide swath." The further explanation is that when a man "cuts ice" he is an important personage. So they call this young man, born Smith, "Willie Ice, the fashion plate." He is a theater usher, which may account for his earning his descriptive title.

Dr. Hillis Reaches England.

Mrs. Hillis this morning received a cablegram from her husband, the Rev. Dr. Newell Dwight Hillis, pastor of Plymouth church, announcing his safe arrival at Southampton on his trip to Europe. The trip was reported as a pleasant one, with anticipations of renewed health to Dr. Hillis.

Big Schooner Nearly Finished.

The big four-masted, 2,500-ton schooner which has been on the stocks in a shipyard near New York for over a year, is now nearly completed, and next month, if all goes well, will be ready for launching. There yet remains to be made the iron work for the hull and spars, the pumps to put in place, the cabin to finish, the hoisting engine to put in order, etc., but the main work on the big ship has been done. She is a rare specimen of the ship builder's art.

Glad Family Reunion.

Mrs. Joseph H. Gittings of Pittsburgh was in Brooklyn last night to take part in the celebration of her parents' 58th anniversary of their marriage. They are Mr. and Mrs. Thomas Venners, and their children to the fourth generation were present. Thomas Venners and Marion Venners were born in England in the same year, 1822. They came to this country soon after their wedding, nearly three score years ago, and lived in Brooklyn for many years. Their present home is in Lynchburg, Va. Last night's gathering was at the home of their son-in-law, Walter W. Court, No. 405 Park place, Brooklyn. There are seven living children of Mr. and Mrs. Venners—Thomas R. Venners, Harry Venners, Mrs. Walter W. Court and Mrs. James Matthews, all of Brooklyn; Mrs. D. W. Davis of Summit, N. J., Mrs. Walter M. Carroll of Lynchburg, Va., and Mrs. J. H. Gittings of Pittsburgh, Pa. There were present also 18 grandchildren and six great grandchildren. Last night's event was a family reunion and reunion. Many of the grandchildren are musicians, and at the request of the old people, they sang old English ballads, in which Mr. and Mrs. Venners joined with a vigor which was surprising.

Invited President Roosevelt.

John B. Reynolds, business representative of Duquesne garden, Pittsburgh, reached here tonight. He has just come from Washington, where, on behalf of James H. Conant, manager of the garden, he went to extend an invitation to President Roosevelt and his cabinet to attend the performance at Duquesne garden on the evening of July 4. The president answered that he would try to be present at the garden, but could not promise definitely at this time.

Strong Faith in Prayer.

Mrs. Cuncy, whose husband, John Cuncy, was declared "not guilty" of murder in killing a man named Clarke, said this morning she knew her husband would be acquitted. She had prayed for him almost without ceasing, and she told of the manner in which confidence as to the outcome was brought to her as follows: "I had prayed thousands and thousands of times that God would lead the jurymen who were to try my husband to declare him as guiltless as I knew him to be. For a long time I feared that my appeals would not be answered, but that was because I lacked the necessary faith. One night, as I knelt alone, praying, I seemed to hear a voice saying, 'All is well,' and from that time I did not worry except for the discomfort that John had to bear."

PERSONALS

William M. Dillon, president of the W. M. Dillon Wire Fence Manufacturing Company of Chicago, spent yesterday in Pittsburgh on business and left last night for New York. In speaking of the amount of wire fence now being used he said: "There is more wire fence, both barbed and smooth, being sold at the present time than ever before. Two years ago the smooth wire had the call, and the manufacturers could not make it fast enough to fill orders, but now the tide of trade has changed and the barbed wire appears to be in the greatest demand. Farmers in the west and in parts of the east where the large stock farms are located are using both wires for fencing purposes. The fence that has proved the most successful in the past two years is one made entirely of wire, two strands being barbed and the other three smooth. We buy all our material for the manufacture of wire fencing in Pittsburgh, and have had some difficulty in the past few months in getting our orders filled."

"The farmers of Illinois are giving up the raising of rye and are devoting their entire time to raising corn," said A. S. Willson, a citizen of Polo, Ill., who was going to his home from a business trip to Washington, D. C. "The corn crop of our state this year should exceed all others in recent years by one third at least. Over a third more corn was planted, and making all allowances, the yield should be one third greater. Formerly farmers in Illinois raised about 30 bushels of rye to the acre, which was marketed at an average price of 60 cents a bushel. Corn in Illinois yields on an average 60 bushels to the acre and the average market price is 60 cents a bushel. The citizens of Illinois feel very proud of their state as an agricultural one. Cook county is the leading agricultural county in the United States, with Lancaster county, Pa., ranking second."

Judge James A. Beaver of the superior court of Pennsylvania was a passenger on the limited last night for Chicago.

State Senator John F. Budke of Canonsburg, Pa., was a guest at the Monongahela house last night.

Neighbors Visiting Pittsburgh.

The following visitors from nearby towns were registered at the leading down-town hotels last night:

Griswold—J. W. Leech, Erie, Pa.; George Weller, Montgomery, Pa.; J. Harry Johnston, Uniontown, Pa.; W. C. Welrick, Canton, O.; Victor Oxley, Bradford, Pa.

Monongahela—A. E. Jones, Minersville, O.; John F. Budkin, Canonsburg, Pa.; T. A. Radefer, Bellaire, O.; A. G. Findlay, Franklin, Pa.

Anderson—W. B. Houston, Canonsburg, Pa.; F. H. Sibley, Franklin, Pa.; W. G. Douthett, Butler, Pa.; J. L. Walker, Sharon, Pa.

Victoria—T. J. Wisecarver, Waynesburg, Pa.; W. M. Starr, Butler, Pa.; W. L. Bennington, Wheeling, W. Va.

Lincoln—C. W. Pfahl, Frank R. Nook, Martins Ferry, O.; W. C. Weible, Parkersburg, W. Va.

Seventh Avenue—J. C. Sullivan, Du Bois, Pa.; W. R. Grail, Blairsville, Pa.; C. W. Knox, Jr., Marietta, O.; John W. Hallam, Washington, Pa.; E. L. Denny, Waynesburg, Pa.

WINDING UP THE SEASON.

After This Week Only the Grand and the Duquesne Garden Will Continue in the Field.

It is seldom that the Pittsburgh theater-going public have an opportunity to attend a genuine first night performance, such as New York is noted for. Manager Davis will afford this chance to the community on Monday next, when the first production on any stage of J. I. C. Clarke's new play, entitled "Lady Godiva," written especially for Miss Sarah Cruax, will be given with all the splendor and importance that characterizes a new play on Broadway. Stage Director Huffman and a large corps of assistants have been busily occupied for the past three months on this production.

For the second week of the summer opera season at Duquesne garden, the new stock company will be seen in Florodora's tuneful operatic success "Martha," when Edith Mason, Thomas Persse, and the full strength of the Garden company will be seen in the various leading roles.

In the Palm garden the usual concert will take place and in addition to musical selections by the orchestra, Musical Dale, the celebrated specialty artist, has been engaged. This is his first Pittsburgh appearance in years.

This week marks the close of a very successful season at the B'jou. Miss Rose Melville in "Sis Hopkins" is doing a rare business for this unthestrical time of the year and there will be an extra bargain matinee tomorrow in deference to Memorial day.

"The Lady of Lyons."

Mary Mannering and Kyrle Bellew will appear as joint stars at the Alvin Tuesday, June 3, for one performance, in "The Lady of Lyons." Miss Mannering's performance of Pauline should take high rank among contemporaneous efforts, in the light of its youthful dignity and girlish grace. Kyrle Bellew, whom Manager Frank McKee engaged for Claude Melnotte, is known to be the best in the character now living, and is probably the greatest since the time of Charles Fechter. The supporting company includes Maclyn Arbuckle as Col. Damas; W. H. Thompson, as Mons. Deschappelles; Edwin Arden, as Mons. Beauscant; Edward Abees, as Mons. Glavis; Brandon Tynan, as Gaspar; Mrs. W. G. Jones, as Widow Melnotte; Kate Patison Selten, as Mme. Deschappelles, and May Davenport Seymour, as Janet.

THE DEATH ROLL.

The Rev. Casimir Elsesser.

The Rev. Father Casimir Elsesser, O. S. B., a former pastor of the St. Mary's Roman Catholic church, Allegheny, died Tuesday morning at the St. Vincent's arch abbey, Beatty, Pa. Father Elsesser for years was professor of classics at the St. Vincent's Catholic college, and also filled charges in Erie, Pa., and Chicago. He was born in Newark, N. J., June 11, 1854, and was educated for the priesthood at St. Vincent's college. On July 11, 1875, he was ordained and became a member of the Order of St. Benedict, which has charge of the arch abbey and college. The funeral services will be held tomorrow at the abbey and the interment will take place in the abbey cemetery.

Dr. Lutilus W. Lindley.

Dr. Lutilus W. Lindley, a well-known and successful physician, died yesterday morning at his home in Perrysville, Allegheny county. Dr. Lindley was born in Connelsville, Pa., whose his father, Dr. Lutilus Lindley, practiced medicine for a half century. After practicing with his father for a number of years, Dr. Lindley removed to Perrysville, where he became the partner of his brother, Dr. Henry S. Lindley, and when the latter retired he continued the practice. Dr. Lindley is survived by his brother, Dr. Henry S. Lindley; Mrs. Smith, wife of the Rev. Dr. C. W. Smith, editor of the Pittsburgh Christian Advocate, and C. D. Lindley of Montana. Dr. Lindley will be buried at Perrysville tomorrow.

The Rev. B. M. Palmer.

NEW ORLEANS, May 28.—The Rev. B. M. Palmer, the noted Presbyterian minister, died this afternoon from the effects of injuries received by being struck by a street car on May 5. He was 84 years old. Mr. Palmer was one of the strongest leaders in the southern pulpit during the civil war and on Thanksgiving day, 1860, he preached his famous secession sermon in this city. In 1861, when the southern churches withdrew from the Presbyterian assembly at Philadelphia, Dr. Palmer was chosen moderator of the southern branch.

The Hon. Paul J. Sorg.

MIDDLETOWN, O., May 28.—The Hon. Paul J. Sorg, former congressman and multi-millionaire tobacco manufacturer, died this morning. He was 62 years old, and leaves a widow, a son and a daughter. The deceased had a very humble beginning in life, receiving his education in the night schools of Cincinnati.

Miss Louise Edwards.

Miss Louise Edwards of Bidwell street, East End, died yesterday at an Atlantic City hotel, after a short illness from pneumonia. Miss Edwards was a sister of George Edwards of the real estate firm of W. A. Herron & Sons, and of Dr. Ogden M. Edwards. She was also a niece of the late Col. William A. Herron.

Miss Pearl B. Cavenaugh.

Miss Pearl Belle Cavenaugh, daughter of Ellsworth and Pearl Cavenaugh, died yesterday morning at 4:30 o'clock at the family residence, No. 4920 Yew street, East End. She was born at Carnegie February 5, 1884.

Obituary Notes.

Thomas H. Cannavan, 28 years old, an inspector for the Monongahela Light Company, is dead at his home, No. 428 Corey avenue, Braddock. He was a member of St. Brendan's Roman Catholic church, Braddock.

Mrs. Bridget O'Connor, wife of Timothy O'Connor, is dead at the family home, No. 5306 Butler street. She was a member of St. Kiernan's Roman Catholic church, and is survived by her husband and two children.

When Instructions Instruct.

From the Philadelphia Press.

At the recent Pennypecker meeting in Chester county—where the state delegates were elected some time ago and instructed by the county convention—Attorney Darlington questioned the right by which the delegates to a county convention, when not themselves instructed for any one for governor, had passed a resolution instructing their delegates to the state convention for Elkin.

We do not think this point has ever been raised before. It has been the long practice in Pennsylvania for county conventions to instruct delegates. It is much handier for those who want to control things than it is to submit the question of instructions to a vote of the people. It has been the rule to obey these instructions. They may be against the known sentiment of the people of the county and they may require the iterated and reiterated assertion of personal disagreement to them or against their own judgment, but it has been the rule to obey these instructions, no matter what they are. The delegates in such cases felt that the responsibility had been assumed by others when the instructions had been given.

It is a pretty well established principle that the body which elects can instruct, but Prof. Darlington goes back of this. He directs attention to the fact that while candidates for governor are registered in some of the counties and are, therefore, passed upon at the primaries, no candidate whatever was registered in Chester county. There was really no opportunity for the Republican people to declare their choice for governor, as the issue was not presented to them. The county convention, as it is, has had such invitations from the people, assumed the authority to instruct, depending upon the orders of the county leader and not party sentiment. These are substantially Prof. Darlington's points, and they are not without force.

The Chester delegates were instructed for Mr. Elkin, not at the instance of the Republican organization, but at the request of a stockholder, who has secured control of the party machinery in the county. It was known these delegates could be secured for Mr. Elkin in that way, and they were elected early for effect on subsequent elections. It was fortunate for Mr. Elkin that such was the case, since there is no county in the state presented as a candidate for governor and if the primary elections were held today and a free vote taken no boss influence could prevent an overwhelming majority for Judge Pennypacker.

All these facts make a strong argument for a primary election system regulated by law, under which primaries can be held on the same day in all the counties, and the instructions and orders to come directly from the people. That would do away with much of the trickery now so much complained of and give the people a chance to make their choice when all the candidates are in the field.

INDIGNATION MEETING IS BEING TALKED OF

Citizens of the Thirteenth Ward Object to Erection of a New Municipal Hospital.

Property owners in the Thirteenth ward will hold an indignation meeting and inaugurate a campaign against the erection in the ward of the new municipal hospital for contagious and infectious diseases. Richard McNally, machine common councilman from the ward, will fight the proposition in councils and will probably be at the head of the movement to be started against the establishment of the hospital. Thirteenth ward citizens have been able to prevent the erection of the hospital for two years, and hope to prevent it for all time.

The ward representatives in common councils are Richard McNally, a machine man, and C. A. Schaad, who was elected on the Citizens ticket. Charles Schempp, select councilman from the ward, was also elected on the Citizens ticket. They all voted for the ordinance authorizing Director A. H. Leslie to enter into a contract for the construction of the hospital, and also the ordinance authorizing the director to employ an architect to draw plans and specifications. McNally explains that when he voted for the contract ordinance he did not know that it authorized the beginning of actual work. He felt that so long as the ordinance did not name a site it would not be proper to oppose it, as he recognizes, with every one else, the importance of having a new municipal hospital.

"The people of my ward realize," said Mr. McNally, "that a new municipal hospital is needed, and that it must be located somewhere. But we want it outside the limits of the Thirteenth ward. We have had the old hospital for years, and we think that the new one ought to be placed in some other part of the city. I shall fight the matter in any shape that comes before councils."

It is not probable that councils will have anything to say in the matter now. All the legislation needed has been passed. Should the city want to buy any further property for the hospital project, councils would have to give authority for it. The old hospital site is city property, however, for the uses and purposes of the department of public safety, and the department can replace the old hospital with a new one.

FAIR DECORATION DAY.

Weather Man Promises a Rare Day for Soldiers to Honor Their Dead.

The prospects of the weather conditions for tomorrow, Decoration day, for a clear and warm day are not very bright, if the weather which will prevail in this section tomorrow can be judged from that of Decoration days in the past. Although the weather man at Washington, in his forecast for tomorrow, promises that the weather will be fair with a rising temperature in this section, the records of the weather conditions on May 30 of past years, as compiled at the local office of the United States weather bureau, show that in only 8 out of 21 years in the past have the comrades and friends of those who followed the flag of their country in battle been favored with fair weather on their annual visit to the last resting places of comrades.

On the Decoration days when there has been an absence of rain Old Sol, with but one exception, has dealt kindly with the old warriors by keeping the heat within reasonable limits. On 13 out of the total of 21 Decoration days since 1880 all kinds of rainy and stormy weather have been experienced, and as a result of the inclement weather many old soldiers were compelled to rem

THE UNITED PRESBYTERIAN ASSEMBLY IS NOW IN SESSION

Opening Sermon of Rev. Dr. J. A. Thompson, Thoughtful and Scholarly.

DEFINES WORK OF CHURCH

Moderator's Text Was "Thy Kingdom Come," and He Talked of Fulfillment of the Prayer — The Moderatorship Candidates.

The forty-fourth general assembly of the United Presbyterian church of America was called to order last night in the Eight church, Perrysville avenue, Allegheny. There were 225 commissioners present, leaving about 50 to come today. The retiring moderator, the Rev. Dr. J. A. Thompson of Tarkio, Mo., had the following seated beside him: The Rev. Dr. W. J. Martin of Fall River, Mass.; the Rev. Dr. William Harvey of Egypt; the Rev. Dr. F. M. Spencer of Cooper Memorial college, Kansas, the Rev. Dr. C. F. Crooks of Atlantic, Iowa.

The Rev. Dr. W. J. Martin opened the service by requesting the congregation to sing "With Joy I Hear." The Rev. Dr. William Harvey made the invocation, after which the moderator, declaring the assembly open, delivered a thoughtful and scholarly sermon. The intense silence that prevailed throughout the crowded edifice was but one of the many signs of great Christian earnestness manifested from the moment the services began. Dr. Thompson laid bare the necessities of the church and in the same voice waxed fervent on its glorious work for God and his kingdom. "Thy Kingdom Come" was the burden of his sermon.

Work of the United Presbyterians.

Concerning the part the United Presbyterian church is to have in the coming of the kingdom he said:

"Turning from the thought of the church in general, what part does the United Presbyterian church pledge itself to play as it offers the petition, 'Thy Kingdom Come?' There has unquestionably been a modification of the meaning of the word 'church' since the multiplication of 'denominations' in comparatively recent days. To what extent does the pledge implied in the original petition apply to the fragments of the universal church?

"The answer is found in the circumstances under which the pledge was first given. This prayer was not taught to the church as a unit, but to the disciples of which the church was composed. It is so with the individual today. As each of us offers this prayer he pledges himself to the extension of the kingdom. One finds his field as the minister in a pulpit of a church in New York city; another is directed to the Pacific coast; another preaches to a congregation of farmers; another presides over a college.

God Blazes the Way.

"The work of the United Presbyterian church, to which it pledges itself in this prayer, is the extension of the kingdom as God blazes the way. The history of the United Presbyterian church is prophetic of the pledges which it ought to give.

"The unrest in religious belief which has become manifest on every hand," he concluded, "is causing many men of God to turn to the United Presbyterian church with hope in their faces because of its strenuous belief in the holy scriptures as able to make men wise unto salvation through faith, which is in Jesus Christ."

The routine work of the assembly will begin today at 9 o'clock with the roll call.

Contest for Moderatorship.

The contest for the moderatorship has dwindled to two, the Rev. Dr. George McCormick of Salinas, Cal., chairman of the general committee on home missions, and the Rev. Dr. J. C. Wilson of the First church, Erie, Pa. Both are learned and prudent men. The latter is regarded as one of the most scholarly ministers in the assembly. His selection by the general committee for chairman and his excellent work from the opening until the closing, yesterday afternoon, will be strong arguments in his favor.

Among the distinguished ministers present last night was the Rev. Dr. George Matthews of London, England. Dr. Matthews is general secretary of the Alliance of Reformed Churches throughout the world holding to the Presbyterian system. He will be invited to address the assembly before it adjourns. Dr. Matthews was at one time pastor of a United Presbyterian church in New York city. During his stay in the United States he will visit many presbyteries in the interest of the great religious council that is to be held in Liverpool two years hence.

Other noted ministers present were the Rev. Dr. William Harvey of Egypt; the Rev. Dr. G. W. Morrison, missionary to India, and the Rev. Dr. J. C. Nevin of Los Angeles, Cal., one of the first ministers selected by the church to open a memorial mission in the Chinese empire.

The Rev. Dr. J. A. Thompson.

LARKIN WILL FILE AN ANSWER TODAY

ANOTHER CHAPTER IN THE HIGHLAND RESERVOIR DISPUTE.

Controller Larkin Is Having Prepared a Number of Ordinances Designed to Carry into Effect the Revenue Increasing Suggestions He Made to Councils.

Controller John B. Larkin, through his attorneys, George W. Guthrie and W. B. Rodgers, will today file in common pleas court his answer to the petition of the Mercantile Trust Company, filed some time ago. The trust company secured an alternative writ compelling the controller to show cause why he should not approve the estimate for work done on Highland reservoir No. 2 during April. The writ is returnable Saturday.

Controller Larkin does not apprehend that the finding of the court will in any way curtail his powers. The city charter gives him the right in issuing a warrant to decide whether it is "justly" due, and the controller believes this gives him the right to decide whether the work on Highland reservoir is being done according to the contract the trust company has with the city. By the terms of the contract the director of public works has full power and some of the work for which the trust company is asking pay was condemned at the time E. M. Bigelow was director of public works.

New Ordinances Being Prepared.

A number of new ordinances are being prepared in the controller's office that will put into force recommendations made by the controller in his communication to councils concerning the revenues of the city. They are being prepared by Assistant Controller E. S. Morrow, who has had years of experience in drawing such ordinances.

According to the charter every city employe shall receive a fixed sum for his services, and all the fees must be paid into the city treasury. Vinton Stevens, city gauger, has drawn a very comfortable stipend in the matter of fees for a number of years. One new ordinance will provide a salary for him, and that salary will be reasonable. An effort will also be made to learn why the city has not been getting more out of the office. Years ago the city secured a revenue from the city gauger thrice the amount it now receives.

The operators of the 168 switch tracks within the city will have to step up to the cashier's desk and settle. Only a few of these now pay anything to the city. An ordinance has been prepared that will fix the rentals at a reasonable rate.

Every pound of coal weighed inside the city limits will in the future bring some revenue into the city treasury. This is being placed in ordinance. Every coal dealer in the city will be compelled to get a license from the department of public works as a city weighmaster, and will then have to pay a certain fee for the weighing of each load of coal.

Small Fees for Weighing Coal.

It is probable that this fee will not exceed 4 cents for each 30-bushel load. There is an ordinance on the city books providing for this, but it has not been enforced. Weighmasters in charge of city scales get 50 per cent of the receipts for their work. Under the new charter they must be paid on salary, and all the fees turned into the city treasury.

STRONG PLEA MADE FOR PENNYPACKER

PHILADELPHIA CITIZENS' COMMITTEE ORGANIZED YESTERDAY.

An Address Issued to the Voters of the State in Behalf of Honest, Faithful and Pure Administration of the Office of Governor.

[SPECIAL TELEGRAM TO THE GAZETTE.]

PHILADELPHIA, PA., May 28.—The citizens' committee of 50 appointed by Ambassador Charlemagne Tower, was organized today by the election of Thomas Skelton Harrison as chairman and Ernest L. Tustin, who was chairman of the Union party committee last fall, as secretary. The following address was issued:

Fellow Citizens—The Republicans of Pennsylvania will soon be called upon to name their choice for governor. The commercial and industrial interests of the state demand that the nominee shall command the cordial support of the party, both regular and independent. He must be a man whose record will guarantee an honest, faithful and pure administration of the office.

That factionalism which cost us the state and nation in 1882, and which in 1890 reduced the mills of this country to idleness, must not be permitted to spread its baleful influence a third time over the progress of our people. The situation imperatively demands Republican success in Pennsylvania: Republican congressional and legislative districts must be held intact and assurances must again be given to the nation that Pennsylvania is truly the keystone of Republican stability, financial confidence and commercial prosperity.

Much, therefore, depends upon the candidate to be named at the state convention in June. If factional feeling carries the day, the outcome will be problematical. If a candidate of eminent fitness, above faction, above personal bickering, above disappointment or revenge is selected, the result is assured.

For this reason, the undersigned committee of 50, appointed at a meeting of Philadelphia citizens on May 21, 1902, hereby commends to Republican voters throughout the state, the candidacy of the Hon. Samuel W. Pennypacker of Philadelphia.

Judge Pennypacker was born in Chester county, of a family long associated with the development of the commonwealth. He was trained in the country schools, where he served as a teacher. His military services as a soldier in defense of the state; as a writer and historian he has improved the general knowledge of his state's history and exalted its position, while as a judge, for more than 20 years in the court of common pleas, he has been distinguished for ability, wisdom and impartiality.

His nomination would eliminate factionalism, for he has never been a factionalist; his devotion to the honor and best interests of his state and his steadfast Republicanism would unite Republicans who stand for party above persons, and a campaign would be assured that would put the party upon the aggressive for the triumphs of high and patriotic principles.

The situation demands the earnest and careful consideration of all Republicans. You are, therefore, urged to assist in furthering the nomination of Judge Pennypacker for governor, by using your influence in his behalf with your neighbors and those who are active in the affairs of the party in your respective counties.

HON. THOMAS SKELTON HARRISON,
Chairman.

Healthy South Side.

The South Side's freedom from typhoid fever cases at present is very gratifying to those having charge of the water supply on that side of the river.

In yesterday's evening's paper appeared the following item of news:

"Fourteen new cases of typhoid fever were reported yesterday. Four of them were located in the Seventeenth ward, two each in the Twenty-third and Nineteenth wards, and one each in the Twelfth, Sixteenth and Twenty-first wards.

"All are in the East End, as usual, with not one case reported from the South Side.

"In regard to which an official of the Monongahela Water Company says: 'Comment is unnecessary.'"

SOCIETY

THE automobile has not yet eclipsed the horse in Pittsburgh. Pleasant afternoons and evenings on the boulevard and in the parks show sufficient evidence of that. Among the handsomest horses seen in the parks this season is the pair Mr. Alexander R. Peacock, former vice president of the Carnegie Steel Company, recently purchased in New York, paying $5,000 for them, which is regarded as much below their actual value. Mr. Peacock has been quietly buying horses the past few months to completely equip the stables adjoining his new mansion in North Highland avenue, East End, and it is said the high steppers and trotters he has purchased have cost him in the neighborhood of $35,000. Mr. and Mrs. Peacock were constantly in attendance at the horse show in Madison Square garden last fall, and at the auction which followed Mr. Peacock was an important buyer.

The pair of horses he brought to Pittsburgh a few days ago are perfectly matched. They are high steppers and each has a record for speed. They are cherry-bays with black manes and make as pretty a sight in the park as any one could wish to see. It is claimed for them that they have a record of 2:30 to a spider phaeton, one having trotted 2:24½ and the other 2:26¼, in single harness.

Mr. and Mrs. Peacock's new mansion in North Highland avenue is one of the largest and most complete in this part of the state. The stable is no less a mansion for the aristocratic equines which will make it their home. There are 26 box stalls in which to house them. The stable is furnished with every modern convenience and luxury.

The large mansion fronting on North Highland avenue and surrounded by terraces occupies almost the entire width of the property purchased by Mr. Peacock from J. Dawson Callery, whose own large stone mansion was moved to make way for the great house erected by Mr. Peacock. It is planned on a very extensive scale, the larger and smaller drawing-rooms, the banquet-room and dining-room, the breakfast-rooms and the beautiful sleeping apartments upon the upper floors all contributing to the magnificence of a millionaire's home.

New Era Club Elects Officers.

The last of May finds the election of officers the chief topic of interest in club circles. Yesterday afternoon the New Era club held its annual business meeting in the assembly room of the Central Young Women's Christian Association, and the following were elected to office: President, Mrs. Franklin T. Jams; first vice president, Mrs. William D. Grimes; second vice president, Mrs. James Kibler; recording secretary, Mrs. Robert J. Cleland; corresponding secretary, Mrs. William M. Leatherman; treasurer, Mrs. T. H. Orr. The finance committee includes Mrs. William M. Hall, Mrs. Nellie B. Shafer, Mrs. D. O. Hutchinson, Mrs. Charles Fairman and Miss Nannie Barclay. The social committee is composed of Mrs. George Moore, Mrs. Alexander F. Leggate, Mrs. Levi Bird Duff, Mrs. Warren Elsey and Mrs. W. C. Butterfield.

The New Era club yesterday voted to contribute $25 to the summer playgrounds, in addition to the $15 given previously. The $25, however, will be held in reserve until it is needed for the work of the joint committee of women's clubs. The social committee is arranging for a boat excursion to be given in a few weeks.

At the meeting yesterday afternoon Dr. Millie J. Chapman was elected an honorary member of the New Era club for life. The election was by acclamation. The club next fall will begin a study of "Great Movements and Notable Leaders."

Social Happenings in Bellevue.

Mrs. George B. Smith of Bellevue entertained at cards yesterday at her home in Division street, for the members of the Afternoon Card club and for a number of outside guests. The affair was the last meeting of the club, and there were about 75 of the younger women of Bellevue and Allegheny present. Domino whist, which has been the game of the club all season, was played at 12 tables. The decorations consisted of spring flowers and dogwood. Six handsome prizes were given, the winners being Mrs. George Harris and Mrs. Christopher Park of Bellevue, Mrs. Rogers of the East End, Mrs. Hamilton, Mrs. Harry Blair of Allegheny, and Mrs. Frank Harvey. After the games an impromptu musical program was given with several Eugene Field recitations by Miss Helen Brode of the East End. Mrs. Clarke of Allegheny sang, accompanied by Miss Lillian Bailey of Bellevue.

This evening the young women of the Bellevue Protestant Episcopal church of the Epiphany, of which the Rev. George Gunnell is the rector, will give an entertainment in the parish rooms of the church in Rodgers and Lincoln avenues. The affair will consist of a Revolutionary sketch "A Daughter of Liberty," written by a Bellevue girl.

To Raise Funds for the Convention.

The Christian Endeavor society of the Second Presbyterian church will give "An Evening of Surprises" in the church parlors tonight. A small admission fee will be charged which will be used in the work of the coming state Christian Endeavor convention. Beside some of the surprises of the evening a very good musical program has been arranged, those taking part being Miss Blanche Bay, pianist; Miss Elizabeth Smiley of Washington, D. C., elocutionist; Miss Lily MacArthur, Miss Carolyn Kell, Miss Lora Cannon and Miss Gertrude Steadman of Cincinnati, soloists, and Miss Edna Cool, reader. The Rev. S. Edward Young, pastor of the church, will give a short talk on some of the funny incidents of his Mediterranean trip, and will have some of the souvenirs of his trip on exhibition.

Election of Officers at Sorosis.

The Sorosis club met yesterday afternoon in the parlors of the Hotel Schenley to listen to annual reports presented by retiring officers and to elect officers to serve during the coming year. That election resulted in the choice of Mrs. Henry J. Bailey, president; Mrs. J. E. Neel, first vice president; Mrs. A. M. Saunders, second vice president; Mrs. Alfred Lomb-more, recording secretary; Miss A. R. Denniston, corresponding secretary, and Mrs. A. P. Hyndman, treasurer. The executive board consists of the officers elected and Mrs. Alfred E. Clark and Mrs. Frank W. Beard.

The Sorosis club will continue its study of recent fiction next year, the program for the year not yet being completed.

Children to Dance at the Alvin.

The children of Braun's dancing academies will take possession of the Alvin theater Thursday and Friday evenings, and Saturday afternoon of next week, and will give their annual dancing carnival. The entertainment will be an elaborate one, with costume, character and fancy dancing by the little people, who expect to eclipse their former efforts in this direction. Over 1,000 children, girls and boys, will take part in the carnival. For five weeks the children have been preparing for this event.

Will Wed Today.

The wedding of Miss Harriet M. Lauder, elder daughter of Mr. and Mrs. George Lauder, and James C. Greenway of New York will take place this afternoon at the home of the Lauders, in Penn avenue, East End. The ceremony will be performed by the Rev. Robert Christie, D. D., of Allegheny.

Miss Ada Louise Thomas, only daughter of Mr. and Mrs. A. J. Thomas of Sheridan avenue, East End, and the Rev. William J. Holmes of Cato street, Oakland, will be married this evening at 7 o'clock.

Wedding Cards Are Out.

Invitations were issued yesterday for the wedding of Mrs. Jessie MacDonald Stewart and R. LeRoy Galleher, which will take place on Wednesday afternoon, June 11, at the home of the bride in Fremont street, Allegheny. After the wedding supper a reception will be held from 8 o'clock until 11. Mr. Galleher and his bride will be at home on Wednesdays in July at No. 209 Hazelwood avenue, Hazelwood. Both are members of the choir of the Hazelwood Presbyterian church.

Practical Work of Edgewood Civic.

A co-operative laundry will be started in Edgewood this summer under the auspices of the women of the Edgewood Civic club, of which Mrs. Frank G. Wallace of Swissvale avenue is president. At a meeting of the club at the residence of Mrs. B. F. Taylor last Monday plans of the new venture were decided on. The laundry will be operated on similar lines to the laundries of the Pittsburgh Association for the Improvement of the Poor. Employment will be given to capable women, hand work will be guaranteed and the use of chemicals not permitted.

The club women will turn over their family washing to the laundry and assume all expenses; also reap all profits, if in the course of time the venture proves to be a financial success.

Negotiations are pending with C. C. Mellor of Edgewood for the lease of a commodious guest house on his present premises, a building already provided with heat, light, modern plumbing and laundry appliances, and the club hopes to be able to inaugurate its enterprise immediately.

Charity Euchre a Great Success.

The charitable euchre at the home of Mrs. Wallace G. Muzzy on Broad street, Sewickley, was a success beyond all expectations. Up until 5 o'clock last evening over $300 had been collected and it was expected that at least $100 more would be added. Mrs. Muzzy was ably assisted by nearly all the society women of the Sewickley valley. The genuine welcome given in by these in attendance, $125 was received as regrets from those unable to attend. There were over 200 present last night. Among those who assisted Mrs. Muzzy were Mrs. Alexander Laughlin, Mrs. George R. Jose, Mrs. Dewitt B. Netleton, Mrs. John Sieck, Mrs. Frank Dravo, Mrs. R. J. Cunningham, Mrs. H. L. H. Blair and Miss Barret. The affair was to provide funds for the Fresh Air Home. There were over 20 prizes offered by merchants and business men of Pittsburgh. The head prize was won by Mrs. David Locher of Philadelphia, a cousin of Mrs. Muzzy.

Japanese Tea for Charity.

A Japanese tea will be given at the residence of Mrs. Charles Somers, Sunnybank, Ben Avon, for the benefit of the Pittsburgh and Allegheny Rescue Home on Thursday, June 5. Mrs. Somers will be assisted in receiving by the president, Mrs. E. S. McLain. Mrs. Martin Prenter, Mrs. J. W. Sprouli, Mrs. W. S. Power, Mrs. W. H. Drum, Mrs. S. R. Stone, Mrs. Daniel Ashworth, Miss Agnes Stirling, Mrs. Miria Rigdon, Mrs. Henry Wittmer, Mrs. James G. Hunter and Mrs. John D. McLean. Mrs. Anna Sawhill will have charge of the tea room and will be assisted by Mrs. Alford S. Cowperthwaite, Miss Lucile Sawhill, Miss Wilma McLean, Miss Kemp Fleming, Miss Helen Ramage. The aids will wear Japanese costumes. Mrs. J. D. Simmons of Braddock will sing. Trains leave the Pt. Wayne station, Allegheny, at 1 o'clock and 2 o'clock and stop at Emsworth station, convenient to the residence of Mrs. Somers.

Reception to Bride and Groom.

At the residence of Mr. and Mrs. Robert W. Smith in Perrysville avenue, Allegheny, an informal reception was tendered last evening to the Rev. William S. Smith and his bride, Mrs. Eva Wick Smith. The couple are on their wedding trip to Niagara Falls, having been united in matrimony at the home of the bride's parents in Harrisville by the Rev. C. S. Manor yesterday at 3 p. m. The reception was quite a surprise to the bride and groom, as it was the result of a preconcerted arrangement by Miss Cora Logans, a social coterie consisting of a score of Allegheny's best young people. The Rev. Smith is a graduate of Xenia Theological seminary of the class of 1900, and is pastor of a flourishing congregation in Samford, Ont.

George—Myers.

The wedding of Miss Eliza Coulter George, daughter of Mr. and Mrs. Daniel C. George of Latrobe, to John Myers of Wooster, took place last evening at the home of the bride in West Depot street, Latrobe. The ceremony was performed by the Rev. Ebenezer Black of the First Presbyterian church. The bride wore a gown of white Persian lawn, trimmed with Valenciennes lace and carried a bouquet of lilies of the valley. The bride's sister, Miss Laura George, was bridesmaid and carried pink roses. Miss Harriett Cooke, the bride's niece, was flower girl. Mr. Myers was attended by Carroll E. Miller of Pittsburgh. The groom's gift to the bride was an immense sunburst of diamonds and pearls. Mr. and Mrs. Myers left on a western tour after the ceremony.

Concert at Pennsylvania College.

The third annual concert of the Glee and Mandolin clubs of the Pennsylvania College for Women and the Shadyside Academy will be given this evening in Dilworth hall. These concerts have heretofore been very successful and an excellent program has been arranged for tonight.

Notes of Society.

Dr. and Mrs. Cadwallader Evans and their family leave June 10 for Canada, where they will spend the summer.

The marriage of Miss Virginia Reed Armor, daughter of Mr. and Mrs. Aipheus Armor of Allegheny, to J. Harper Lyon, will take place Tuesday evening, June 3.

The Ladies' Aid society of the Arch Street Methodist Episcopal church, Allegheny, will give its annual strawberry and ice cream festival this evening in the church parlors. A good musical program will be presented.

The Young People's Christian Endeavor society of the Sixth United Presbyterian church, East End, gave a very successful reception and entertainment on Tuesday evening, which was enjoyed by over 200 of the young people of the church. The entertainment was given by Miss Janet Robertson and Miss Gertrude Gray, vocalists, and Miss Korner, Miss S. N. Wheeler and H. Henry, readers.

BREAK FROM ELKIN.

Schuylkill County Man Says That He Is for the Judge From Philadelphia.

PHILADELPHIA, May 28.—(Special.)—That many of the delegates, instructed and uninstructed, claimed by Attorney General Elkin, will not support him for the gubernatorial nomination has been known from the outset by Senator Quay and his friends. They have not been disturbed by Mr. Elkin's optimism, being assured that he could not win even though he received all the votes claimed by him.

The first open break in the Elkin column came today. David R. James of Shenandoah, Schuylkill county, a delegate who has been claimed by Elkin was here today and said:

"I never was for Elkin and statements to the contrary were not authorized by me. I will support Judge Pennypacker and have intended doing so since his name was first submitted. A candidate who will harmonize the party and command the confidence and support of all Republicans is required, and Judge Pennypacker meets these requirements."

HAIR GROW

She Started with a 25c. Bottle.

Average growth, 1¼ in. per month for 20 consecutive months.

Miss Sarah MacComb, 3336 So. Park Ave. Chicago, Ill.

By permission we herewith reproduce photograph of Miss Sarah MacComb, a lady who has lived in Chicago all her life and is well known in the city, especially on the South Side. Her hair before she commenced the use of Danderine would not reach below her waist, while now it touches the floor when she stands erect. This remarkable growth is the result of using Danderine, the grandest of all hair and scalp tonics, regularly as a dressing.

It Gave Her Hair New Life

and will do the same for you if you give it a fair trial. Danderine puts new life and vigor in both the hair and scalp. It makes the hair fluffy, silky, and there seems to be no limit to the growth it will produce. There is no other that can be compared to it, as it is founded on new ideas altogether.

TO THE PUBLIC!

By request of Miss MacComb, we reproduce the following letter.

KNOWLTON DANDERINE CO., Chicago, Ill.

Gentlemen:—I am having so many inquiries regarding the ad. that you are now running showing my picture, that I am sending you this letter for the benefit of the public that you may reproduce it, and I will state under oath if you so desire that I used Danderine for twenty consecutive months and the average growth of my hair was one and one-fourth inches per month, making a total of twenty-five inches in twenty months. You are at liberty to use this letter underneath my picture, and by so doing will save me the trouble of answering the large number of inquiries which I am receiving daily. Sincerely,

Chicago, Feb. 5th, 1901. Sarah MacComb

ARRESTED FOR EMBEZZLEMENT

The Treasurer of York County Charged With Using Public Funds.

FINANCES ARE IN A MUDDLE

[SPECIAL TELEGRAM TO THE GAZETTE.]

YORK, PA., May 28.—William O. Thompson, treasurer of York county, was arrested this afternoon on a charge of embezzlement. The arrest was made on information by Jeremiah Z. Hildebrand, county commissioner, who was appointed to office a month ago, to fill a vacancy caused by the death of Commissioner Miller. When Commissioner Hildebrand went into office he claims he discovered evidences of loose methods and an investigation was started, which revealed, it is alleged, that vouchers for the payment of constables and witnesses' bills had been raised.

Today's arrest was based on three bills alleged to have been altered by Treasurer Thompson. The information recites that Thompson appropriated to his own use funds belonging to the county in sums of $100, $90 and $10.

Investigations are still in progress and the sums said to have been misappropriated aggregate thousands of dollars. Commissioner Hildebrand announced that new discoveries of fraud were made today in the treasurer's office which were simply astounding. These alleged frauds are along a line entirely different from those mentioned heretofore.

Discovery has also been made that the county commissioners have made temporary loans since January 1, 1902, of over $135,000. These loans, it is said, were made without lawful authority. To complicate matters the county treasury is empty and the payment of bills for current expenses has been stopped until the taxes for 1902 come in. Investigation shows that bills aggregating $5,000 have been paid by Treasurer Thompson since January 1 in advance of their approval by the commissioners. Scores of these bills, it is said, have been raised.

County Treasurer Thompson was elected on the Democratic ticket and was sworn into office on January 1, 1900.

FOURTH AVENUE.

"Two years ago, while camping out during a rainy spell, I caught a severe cold, which settled in my back. For four days and a half I sat in a camp chair, all doubled up. Any attempt to straighten up brought the most intense pain. A courtesy physician who was called administered morphine and with the help of my friends I succeeded in getting home. Mrs. Joachin knew of the value of Doan's Kidney Pills, and got me a box at Fleming's drug store. The first box brought relief, but not cure. I continued using the pills, however, until within a couple of months I was as well and strong as ever. My whole system seemed to be strengthened and helped. I have had one slight attack of the trouble since, but a few doses of the pills fixed me all right in a remarkably short time. I cannot tell you how much I appreciate this wonderful remedy."

Mrs. William Armour, who has a grocery store at No. 528 Seventh avenue, suffered for several years with kidney trouble, and would have been suffering yet had it not been for the work of "The Little Conqueror." "It began with a pain across the small of my back," she says, "and gradually grew worse, until I was scarcely able to go about my work. A friend advised me to try Doan's Kidney Pills, and I got a box. The first few doses helped me wonderfully, and before the box was finished I was completely cured. I was so rejoiced that I sent a box to my sister, who lives in Leechburg, and who has suffered a great deal from kidney trouble. She was as greatly benefited as I was, and never gets tired of talking of the wonderful merits of Doan's Kidney Pills."

HOUSE OF COMMONS FAILS TO ATTACK SHIPPING COMBINE

Reference to the Morgan Syndicate Is Ruled Out by the Speaker.

COMMITTEE NAMED ON SHIP SUBSIDY

[ASSOCIATED PRESS CABLE TO THE GAZETTE.]

LONDON, May 28.—The shipping question was brought up in the house of commons tonight on a motion for the reappointment of the committee on ship subsidies. Discussion brought from all parts of the house expressions of a strong desire to enlarge the scope of the committee so as to enable it to report upon the latest developments of the ocean carrying trade.

Charles Wilson, Liberal, said that never before had the British merchant marine been so vitally important to the empire and that never had it labored under so many handicaps as at present.

Charles McArthur, Liberal, condemning the foreign bounty system, said that Great Britain must meet subsidy with subsidy. This remark was greeted with cheers from the opposition.

Reference was made to the shipping combine, but a ruling by the speaker of the house shut off the debate from this direction.

The committee on ship subsidies was reappointed, but its scope was not enlarged.

VETERAN RAILROADERS HOLD ANNUAL REUNION

Robert Pitcairn Again Elected President of Employes' Association at Altoona.

[SPECIAL TELEGRAM TO THE GAZETTE.]

ALTOONA, PA., May 28.—The eleventh annual reunion and banquet of the Pittsburgh division of the Pennsylvania Railroad Company's Veteran Employes' association was held at the Logan house this afternoon and evening. Two hundred and fifty old railroaders participated in the event.

The following officers were elected for the year: President, Robert Pitcairn; vice president, Thomas Ridley; secretary, Edwin S. Bachelor; treasurer, John Aldred; executive committee, Thomas E. Watt, Edward Pitcairn, C. M. Alexander, W. D. McKelvey, George Cassidy and T. E. Watt.

The report of the treasurer showed a balance of $628 62. Memorial services for the 23 members who died during the year were held. President Pitcairn, in a brief address, made feeling reference to the deceased veterans.

The banquet was held tonight, covers being laid for 300. President Pitcairn officiated as toastmaster.

AMERICAN CONSULATE IS NO CLEARING HOUSE FOR THE WIFE MARKET

Cash Offers for Wives Are Received, but Not Answered.

OFFICIAL IN CHARGE MAKES A STATEMENT

[COPYRIGHT CABLE TO THE GAZETTE.]

(Copyright, 1902, by New York Herald Co.)

LONDON, May 28.—Wanted—An American to sell one of his countrywomen for 250 guineas.

Such is the tenor of a letter received today at the United States consulate general in London. Here is a copy of a letter which Mr. Richard Westacott, acting consul general, received:

Dear Sir: A client of mine has asked if I know an American lady of means and social ambition willing to marry an English peer of high rank, middle-aged, but handsome and amiable, a widower without children. Of course it would be a marriage of mutual convenience, the lady contributing a certain amount toward the keeping up of the family estates. The lady may be a widow, but she must be of good repute, not a divorcee. My client, who is acting for a third party, offers 250 guineas ($1,212 50) to anyone whose assistance may lead to a successful issue of the purpose in view. Should you desire any further details on the subject I shall be happy to hear from you. Yours faithfully,

P. LE NORMAND.

Mr. Westacott was naturally indignant at being the recipient of such a letter. "Persons with titles to sell need not expect to make the United States consulate a clearing house," he said, "I should like it understood that I resent such a proposition as a deliberate and deep insult to my countrywomen."

CALL IS ISSUED FOR CITIZENS CONVENTIONS

County Central Committee to Be Named at Legislative District Gatherings.

JUNE 3 IS THE DATE SET

Over 8,000 Voters Already Pledged to Assist Citizens in County Fight. State Chairman Creasy and Other Democrats Gather to Consult.

Dr. Cadwallader Evans, provisional chairman of the Citizens county organization, yesterday issued a call for the legislative district conventions to be held on June 3 for the purpose of selecting members of the county central committee according to the apportionment published two weeks ago in The Gazette.

Each legislative district in the county is entitled to two members of the county central committee for each member of the lower house of the legislature elected in that district.

The legislative conventions will meet at the time and places named by Chairman Evans, as follows:

First legislative district—7:30 p. m., common council chamber, Allegheny; will elect four representatives.

Second legislative district—7:30 p. m., select council chamber, Allegheny; four representatives.

Third legislative district—7.30 p. m., Citizens headquarters, 420 Third avenue, Pittsburgh; four representatives.

Fourth legislative district—8 p. m., Citizens headquarters, 420 Third avenue, Pittsburgh; four representatives.

Fifth legislative district, 8 p. m., common council chamber, Pittsburgh; eight representatives.

Sixth legislative district—8:30 p. m., Citizens headquarters, 420 Third avenue, Pittsburgh; four representatives.

Seventh legislative district—8 p. m., Citizens headquarters, 420 Third avenue, Pittsburgh; four representatives.

Eighth legislative district—8 p. m., common council chamber, Pittsburgh, two representatives.

Work of Central Committee.

The central committee to be chosen at these district conventions will be composed of 32 members and will have charge of the county campaign. Dr. Evans will probably be elected permanent chairman. The central committee will meet soon after the Republican county conventions are held on June 7 and will make the nominations for congress, the legislature and the county offices on the Citizens ticket.

The Citizens already have organizations in all of the 540 election districts of the county. Each election district has its chairman, secretary, treasurer and other officers. The names already subscribed to the new organizations in the election districts number 8,000, and every person who has signed is said to be ready to take an active part in the campaign.

Chairman Evans said yesterday that these figures alone portend a revolution in the county this fall against the old organization. He said branch headquarters would be opened shortly in McKeesport, Braddock and Crafton.

Each legislative district convention which will meet on June 3 will elect its own officers. It will be noticed in the call that the chairmen are not designated, as was done by the Sixth avenue organization. The New York plan has been adopted by the Citizens and the campaign will be conducted by campaign committees in the several legislative districts.

Creasy and Other Democrats Here.

Democratic State Chairman W. E. Creasy, accompanied by Secretary Rudolph Shirk of Erie, was in the city yesterday attending a conference of Western Pennsylvania Democratic leaders at the Monongahela House. Representatives from the Third division, composed of Allegheny, Armstrong, Beaver, Butler, Fayette, Greene, Jefferson, Indiana, Washington and Westmoreland counties, were present. The meeting was called, ostensibly, for the consideration of plans for organizing the western part of the state on the school district system, inaugurated during the Tilden campaign. Chairman Creasy said, however, that the meeting was not so much for this purpose as it was to make arrangements for the state convention in Erie on June 25.

The Democratic chairman was reticent about discussing the chances of the various prospective candidates for the Democratic gubernatorial nomination, but he talked about the Republican candidates much more freely. It was evident from Chairman Creasy's talk that he was very much in favor of the Republicans nominating Attorney General John P. Elkin, and that he would be very badly disappointed if the Stone candidate is not nominated.

Wants Elkin Nominated.

"It looks very much as though Elkin is going to win the nomination," said the Democratic chairman. "He appears to be getting the delegates," added Mr. Creasy. He said he had heard no names suggested for the Democratic nomination for lieutenant governor and denied that A. J. Palm would be nominated. He said that Mr. Palm would run for the state senate in Crawford county.

Quo warranto proceedings were formally begun yesterday in common pleas court No. 3 to oust James W. Platt from the office of select councilman from the Second ward. The writ is signed by W. D. Orr and John B. Brooks.

THIRD DISTRICT ORGANIZES.

Citizens Party Launched at a Meeting in Etna.

At a meeting of citizens of the third district of Allegheny county last evening in the office of Justice of the Peace James C. Williams at Etna a permanent organization of the Citizens party in that district was formed. There were 21 names enrolled on the list by as many voters and the prospects are considered excellent for rapid growth of the movement.

Those present were generally agreed that Citizens candidates should be nominated for all offices, both county and state, as well as district. The permanent officers chosen are: Chairman, J. M. Harman; vice chairman, A. J. Stitz; secretary and treasurer, J. J. Myer; delegate to county convention, J. C. Williams.

APPOINTMENTS ANNOUNCED.

Physicians, Surgeons, Solicitors and Agents of the Humane Society.

The first meeting of the new board of managers of the Humane Society was held yesterday. The following appointment were announced:

Solicitors—Charles F. McKenna, Frank W. Snyder, R. W. Stowe, Robert H. Douglass and A. H. Ihry.

Vice chairmen—J. A. Waugh, city; C. Boyd, Allegheny; H. S. Richards, East Pittsburgh; Reynolds, South Side; William Nicols, Allegheny; W. E. Wright, city.

To Extend Double Tracks—The Pittsburgh Railways Company, it is reported, will extend the double track from Glendale to Leasdale, and put on more cars. The people of Bridgeville, but two miles from the end of the line, will make an effort to have a line laid to that town.

Homestead Property Sold—Frank E. Baldwin yesterday sold for D. R. Jones a lot 24x110 feet in Eighth avenue, near West street, Homestead, to John R. Davies for $5,040, which is an average of $210 per foot front. The purchaser will erect a business house on the lot.

College Graduate Elected—Prof. J. C. Speicher of Meyersdale was elected principal of the Munhall borough schools last night. Prof. Speicher is a graduate of the University of Pennsylvania, and has been principal of the Meyersdale schools for the past two years.

No Attempt at Robbery—A report was in circulation on the South Side yesterday morning that an attempt had been made during the night to rob the German Savings bank, No. 1401 Carson street. J. F. Erny, the cashier, denied the rumor.

Said Cushion Was Valuable—A negro who gave his name as Wooldridge and his address as No. 47 Linden street, applied to the police yesterday to recover a sofa cushion which he said was stolen from his house, and which, he asserted, had been made by the wife of President Roosevelt.

Cashier Has Resigned—T. J. Kerr, cashier of the Commonwealth bank, East Pittsburgh, resigned yesterday. Mr. Kerr goes to Ligonier to take a position in a bank there. He will have no successor in the East Pittsburgh bank, as it will in a short time be absorbed by a trust company.

All Boilers Defective—It was discovered yesterday that all of the boilers of the Homestead water works are defective, and an entire new outfit will have to be purchased. The men who examined them expressed surprise that all did not explode the other day instead of only one.

Fought About Children—Philip Fred Schuler of California avenue, near Shady avenue, Allegheny, is under $300 bail for a hearing before Alderman Samuel Abernathy on a charge of assault and battery preferred by Mrs. Fred Ceye of No. 290 Shady avenue. The two had a dispute about the children playing in a yard.

After Telephone Companies—The Homestead Business Men's association talked telephone last night, and arrived at the conclusion that the service is very poor. A committee was appointed to present a resolution to the borough council at the next meeting asking that the franchise of both telephone companies be revoked, if immediate and permanent improvement is not made in the service.

Committee Ready to Report—The committee on municipal affairs of the chamber of commerce met yesterday afternoon and prepared their report covering several important municipal improvements, including parks at the Point and at the Allegheny arsenal in Lawrenceville. The report will be presented at a special meeting of the chamber of commerce on Monday.

Coal Cars Broke Water Main—Two cars of coal on a trestle of the Spring Hill mines jumped the track yesterday and fell into Turtle creek, where they smashed the 12-inch main of the Pennsylvania Water Company. The coal was then thrown higher than the trestle by the water. Pitcairn was without water for five hours, until the break could be repaired.

Died of His Injuries—S. M. Kimmins, conductor on the Panhandle railroad, who fell off the train yesterday morning at a crossing in West Carson street, West End, and was removed to the Homeopathic hospital, died there at 3 o'clock yesterday afternoon. Both arms had to be amputated and he died after the operation. Kimmins was 42 years old, a widower and resided at Sheraden.

Bucsinol Held for Murder—John Bucsinol was yesterday held by the coroner's jury for the murder of John Donnelly in Alexis street last Thursday night. It was developed that Patrick Donnelly, a brother of John, conducted a speakeasy, and that Bucsioni had been there drinking. James Donnelly, another brother, had words with Bucsioni and struck him. John then came along and he led Bucsioni away, when the fatal shot was fired.

Was Well-Filled Purse—It was reported to the police last night that a chain purse had been lost on a street car by a visitor going to the Hawkins G. A. R. home at Hawkins station and because of a large amount of money in it, a check and a postoffice money order, in all about $400, the police were asked to make an effort to recover it. The check was made payable to Sadie Abbott, treasurer of the home.

He Was a Swift Spender—John Lintner, aged 13, is locked in Allegheny Central station at the request of his father. The boy's home is at Lowrie and Clark streets, Troy Hill. It is alleged that last Saturday the boy stole $85 from a boarder at the house, ran away from home with some boy companions and had a gay time spending the cash until he was captured last night. When arrested the boy had but $7. He will probably be sent to Morganza.

Fell from Street Car—John Sweeney of Thirty-third and Butler streets was perhaps fatally injured by falling from a street car at Fifth avenue, Homestead, yesterday afternoon. Sweeny attempted to change his seat and while walking on the running board of the car slipped and fell to the pavement. When picked up he was bleeding from a number of wounds on his head, and it is feared his skull was fractured. He was taken to Mercy hospital.

Homestead Commencement—The annual commencement of the Homestead high school will be held in Carnegie hall tonight. The class consists of 16 members. The address will be made by Dr. Lincoln Fuller of Bucknell university. Those composing the class are Anna C. McWhinney, Myrtle E. Keyser, Lyda J. Stewart, Myra J. McCleery, Ercie M. Laird, Derlie O. COLLEGE COMPLEXIONS.

Can be Ruined by Coffee.

Nothing so surely mars a woman's complexion as coffee drinking. A young college girl of Hyattsville, Md., says: "I never drank coffee up to the time I went to college, and as long as you are not going to publish my name will admit that I was proud of my pink and white complexion, but for some reason I began drinking coffee at school and when vacation came I looked like a wreck. Was extremely nervous and my face hollow and sallow.

"All my friends said college life had been too much for me. After questioning me about my diet, mother gave me a cup of strong, rich coffee at breakfast, although formerly she had objected to the habit, but the secret came out in a few weeks when everybody began to comment on my improved looks and spirits. She said she had been steadily giving me Postum Food Coffee, and I did not know it.

"My color came back, much to my delight, and I was fully restored to health. I will return to college without the slightest fear of losing ground, for I know exactly where the trouble lies.

"Mother says the first time she had Postum made no one would drink it, for it was pale and watery, but the next day she did not trust to the cook, but examined the directions and made it herself. She found the cook had just left it come to the boiling point and then served it, and it was tasteless, but the beverage made according to directions, by proper boiling, is delicious and has a remarkable 'taste for more.' One cup is seldom enough for father now.

"I have a young lady friend who suffered several years from neuralgia and headache, obtaining only temporary relief from medicines. Her sister finally persuaded her to leave off coffee and use Postum. She is now very pronounced in her views as to coffee. Says it was the one thing responsible for her condition, for she is now well and the headaches and neuralgia are things of the past. Please do not publish my name." Name can be given by Postum Co., Battle Creek, Mich.

EXTRACTING TEETH

Is something dreaded by all—but improved methods (such as URLING BROS. use) has made Extracting Painless.

About 11 years ago we startled this city by advertising that we could extract any number of teeth without pain by a simple application to the gum, while you remained conscious—even invited doctors who were curious, to be present. It was a grand success and increased our business very much. "Since," we have improved this anaesthetic (which we make ourselves) until it is about perfect. Everywhere we are talked of as the Dentists who can pull teeth without pain—no bad after results. We also give Air or Gas, all under the personal care of Drs. Urling. Our Corrugated Suction Plates fit when all others fail—made and owned only by us.

R·I·P·A·N·S

I will be sixty-one years old next April, and all my life had been a great sufferer from dyspepsia and indigestion. Up to three years ago I was sure that nothing would help me, as I had tried almost every known remedy, none giving me much relief. One day my family physician told me to try Ripans Tabules, as he had found them of great benefit in several obstinate cases of indigestion and dyspepsia. I will say candidly that I had little faith in them or in any other medicine when I began taking the Tabules. Much to my surprise, I felt better within a day and was soon greatly relieved. I kept taking them and continued to improve. I felt like a new woman, and my neighbors and friends saw a great change for the better in my health.

League Games Today.

Philadelphia at Brooklyn.
New York at Boston.

Ninth-inning finishes are getting to be popular affairs with the Pirates. They had another one of them at Exposition park yesterday afternoon, when they put it over those detested Cincinnati Reds by a score of 4 to 3. It was a case where Tannehill was called on to win his own game, and he responded to the cry most nobly.

The afternoon was unsuited for baseball. It was raw and cold, with a small hurricane of wintry blasts sweeping across the park, which made the players don extra sweaters and hug each other in efforts to keep warm. It was not expected that any but dyed-in-the-wool cranks and men who have business at the park would turn out to see a contest. That was about the limit of the crowd, as the attendance figures of 781 show that it was the smallest turnout here for years.

Visitors Got a Life-Saver.

Considering the state of the weather and the fact that the players were carrying extra weight in the way of wearing apparel, the game was not such a bad one, after all. It was an interesting one for the small crowd because it might have been called anybody's game until the final inning. To be sure, the champions went to pieces in the sixth inning, and, by a series of blunders, allowed the visitors to score three runs and save themselves a shut-out. Still that only made the game more interesting, because it made the champions exert themselves to the limit for a victory. Then, too, the return of Clarke and Ritchey to the game added more interest.

When the champions' half of the ninth inning was reached the score was even, at 3 and 3. The "Heinies" were chattering like a lot of magpies under the delusion that they still had a chance for victory. The first Pirate batter up was Tannehill, who was responsible for an individual run in the grandstand to win his own game, as the spectators were anxious to get home and eat a meal on. This demand was backed up by the other grandstanders, who were doing a stamping chorus in order to keep warm. Out in the bleachers the spectators were chasing each other up and down the seats.

Tanny Won His Own Game.

Thielman, who was doing the pitching stunt for the German comedy troupe, had two strikes on Tanny by reason of foul balls, but the next one over Jesse straightened out and drove it like a rifle-shot down into center. Dummy Hoy tried to head the ball off, but it eluded his grasp. By the time he did get hold of it Tanny had turned second and easily beat the throw to third. Davis tried to bring the run in, but failed, and Fred Clarke was presented from doing it by being banged on the leg with a ball and forced to first. It was then up to Beaumont, and he copped the trick by shooting out a neat single, on which Tanny crossed the plate.

After the run had been scored the "Heinies" raised a kick, claiming that Tannehill should have been called out on strikes. They had to have something to kick about. Charley Power, the local member of the league staff, umpired his first game on the home grounds and his work on balls and strikes was almost faultless. He has a strong voice and his rulings can be heard all over the grounds. He showed that he is not to be held to be dictated to. He made the players attend to their business and would brook no back talk. Another pleasing thing was the way he hurried the game along and would allow no loafing between innings. Tom Brown looked after the base decisions and had an easy time of it, as there were no very close plays.

Wild Throws Cut a Figure.

The Pirates got their runs in the single order, the first one coming in the third inning, when, with two out, Beaumont singled, went to third on Strafeld's wild throw and scored on Wagner's single. In the fifth Clarke reached first on a single, second on Davis' out at third and scored on Peitz's wild throw to Beckley in an effort to head off Beaumont at first. Davis scored in the seventh, when he got a base on balls and went around on an out and a wild throw. Tannehill's run won the game in the ninth.

The visitors should have been blanked in the sixth, but Ritchey's wild throw gave them a lease of life and by lucky hitting they managed to secure three runs. The score:

NOTES OF THE GAME.

Charley Power, who made his first appearance here as a league umpire, made a decided hit with the small crowd. His decisions are prompt and in a voice loud enough to be heard by all. He shows he has full command from the start and will brook no back talk from players, which is a good point. Charley's old fellow workers in the scorer's box presented him with a handsome bunch of posies, and he blushingly bowed his thanks.

Tommy Leach put up a pretty play in the third when he raced in on Hoy's hot grounder at third and fielded the fleet dummy out at first. It took fast work to turn the trick.

Secretary Pulliam announces that the Decoration day games with Chicago will be called at 2:30 p. m. sped 3 m. A monster crowd is looked for, as the advance sale of tickets is the largest ever known here.

The champions will go to Wheeling this morning and in the afternoon will play an exhibition game with the Wheeling team. Eddie Foote, who is a pronounced favorite in the West Virginia town, will pitch for the champions.

In the third inning Tannehill struck Thielman out on three pitched balls. The first two strikes were called and the third Jesse wrapped around the Red twirler's neck, but he went after it good and hard.

Big Jack Crawford, the Reds right fielder, contributed a neat play in the fifth inning when he made a great throw to third after fielding Clarke's base hit and retired Davis. The latter was working the hit-and-run, but big Sam neatly nipped the play.

In the ninth inning when Dummy Hoy was at bat, Tommy Corcoran, who was coaching line, was too busy to notice Umpire Brown, so he fell down a number of balls and strikes and the Dummy struck out. The other Reds yelled at Captain Tommy, but he appeared to be dreaming.

Homan Wagner and Jake Beckley had a run in the first base in the first inning, and the Carnegie boy tumbled over two or three times before he finally settled on the ground. That was enough to show that he had all steam on going into the bag, over which Beckley was stretched to receive Steinfeldt's throw. The collision could hardly have been avoided and it was lucky for the Pirates that it occurred.

The crowd was not a large one, but what it lacked in numbers it made up in noise when Manager Clarke walked out to take his place in left field for the first time since his run in with Fred Thomas. The bleacherites also had a welcome for their favorite. Claude Ritchey was also generously welcomed back into the game. Ritchey's hand is still sore and he showed a little of it when he came back into the game.

The Heinies raised a howl after yesterday's game was over, claiming that Umpire Power had called to call a strike on Tannehill in the ninth inning. The latter only kicked on was pitch. The ball was quite wide of the plate, still the Reds had to find some excuse for their throw-down and as per usual the blame was placed on the umpire. Rules to the pitch the Brushites threw up their hands and quit. It looked that way, anyhow.

In the ninth inning, after Tannehill had slammed out his three-bagger, the visiting infield consulted with the pitcher and he was warned to loaf for Beaumont. In trying to accomplish the feat Thielman's wild second throw to first retired Wagner.

Ritchey's hand is still sore and he showed a little of it when he came back into the game.

The Heinies raised a howl after yesterday's game was over, claiming that Umpire Power had called to call a strike on Tannehill in the ninth inning. The latter only kicked on was pitch. The ball was quite wide of the plate, still the Reds had to find some excuse for their throw-down and as per usual the blame was placed on the umpire. Rules to the pitch the Brushites threw up their hands and quit. It looked that way, anyhow.

In the ninth inning, after Tannehill had slammed out his three-bagger, the visiting infield consulted with the pitcher and he was warned to loaf for Beaumont. In trying to accomplish the feat Thielman's wild second throw to first retired Wagner.

BROAD WANTS A FIGHT.

The Kid Anxious to Meet Monday Night's Winner—Eddie Kennedy Gets a Match.

Kid Broad's manager, Joe Macias, writes Billy Corcoran that he would like to match Broad to meet the winner of the McClelland-Olson contest next Monday night. Macias and Broad arrived in Chicago from Denver, where the Kid boxed the champion, Young Corbett. Macias claims Broad should have had the decision. Billy Corcoran, McClelland's manager, says if McClelland wins over Olson next Monday night Broad will be given the next date.

Eddie Kennedy of this city and Fred Broad of New Kensington were matched last night to meet in a 20-round contest on June 16 for a side bet of $250. After a long argument Kennedy's backer agreed to box at catch weights. Broad being a heavyweight, he will have at least 20 pounds on the Allegheny boy. Broad will start training at once at his home. Kennedy will work along with Jack McClelland, who meets Ole Olson here next Monday night.

TO PLAY POSTPONED MATCH.

Pittsburgh and Edgeworth Will Meet at Schenley Park Today.

On the Schenley park course of the Pittsburgh Golf club today the Edgeworth team of Sewickley will play the Western Pennsylvania league match postponed from last Saturday. The match to have been played yesterday between Allegheny and Edgewood was postponed at the last minute on account of a death in the family of G. W. Wurzell, one of the Edgewood team.

On the Sewickley course of the Edgeworth club yesterday the qualifying play for the cup offered by Mrs. Elliot Rodgers was decided. The lowest eight net scores will continue in match play today and conclude on Saturday of this week. It was the opening women's play of the season for Edgeworth.

	Gross.	H'cap.	Net.
Mrs. W. N. Kerr	118	10	108

GOLF CHAMPIONS MEET IN THE EAST

THE METROPOLITAN ASSOCIATION TOURNEY GETS FINE START.

Among Those Entered Are Amateur Champion W. J. Travis and Findley S. Douglass—Fine Scores Were Turned in for the First Day.

[BY ASSOCIATED PRESS TO THE GAZETTE.]

NEW YORK, May 28.—In the Metropolitan Golf association's fourth annual tournament, which began on the links of the Tuxedo golf club today, the preliminary and first match play rounds were finished. The course, said to be the most picturesque in America, was in fair condition. Amateur Champion W. J. Travis, who won the Metropolitan tournament two years ago, and Findley S. Douglas, the present Metropolitan champion, were among those entered. Other prominent players were C. B. MacDonald, a former national champion; C. B. Cary, who has played with much success at Palm Beach, and John Smith, champion of the Hudson River association.

Forty-nine men started in the qualifying round of 18 holes, the first pair driving off at 9 o'clock sharp and finishing soon after 11. Thirty-one turned in cards of 92 or under and four were tied at 94 for the 32d place among the qualifiers. They played off at once, the honor going to C. F. Watson, Sr., who made the two holes played in four each.

The medal for low score in the qualifying round goes to Travis, whose 76 was the only card below 80.

The pairing for match play was made under the new system recently adopted by the United States Golf association which is supposed to avoid the meeting of the strongest players in early rounds.

The afternoon match between F. S. Douglas and L. Livingston, Jr., attracted the largest gallery. A. K. Robbins and W. B. Dinsmore, Jr., had a 22-hole struggle in which the latter was finally successful.

The afternoon match leaves the pairs for tomorrow morning's matches as follows:

Travis and Ward, R. C. Watson and Knapp, Douglass and Tappin, Lynch and Smith, Thompson and Dinsmore, Horstman and Emmet, Travell and Redfield, Marcellus and Chauncey.

HAVE NOT SIGNED YET.

Lajoie and Bernhard Still Dickering With Cleveland.

CLEVELAND, May 28.—The ball players, Lajoie and Bernhard, who are in conference with the officials of the Cleveland club, did not sign contracts with that club today, as was expected they would. However, it is said that there has been no hitch and that there is no hurry in the matter of signing a contract.

Lajoie and Bernhard were out to the local grounds today and wore a Cleveland uniform in their practice.

Board of Health Interfere.

IF HOUSE DRAINS MUST BE KEPT CLEAN, HOW MUCH MORE IMPORTANT ARE THE BODY DRAINS.

It is the aim of every good housekeeper to keep the house drains perfectly clear and free in order that the waste matter may find a quick and sure outlet. Every day she washes out the traps in order that no foul odors may arise and an accumulation of solid matter become so great as to obstruct the pipes. She knows that if she did not keep her drains clean the Board of Health would soon make trouble for her and that she would be compelled to put everything into the best of condition.

Now, the body is very much like a house in this respect, and we are each his or her own housekeeper. Nature furnished everyone with a perfect body drain at birth. This is the purpose of the bowels, and in a perfectly healthy person they carry away all the impurities and waste of the system.

But just as there are careless housekeepers, so the majority of people are negligent of their bowels. There is no Board of Health to go to this latter class and tell them that they must keep their bowels in a clean and healthy condition, and in consequence they continue to neglect the drains of the body until they are in a condition so foul and diseased that the whole body is affected.

Overeating highly spiced or other improper food, diseases from unclean or unsanitary materials, the constant use of stimulants; any of these causes and many more tend to impair the digestion, and in consequence force a mass of unhealthy substance into the bowels, which are unable to cope with it. All action ceases; gases form from the decaying deposits; the body absorbs poisonous matter; the breath becomes fetid and the tongue coated; blotches and eruptions appear on the face and body; strength fails, and the whole system is upset.

In nine cases out of ten when anyone says, "I'm all worn out," the cause of the trouble can be traced to neglect of the bowels. We strongly advise anyone who suffers from indigestion, dyspepsia, constipation or similar troubles to start taking Blood Wine today. Blood Wine is a mild cathartic, and a gentle, permanent tonic. Blood Wine tones the bowels, gives them strength, it gets results at once, and which keeps the bowels clean and free and gives them strength. It regulates and its effects are always pleasant. Best of all, it purifies the blood and assures vigor and health to the whole body.

Philip H. Warren of Fairfield, Me., says:—

"I was weak and very ill from nervous dyspepsia. I consulted several physicians, who gave me many different medicines, but I seemed to get no benefit from them.

"Blood Wine was recommended to me, and although I hesitated at first, having tried so many remedies, I finally took it as a last resort, and am now completely cured.

"I can recommend it highly to any one suffering from dyspepsia in any form."

Mrs. H. F. Taylor, a well-known resident of Lancaster, Mass., writes that she gained in health after taking one bottle of Blood Wine. Here is her letter:—

"I have used four bottles of Blood Wine and have been greatly benefited by it. I was completely run down, had no appetite. I gained after taking one bottle and now after having used four bottles, I have gained my former good health.

HOODWINK'S CLEVER WORK.

Easily Defeated Two Derby Candidates at Hawthorne.

CHICAGO, May 28.—The three-year-old black filly Hoodwink easily defeated two derby colts, Otis and Lucien Appleby, today in the feature race at Hawthorne, an owner's handicap at seven furlongs. The filly, at the weights, was much the best and won from Otis by two lengths and a half. Otis, in a hard drive and all out, beat Lucien Appleby a nose for the place. Weather cloudy and cool; track good.

First race, seven furlongs—Alard, 105, Birkenruth, 3 to 2, won; Ethel Wheed, 110, J. Mathews, 3 to 1, second; Kanlick, 97, Dean, 5 to 1, third. Time, 1:28¾. Wellesley, Edith Q. and Siburian ran.

Second race, five and a half furlongs—Ben Chaffee, 102, Oeltee, Zolo, 109, Peebles, 107, Dranseth, 10 to 1, second; The Don, 112, Knight, 11 to 5, third. Time, 1:08½. Early, Our Bessie, Wilkins, Overton, Foxy Kane and Sigmund ran.

Third race, one mile—Hermencia, 89, Birkenruth, 3 to 5, won; Prima II., 102, Ransch, 5 to 1, second; Lennep, 102, Lyne, 10 to 1, third. Time, 1:42¾. Wild Pirate, Dr. Stephens, Rosalind and Kentucky Babe ran.

Fourth race, seven furlongs—Hoodwink, 96, 8 to 1 and 2 to 5, won; Otis, 110, Coburn, 4 to 1, second; Lucien Appleby, 110, Birkenruth, 6 to 1, third. Time, 1:28. Margie, Stuyve and Inspector Shea ran.

Fifth race, mile and an eighth—Domadge, 102, J. Mathews, 3 to 1 and even, won; B. Campbell, 107, Birkenruth, 4 to 5, second; Miracle II., 95, T. Dean, 4 to 1, third. Time, 1:57. Leenja, Cherished, Compass, Linden Elle, Major Mansir and Grindstone ran.

Sixth race, five furlongs—Belle Graham, 112, Birkenruth, 4 to 1, won; Pluto, 107, J. Winkfield, 7 to 1, second; Fitzpatrick, 107, T. Dean, 7 to 1, third. Time, 1:02. Bonnalie, Actila, Miss Trappen, Auric B. and Impetuous ran.

Entries for tomorrow:

First race, one mile—Bronze Wing, 117; Frank Gill, Hayward, Hunter, Mimosa, Senator Sullivan, 104; Rollick II., 102.

Second race, six furlongs, selling—Brigade, 118, Pompino, Frank Ireland, 107, Druid, 106; Fizzles Queen, 105; Imp Layia, 104; Aules, 103; Moderator, 96; Cherries, 97.

RACERS TRAIN HARD IN SPITE OF COLD

LESTER WILSON RIDES AT CLEVELAND TOMORROW.

Maya and McFarland Both in Fine Fettle for Their 20-Mile Contest at Recreation—Good Amateurs Entered in the Half and One Mile Handicap Events.

The fast professionals were out doing hard training behind the big motors at Recreation park yesterday in spite of the cold weather. Otto Maya, who rides Floyd McFarland in the 20-mile motor-paced event tomorrow night, had his first real training on the new track. He started with 1:37 and finished a 15-mile workout at a 1:34 gait. He joins with the other professionals in pronouncing the local track the fastest he has ever ridden on.

Wilson was training hard. He leaves today for Cleveland, where he rides a 15-mile motor-paced race against Frank Leander on Decoration day.

The two amateur events to be decided Friday night at the Colosseum were closed last night with the following entries: Half-mile handicap, Charles Lembright, Charles Burgan, W. A. Hoffield, Charles B. Leonard, Harry Brown, Wilkie Hall, Henry Snyder, W. Michael, Clyde Thomas, Charles Reel, Percy Brown and Ernest Herlnigle. All of the above named will start also in the mile handicap race with the exception of Clyde Thomas. These events will be run off in three heats with two to qualify in each heat for the finals.

WASH.-JEFF. BEATEN AGAIN.

Dennison University Team Won Another Game.

WASHINGTON, PA., May 28.—(Special.)—W. & J. met the second defeat of the season at the hands of the Dennison university baseball team of Granville, O., this afternoon, the score being 8 to 7 in favor of the visitors. McGregor, who was in poor condition, pitched six innings, allowing Dennison nine hits and eight runs. Ridgeley was then substituted and blanked the visitors, giving them but one hit and striking out six men. Gee pitched good ball for the Ohioians, striking out four men and allowing but five hits off his delivery. Both teams played a good fielding game and the contest was one of the best seen here this year. W. & J. will play two games with Waynesburg on Friday. The score:

CAMBRIDGE, MASS., May 28.—Harvard 11, Cornell 1.

COLLEGE TEAMS ACTIVE IN THEIR FINAL TRAINING

Chief Event of Tomorrow's Track Meet Will Be the Relay Race.

FIVE HANDSOME CUPS UP

Battle in Relay Likely to Be Between Westminister and W. & J.—Wup Has High Hopes of Winning Meet on Total Points.

The Western Pennsylvania college athletes were getting in their finishing touches yesterday for the big field and track meet to be held at Recreation park tomorrow afternoon. Encouragement for the other colleges was found in the word received from Geneva that May, the school's star entry, had been expelled and would be unable to compete. May defeated R. G. Deevers, who won the Pan-American broad jump in the meet last Saturday at Beaver Falls, and was also a standby for Geneva in the sprints.

Chief interest among all the colleges outside of the winning of the first place in honors is centered in the relay race for which the Wup management has laid itself out in offering handsome prizes. A three-handled loving cup goes to the college winning the relay, while a small cup is secured by each of the four members of the winning team.

Will Try Hard for the Cups.

Western university has four good quarter-milers for this event and will be after it good and hard. The contest will likely lie, however, between the crack Westminster team, which won the championship in its class at the recent Philadelphia meet, and the Washington and Jefferson runners.

Westminster was one of the sensations of the Philadelphia competition, pulling up from third place after the running of the first relay. R. C. Deevers, the captain, who hails from Wilmerding, ran second to the famous Duffy in the 100-yards at the Inn-American last year.

There will be no discounting the W. & J. team, which lost at Philadelphia, but was in a far stronger class than Westminster. The makeup of the W. & J. team will be picked from Clarence Wible of Wilkinsburg, Morris Ritchie, Earl McElroy of Pittsburgh, H. Aten and E. Cleeland. The team has been training in 54 and 55 seconds to the quarter. Clarence Wible, the local boy, is W. & J.'s star entry and is very fast in the sprints. W. & J. is also depending upon Marshall to win in the broad jump.

Western university was training hard yesterday and will rest today. The college has high hopes of winning the championship and will certainly make a showing far ahead of anything offered by the Pittsburgh school for years in track events.

The relay team will be composed of W. S. Worcester, who recently badly shattered the Wup half mile record and is captain of the track team; Hays M. Duncan, Albert J. Davis and Russell King. In training on a slow track the team has been going about a :57 gait for the quarter.

W. U. F. Has Many Good Athletes.

Wup is depending upon Paul McClain and Joe McCready to take the bike events and McConnell, Walgren and McClester for the weights. Walgren is counted on for the discus throw, in which recently in the Wup meet he beat the best records both at Washington and Westminster.

Work was being rushed on the track at Recreation yesterday and the athletes will have a fine field for their efforts tomorrow. The seating accommodations will be the best from which a Western Pennsylvania track meet has ever been viewed. There will not be a moment of any of the events lost to any one of the spectators.

Unusually handsome medals will be awarded, the die alone costing the Wup management $75. The list of events and officials will be as follows: 100-yard dash, 220-yard dash, 440-yard dash, one-half and one-mile runs, one-half and two-mile bicycle, broad and high jump, 16-pound shot put and hammer throw, discus throwing.

The officials: C. H. Livingston, referee; Mr. Steele, starter; Mr. Otterson, clerk of course, Mr. Thompson, announcer, Mr. Patterson, scorer.

Timers—Judd Bruff, Arthur Banker, Prof. Snitjer.

Judges—Jim Brainard, Prof. Shetter, Prof. Slifer, Dr. Schildecker, Dr. Price, Dr. Mayer.

Assistants—Mr. Jennings, Mr. Chambers, Mr. Boyd, Mr. Flemming.

The kind of leather in a shoe decides the kind of wear it will give!

How can you get more than 80 cents of wear from a $2.50 shoe?

It cost 70 cents for finish and labor,—with 25 cents for wholesale profit,—and 75 cents for retail profit,—leaving 80 cents for leather.

What kind of leather will 80 cents buy, when the cost of linings, laces, eyelets, etc., have been deducted?

Shoe-life resides in the shoe leather.

...NEW... HOMESTEAD

Offers Inducements to Invest That You Can See With Your Eyes.

It is the place where you have a good chance to stake a few dollars close to where the Big Concerns are staking millions. The conditions are favorable for large and speedy increase in values. Work has been commenced by U. S. Steel Corporation on new mills, great extension of the old mills and improvements that will cost several millions of dollars.

Remember that it is only a short walk from the center of the plan to any of the large works—and the new ones will be much nearer to this property than to any other. Thousands of additional workmen will be needed in these new works, and New Homestead is their nearest place to live. Prove this by looking the situation over.

For a home New Homestead is unsurpassed—a delightful place to live—lying south and west of the large mills, it is perfectly free from smoke. The lots are nearly all level, many having fine large trees.

New Homestead lies between Pittsburgh and Homestead and is bound to build up fast—Builders are wanted who will buy lots and build houses—to supply the great demand—houses should sell as soon as finished. Your opportunity is now—take advantage of it quickly.

Remember, it does not take much money to start you. A two hundred-dollar lot costs $10 down and $1.50 a week. A five hundred-dollar lot costs $25 down, $3 per week. No Taxes. No Interest. Non-forfeiture agreement.

Cars are running regularly on the New Homestead Street Railway.

A Five-Cent Fare on the Homestead cars takes you from Pittsburgh or from Homestead to the end of the New Homestead Street Railway.

Heads of families purchasing lots are entitled to ride free on the New Homestead street cars.

Office on the ground. Agents there all day.

YOUR ATTENTION

To accommodate those who cannot conveniently go to New Homestead at any other time—We have arranged with several of our clerks to be on the ground on Decoration Day.

Take cars marked "Homestead" on Second Ave. line and ask for transfers to New Homestead or go over to Homestead on YELLOW LINE and change at Eighth and Amity streets to Second Ave. line.

We pay your car fare.

UNDERWRITERS ARE TOO BUSY TO FINISH DEAL

arris, Gates & Co. Withdraw from Financing American Steel Foundries Co.

A NEW TOBACCO COMPANY

Organization in New Jersey Yesterday of a Combination With Capital of $35,000,000 to Take Over the Havana Commercial Company.

[BY PRIVATE WIRE TO THE GAZETTE.]

New York, May 28.—The stock exchange firm of Harris, Gates & Co. has withdrawn from the underwriting syndicate it formed in behalf of the American Steel Foundries Company. This does not mean that the combine project has fallen through, but merely that the underwriting work has been transferred to other hands. The reasons for the withdrawal of Harris, Gates & Co., or rather for their abandonment of the undertaking, is unknown. It is said, however, that the members of the firm found at the ninth hour that they would be too much occupied with other matters to attend to the management of the syndicate. Other reasons are assigned by gossip, of course, but those who really know anything about it are uncommunicative. It is understood that terms have not yet been made with any other banking house to undertake the work, but negotiations are in progress to that end.

Big Tobacco Company Organized.

The Havana Tobacco Company, capital $35,000,000 stock and $10,000,000 5 per cent bonds, was organized today in New Jersey to take over the Havana Commercial Company. The Havana Tobacco Company, of course, is the instrument through which the Consolidated Tobacco Company, or "trust," interests, acquire possession of the Havana Commercial Company, the property that once was thought virtually to be in the hands of the Universal Company. Circulars have been issued to Havana Commercial Company stockholders offering to exchange 60 shares of preferred and 40 shares of common Havana Tobacco Company stock for each 100 shares of Havana Commercial preferred, and 40 shares of Havana Tobacco common for each 100 shares of Havana Commercial common stock. Stock shall be deposited for exchange with the Guaranty Trust Company of New York and contracts shall not be binding unless two-thirds of Havana Commercial Company stock goes in. The necessary amount has already been pledged.

Statement from A. S. and R. Co.

It is stated that the American Smelting & Refining Company as a corporation is in no way interested in the movement to consolidate certain prominent lead concerns. This statement, however, is supplemented by one to the effect that interests identified with the smelting trust are associated with the proposed enterprise. The smelting company is engaged in smelting and refining gold, silver, lead and copper and handling the products of those metals. The company sells pig lead to concerns like the National Lead Company, which is engaged in the white lead business.

Cramps to Meet Today.

The annual meeting of the William Cramp & Sons Ship & Engine Building Company will be held tomorrow. The most important business to come before the meeting is the action upon a proposed issue of $4,000,000 convertible bonds for the purpose of paying for recently acquired properties and for improvements thereon. It was said today that the bond issue would meet with the unanimous approval of the stockholders.

Allis-Chalmers Meeting.

A meeting of the Allis-Chalmers Company was held in the offices of the company in this city today. After the meeting it was announced that no business of importance outside the discussion of the annual report was transacted. The report of the company is now in the hands of the printers, and will be made public the first of next week. According to a director for the showing will be favorable. Among its directors are E. H. Gary, James Stillman, William H. Read, Cornelius Vanderbilt and William L. Elkins.

Coffee and Sugar.

NEW YORK, May 28.—The coffee market opened steady, with prices unchanged and was quiet throughout the session, with room traders slow to risk new ventures in the face of the holidays now so close at hand. The foreign market news offered no special inducement to bulls or bears here and the statistical news in hand was dull, to reveal special new features of importance. The market closed quiet and net unchanged to five points lower, having followed a five point rut all day. Total sales were 5,750 b gs, including June at $5 05; September at $5 35; November at $5 45; December at $5 55, and March at $5 75@5 80. Sugar—Raw steady; fair refining, 2¾c; centrifugal, 96 test, 3 7-16c.

NEWS FROM THE MINES

[BY PRIVATE WIRE TO THE GAZETTE.]

NEW YORK, May 28.—From a winze starting from the 200-foot level of the Golconda, near Sumpter, Ore., ore is raised that assays $50,000 per ton. The whole chute is marvelously rich.

The Golden Cycle, at Cripple Creek is producing from 125 to 150 tons of ore daily, the average gold values of which are $30 per ton.

A bonanza has been developed in the San Juana, Santa Eulalia district, Mexico. Drifts show large ore bodies running 1,000 ounces to the ton.

Reports of experts show that 1,750,000 tons of ore valued at $20,000,000, are blocked out in the properties of the United States Mining Company at Bingham, Utah.

The hills around Georgetown, Col., are practically clear of snow and there is great activity among prospectors in Empire, Argentine and other high districts. Ore assaying $212 per ton has been opened on the upper Mendota. A shipment from the Denver last week ran $125 to the ton.

Joplin's output last week was 12,135,030 pounds of zinc, valued at $183,822, and 1,208,-910 pounds of lead, valued at $26,986.

The Metal Market.

Advices from London reported that market for spot five shillings higher for the forward positions, with spot closing at £138 0s, and futures at £132 10s. The local market was dull and weak with spot closing at 20⅝@20¾c; copper was dull and easy here, with standard prompt to August at 17½c bid. Lake, 17¾c; electrolytic, 12¼@12.55c; casting, 12¼@12¼c. The London copper market closed 17s 6d lower on spot and futures, at £55 17s 6d. Lead was steady at 4 15s and closing easier at £11 7s 6d. Spelter was nominal at $4 75 at New York, and at London unchanged at £18 7s 6d. The New York iron market was steady, quiet and unchanged, with warrants nominal. No. 1 foundry, northern, quoted $19 50@20 50; No. 2 foundry, northern, $19 50@20 50; No. 1 foundry, southern, $18 50@19 50; No. 1 foundry, southern soft, $18 50@19 50. The English markets were a shade lower, with Glasgow closing at 57s 9d and Middlesboro at 40s 4½d.

BIG IRON ORDERS FOR FUTURE DELIVERY

United States Steel Corporation Negotiating for Raw Material to Be Delivered Next Year.

[BY PRIVATE WIRE TO THE GAZETTE.]

NEW YORK, May 28.—The Iron Age in its issue tomorrow will say: The requirements of the steel trade are a present commanding most attention. It is reported that the United States Steel Corporation is negotiating with the valley furnaces for 100,000 tons of Bessemer pig iron for delivery next year, probably running into the second quarter. This follows heavy purchases of Bessemer pig iron by other consuming interests. If this negotiation is consummated the valley furnaces will have their surplus product completely disposed of until next April at the earliest.

It is further reported on good authority that the United States Steel Corporation has purchased 50,000 tons of southern basic pig iron. The price obtained is stated to be equal to $19 15. Pittsburgh Heavy quantities of foreign ferro-manganese have been purchased, mainly for delivery in and about Pittsburgh, aggregating 20,000 tons. Eastern steel work have purchased 50,000 tons of low phosphorous pig iron in England at a price of about $22 50 laid down here. These occurrences emphasize the activity prevailing among steel manufacturers.

The continued strike of the anthracite coal miners is causing increasing trouble to eastern consumers of pig iron. Several furnaces in Eastern Pennsylvania have been obliged to bank for lack of fuel and others are doing very poorly because of an inadequate fuel supply, turning out a small product and not of desired grade. This is creating trouble among foundries particularly, and interferes seriously with the booking of new business.

The belief is now entertained that the blast furnace workers in Ohio and Western Pennsylvania will not strike June 1 as had been feared. It is confidently hoped that the difficulty has been overcome.

A large tonnage of foreign steel billets is being offered here through importing houses, but that the tonnage from this source would seem to be fairly adequate for early needs. The interesting statement is made from the west that, for the first time in the history of the trade, the implement manufacturers at the moment have, prior to June 1, placed their contracts for their yearly requirements, running from July to July.

Dull Day for Wall Street Traders

ROOM DEALING AND NO PROFIT FOR ANYBODY

Outside Orders Insignificant and News of Day Has No Influence.

BIG CORN CROP EXPECTED

This Has Some Influence on St. Paul Railroad—Pressed Steel Car Makes a Gain, but Fails to Hold It Very Long.

[BY ASSOCIATED PRESS TO THE GAZETTE.]

New York, May 28.—Today's stock market offers small subject for comment. It was strictly an affair of room trading of a class which is known in stock exchange parlance as "trading jack-knives." The profits made or the loss sustained were confined to the limits of the board room. Outside orders were insignificant. The news of the day, which was slight, was only a nominal influence, and the real incentive to the dealings was the impression of the traders as to the volume of contracts existing with them or on the other side. The decline of the preceding days found the traders generally committed in a small way to the short side and they attempted to cover their short contracts before the rival traders could do so. The fact that the rise of something over a point in Reading was accomplished by rumors that developments were impending encouraging a hope of the settlement of the coal strike was of very little weight, and many Wall street offices had not gotten from the mining regions reporting the prospects unchanged, without affecting the small gaming that was in progress.

Expect Big Corn Crop.

The buying of St. Paul was just as little accepted as indicating any important development in the progress of the crops, although the weather map was favorable and the sharp reaction in the grain markets offered some corroboration. The present speculative temper regarding the corn crop is that last season's great shortage and the high price prevailing are bound to insure all possible measures to secure a plentiful yield this season. Until definite information is known, therefore, of damage to the coming corn crop a large crop will be taken for granted. There was some demand for the soft coal carried on the ground that the shortage of anthracite would throw the demand for soft coal as a substitute; but there is the doubtful element also of the possibility of the success of efforts making to get the bituminous coal miners to join the anthracite strikers. The 3½ point rise in Hocking Valley had as additional grounds the report of a proposed increase in the dividend rate.

Pressed Steel Car Moves.

Pressed Steel Car moved upward again today, but did not hold the gain, and the tendency to sympathy in stocks of other railroad equipment companies found its most notable effect today in Railway Steel Spring, which moved up over a point. The speculative realizing in Canadian Pacific continued today and removed the stimulating effect of the recent rise in that stock from the market. The feeling of disappointment over the lack of definite peace announcement by the British cabinet had some slight reflection at the opening here. A sharp break in the London market for raw copper helped to keep back Amalgamated. The approach of a half week holiday emphasized the disposition to refrain from speculation. A good part of the advances were lost on room profit taking, and the market closed lifeless and heavy.

The market on bonds was dull and steady. Total sales, par value, $1,910,000. United States bonds were all unchanged on the last call.

FIRST IN ELEVEN YEARS.

Dorothy Wurzell's Death Initial One Among School Children.

Dorothy Wurzell, the 11-year-old daughter of Mr. and Mrs. George W. Wurzell of Edgewood, who died Sunday evening of typhoid fever, was buried from her father's home yesterday afternoon. The school flag was lowered to half-mast on Monday morning, remaining that way until after the funeral. Dorothy's death was the first to occur among the school children, since the school was built in 1891.

Many of the children attended the funeral, and the house was deluged with flowers from schoolmates of the dead child. Edgewood parents are beginning to quiet down a little, in view of the announcement that the ventilation system in the schools is to be changed this summer by the directors.

Except for the Banking Group Local Stocks Were Listless

NEW RECORDS WERE MADE BY BANK SHARES

Rumors of Gigantic Deals the Basis for Several Big Advances.

GENERAL LIST VERY DULL

Hardly a Trade Was Made in the Steel Issues—Coalers Fairly Active, but Weaker—Steel Car Shares Rallied—Electrics Quiet.

The market on the Pittsburgh stock exchange yesterday was very dull and almost without feature, except in the banking group. At the close the general list was very dull and inclined to droop. In the banking department Dame Rumor had full sway—only the rumors are beginning to assume tangible shape, and some of the details of gigantic deals are threatening to leak out. There have been official and semi-official denials of nearly every kind of combination or merger possible among the city's leading institutions, but somehow the street has lost confidence in these denials, especially as the stocks of the concerns implicated continue to go up. During the last three or four years there has scarcely been a pronounced movement in the stock of any particular financial institution that has not been followed by an increase of capital, a merger, absorption or consolidation of some kind, all of which had been at one time or another emphatically and officially denied, and yet proved true later. A broker, in commenting on this tendency of conservative financiers to deny outright rumors of deals that were actually in progress, wondered what the patrons of the institutions would do if they should find the officials telling the same kind of stories about their banking affairs. In other words, that the "street" has lost so much confidence in the words of promoters or "combiners" when applied to "deals" that the same lack of confidence when applied to a bank or trust company by its patrons might cause serious embarrassment. It is pity, therefore, that the unsung ones do not keep silent until ready for official announcement, instead of "tipping" their intimates to buy the stocks for a good advance, as so often happens. In yesterday's proceedings on the exchange First National Bank of Pittsburgh was the star performer. Last Saturday it sold at $498. Monday it advanced to $512 50, and yesterday opened at $600, a gain of $87 50 over the last previous sale. Then it advanced to $625 bid with no offers under $700. An official of the bank yesterday admitted that a big deal was on, but would give no names. From another source it was learned that the bank is contemplating the absorption of another big national bank, but no figures were obtainable. The deal with the Exchange National was abandoned some time ago. Important announcements are expected shortly. Farmers Deposit National Bank jumped $10 to $1,310, a new high record, and Second National Bank of Pittsburgh advanced $29 to $810, also a new high record. What is "doing" in this bank is purely guess work, but the tip is out that it will go to $900, and possibly $1,000, before long. Federal National went up $1 to $137 and Keystone advanced from $390 to $395, the last price. Third National of Allegheny also scored an advance, selling $2 50 higher at $262 50. Real Estate Trust also closed with a gain of $1 at $292, on the announcement that the bank had secured a majority control of the Anchor Savings bank. Allegheny Trust declined ½ to 150½ and Commonwealth Trust $5 to $250. In the quotations City Deposit advanced $2 to $150 bid, a new high record, and Liberty National was up $5 at $150 bid. Peoples National was also stronger, advancing $8 to $173 bid, as compared with the last previous sale.

In the general list there was hardly a thing worthy of comment. River Coal preferred excepted. This stock declined ½ to 41½ on sales of 400 shares, the price being the lowest since October, 1900. The semi-annual dividend of 3½ per cent is due in July and the decline is all the more remarkable because of that. The common lost ⅛ at 12¾. Pittsburgh Coal issues were unchanged. Hardly a trade was made in the steel group, Crucible preferred selling 65 shares at 85½ and United States Steel preferred 50 shares at 90½@90⅝. The common stocks of both companies were merely quoted at nominal figures. Pressed Steel Car issues rallied in sympathy with the east, but the trading was light. Electric seconds were dull and unchanged, while Window Glass common and Brewing common declined fractionally. Bonds were dull.

PITTSBURGH FEATURES.

Bank exchanges decreased $118,784,95.

Sales Pittsburgh stock exchange 4,854 shares and $5,000 bonds.

First National Bank of Pittsburgh jumped $87 50 to $600 and closed $25 higher at $625 bid.

Second National Bank of Pittsburgh advanced $20 to $810, a new high record.

Farmers Deposit National made a new high record at $1,310 for 20 shares

Real Estate Trust Company closed option on a majority of Anchor Savings Bank stock.

The steel stocks were almost ignored.

Coalers fairly active but lower. Pressed Steel Car issues rallied. Westinghouse Electric seconds were unchanged, closing at 106½.

Trade Dollar Mining was 10 cents lower at $1 60.

Bonds were dull.

Financial Drift.

Republic National bank was quoted at 122 asked.

Philadelphia Company new 5s offered at 105¾.

National Union Insurance quoted at 148 asked.

New York banks have shipped $1,000,000 gold to Canada.

Pittsburgh & Lake Erie old 5s offered at 120 and interest.

Cosmopolitan National bank was bid up at the opening to 106.

Peoples Trust of the South Side offered at 110 and 107 was bid.

Pittsburgh & Charleroi Street Railway 5s quoted at 105¾@106.

Wade bid 113¾ for $50,000 Pittsburgh Brewing Company 6s.

Near the close 68½ was bid for Manufacturers Heat and Light.

Near the opening South Side Trust quoted at 111¾ bid and 112 asked.

Just before the close 1,500 Pittsburgh Brewing common offered at 26.

Northern American Savings Company advanced to 90 bid and 91 asked.

Pittsburgh, McKeesport & Connellsville Street Railway 5s quoted at 109 bid.

A. E. Masten & Co. offered 6 Allegheny Trust at 150 Penn Hall bid 150½ for them.

The first sale of the day was in National Fire Proofing common, 30 shares selling at 32.

John B. Barbour, Jr., bought First National Bank of Pittsburgh at $600, a new high record.

H. A. Maslin bid $1.50 for 1,000 to 5,000 Trade Dollar Mining. Regular lots offered at $1.60.

The advance in Hocking Valley is based on expectation of an increased dividend. Par is talked of for the shares.

The J. N. Wolfe Soap Company of the South Side will change its corporate name to the "Pittsburgh Soap Company."

N. W. Stevenson offered from 1,000 to 15,000 shares of Dominion Boss-ass Gold Mining Company at $2.25 a share.

Before 2 p. m. two banks had made new high records in the selling price, Second National at $800 and First National at $900.

Robinson Bros. bought Second National Bank of Pittsburgh at $800 and Schoyer bought it at $810, both being new high records.

Humphries Miller bought Farmers Deposit National bank at $1,310, a new high record. Mr. Miller has been a steady buyer of the stock for some time.

The biggest single trade of the forenoon was 500 Trade Dollar Mining at $1.60, McFarlane to McMullin. McFarlane has been a heavy seller for some time.

It is said that Colorado Fuel and Iron and Tennessee Coal and Iron are getting together and that a combination between these two companies is not unlikely in the near future.

Preston, Watt & Schoyer were heavy sellers of Monongahela River Coal preferred at the opening, disposing of 400 shares at 41¾@41½. Whitmer & Co. bought 100 and also about 400 of the common.

Before 2 p. m. there were just two trades in Real Estate Trust, Holmes selling 10 shares at 290 to Schoyer and R. J. Gormley, Jr., 90 to R. Hild at the same price. Stoney was a large buyer on the recent advance.

Walker was the buyer of Keystone bank at 390@395, and said he would like all he could get at the price. The bid for 50 shares of Peoples National he could get, forcing another firm to withdraw offers at that price.

For days Sproul & Co. have been bidding 24¾ for 500 Pittsburgh Coal common. Near the opening yesterday 500 were offered at 25 and just before 12 o'clock 85 more from Darr, Lake & Moore, all at 24¾.

The directors of the Real Estate Trust Company met yesterday and approved the purchase of a controlling interest in the Anchor Savings bank. The officials of the company declined to give out any further information.

President Sarling of St. Paul has just returned from a trip of inspection, and speaking of the four grain states in the "wheat belt" road runs says that during his many years' experience he has never seen conditions better and predicts a "bumper crop."

John D. Ballow was 76 years old yesterday, and his fellow brokers attended him many good wishes and congratulations. "Uncle John" also is a great favorite with all on Fourth avenue, and says the "boys" gave him a fine lunch at their midday Henry M. Long made a neat speech and presented him with a box of fine cigars, the gift of the members of the exchange.

It is said in St. Louis that with the Eastern Railway of Minnesota and other subsidiary companies of Great Northern merged into the parent company, consolidation of Great Northern and Northern Pacific into the Burlington system under the law passed by the Iowa legislature last spring can be speedily accomplished.

[BY ASSOCIATED PRESS TO THE GAZETTE.]

Chicago, May 28.—Bears had their turn at the grain markets today. General conditions were moderately bearish, but as on yesterday, it was the action in the corn pit that turned the tables; and all grains on the list were forced to a weakness greater than yesterday's strength. The whole situation hinged on the liberal acceptances of Chicago bids by country holders of corn. These were so much greater than had been anticipated that prices broke badly in the corn and all other grains suffered sympathetically. July wheat closed 1¼@1⅝c lower, July corn 1½@1⅝c down, and July oats ⅝c lower. Provisions closed unchanged to a shade lower.

Weakness ruled in corn from the opening. Before noon advices indicated 1,000,000 bushels sold to Chicago. In the pit the cash houses that bought this stuff at once sold against it and forced prices down below the low price before yesterday's bulge. Other advices were bearish, and were influenced by the depression. Cables were unresponsive, crop reports were good and good weather was reported in the corn belt.

Close Is Badly Off.

The weakness showed no signs of abatement, and July, which yesterday was worth 64¾c, and which opened today at 64@65c, closed weak, 1¼@1⅝c lower at 62⅝@63c. Receipts were small at 195 cars, but because of the free acceptances the movement is expected to increase.

Wheat showed some early weakness on the foreign weakness, which was based on the favorable government weather report here. The southwest was bearish on crop prospects and sold freely. There were very few short accounts open, and consequently, as prices declined, there was little to arrest the weakness. There was a heavy selling trade, although a few commission houses bought. As corn turned very weak wheat was depressed still further. July opened ⅞c to ⅞c up at 73¾c to 73⅞c, slumped to 72⅝@72⅞c and closed weak, 1¼c to 1⅜c down at 72¼@72½c. Local receipts were 15 cars, six cars of contract grade; Minneapolis and Duluth reported 130 cars, making a total for the three points of 146 cars, against 193 cars last week, and 215 cars a year ago. Primary receipts were 1,040,000 bushels, compared to 320,000 bushels a year ago. Seaboard clearances in wheat and flour equaled 380,000 bushels.

Little Doing in Oats.

There was little of interest in oats. The weakness of the other grains and exceptionally good crop reports induced selling and brought small recessions. Features, however, were unimportant. July closed ⅛c down, rather weak at 37⅛@37⅜c. Receipts were smaller at 136 cars.

Provisions were dull after showing fair strength early in the day. The hog situation was firm and early buying was fair. The grain weakness, however, caused liquidation and a loss of the early gains. Packers did not support the market late in the day. July pork closed unchanged at 17 67½. July lard a shade lower at $10 15@10 17½ and July ribs unchanged at $8 62½.

Estimated receipts for tomorrow: Wheat, 20 cars; corn, 180 cars; oats, 205 cars; hogs, 35,000 head.

Drygoods Market.

NEW YORK, May 28.—Dry goods—There has been quite a dull spot market today, with about an average supply of mail orders. The market for cotton goods, both staples and fancies, is without change in price here and print cloths are slow and unaltered. Men's wear woolens are quiet and dress goods dull at previous prices.

Breaking Immigration Record.

NEW YORK, May 28.—There are 25,000 immigrants on the Atlantic due to arrive this week. They will bring the total for May up to 85,000 or 90,000. This will break all records for any month in the last 29 years. The majority is from Austria-Hungary, Italy and Russia.

Markets Quiet, With Few Quotable Changes

PITTSBURGH PRICES FOR FARM PRODUCTS

New Potatoes Decline—Cabbage Reacts to a Higher Level—Eggs Firm.

Hay, Grain and Feed.

Reports from western markets were bearish as to wheat, but the strength of corn held the market steady. Locally there has been no change in quotations this week, demand being even and quiet, no special interest being displayed in any line. Arrivals of oats lead other departments in quantity.

Receipts bulletined: Pennsylvania lines, 3 cars hay, 21 cars oats, 1 car straw, 3 cars corn, 1 car feed; Baltimore & Ohio railroad, 5 cars hay; Pittsburgh & Lake Erie railroad, 1 car rye; Pittsburgh & Western railroad, 2 cars straw, 1 car corn, 1 car feed; total receipts, 39 cars.

Following are the official quotations for hay, millfeed, corn, oats and straw, corrected by the Pittsburgh Exchange Company:

Straw—Oat, $7 00@7 50; wheat, $7 00@7 50; rye, $8 00@8 25.

Hay—No. 1 timothy, $14 50@15 00; No. 1 do, $14 00@14 25; No. 2 do, $12 00@13 00; No. 1 mixed, $11 00@11 50; No. 1 clover, $10 50@10 75; prairie, $10 50@11 00; packing, $8 00@8 50; from wagon, $16 00@17 00.

Rye—Milling price (delivered), No. 2 Michigan, 66@67c.

Wheat—No. 2 red, winter, 75@76c, f. o. b. cars within radius of 50 miles Pittsburgh.

Corn—No. 2 yellow, shelled, 68@69½c; high mixed, 68@68c; No. 2 mixed, 67@68c; No. 2 yellow ear, 71@72c; high mixed, 69@70c; No. 2 mixed, 68@68½c.

Oats—No. 2 white, 49½@49¾c; extra, No. 3, 48¾@49¼c; regular, 48@48½c.

Millfeed—White middlings, per ton, No. 2, $22 00@22 50; brown, $20 00@21 00; bran, $21 00@21 50.

Groceries.

An easy feeling continues in the flour market, although quotations have not gone lower, as some jobbers thought they would by this time. Sugar is also watched very closely and buyers are not at present disposed to anticipate wants. Coffee is quiet and without change, either here or in primal markets, and sugar is likewise quiet.

Flour—Jobbers' prices: Fancy spring patents, $4 15@4 20; fancy winter patents, $4 00@4 10; straight winter, $3 90@4 00; bakers' grade, $3 60@3 80; clear, $3 45@3 60; graham, $4 00@4 50; cornmeal, bbl, $3 90@3 60; 10-lb cotton bags, 19@20c.

Sugar—Standard granulated, 4.80c; fine granulated, 4.90c;

PENNSYLVANIA IS BUYING LOTS IN SHADY AVENUE

The Report Is Current That East Liberty Curve Is to Be Straightened.

TWO EAST END PURCHASES

Packing Houses and Yards on Herrs Island Will Cost $1,250,000—Big Lot Plan at Homeville Being Improved—Small Realty Deals.

Recent sales of two properties in Shady avenue, East End, have revived the report that the Pennsylvania Railroad Company is preparing to straighten the sharp curve between Roup and East Liberty stations. The properties belonged to Andrew W. Mellon and Mrs. Anna I. Steck and are situated on the west side of Shady avenue, at the south end of the viaduct. The Mellon lot is triangular shaped, having a frontage of 44 feet and a depth of 90 feet with 102 feet along the railroad. It is improved with a two-story store and flat building. The purchase price is reported to be about $18,000. Mrs. Steck's property, which adjoins the Mellon lot on the south, is 34x113 feet and has erected thereon a modern two-story and mansard frame house. It was sold for $10,000. That considerable property along the line of the railroad between the stations named is being quietly locked up is known from the options that have been secured or are being asked.

The residence property of Dr. J. P. Sterrett, at No. 6313 Penn avenue has been optioned and an option has been asked on the property of C. Strahley & Sons at No. 6303 Penn avenue. Parties have also been seeking an option on the lot of Emory Methodist Episcopal church in Penn avenue. All of these would be needed to make the contemplated improvement. The curve at this point has long been a source of delay and expense to the railroad company.

Eight New $15,000 Houses.

Through the agency of J. W. Sherrer, the old Edwin S. Fownes property at the southeast corner of Wightman and Northumberland streets, Twenty-second ward, has been sold for $35,000. The former owner was Marion G. Jenkins, who conveyed the property to Thomas A. and Edwin P. Mellon. It comprises about 1.7 acres, having a frontage of 251 feet in Wightman street and 276 feet in Northumberland street. The lot is practically vacant now, but will be improved this summer with eight handsome residences. Plans now being designed by Architects Kerner and Pezzoli call for colonial brick and stone dwellings containing 12 rooms each. They will be finished in hardwood and will cost at least $15,000 each.

The property at the northwest corner of Collins avenue and Kirkwood street has been sold by J. R. Mellon and the estate of T. A. Mellon for $26,500. The lot measures 67.5x104.5 feet and is improved with a two-story frame building in front and a large one-story stable in the rear. These buildings are occupied by George F. Egley. The purchaser's name could not be learned.

Buyer's Name Made Known.

The deed has been delivered in the sale of the Real Estate Savings bank property, at No. 225 Fourth avenue, for a consideration of about $70,000. The purchaser proves to have been Burt Hostetter, who secured the property through the agency of H. D. Sellers. The plot is 22.5x85 feet, making the rate of role $2,980 a front foot, or about $35 a square foot.

Plans are being prepared by Engineer George E. Croskey for the abbatoir and stockyards of the Pittsburgh Provision & Packing Company on Herrs Island. The present building of the company will be greatly enlarged, making the main building 100x400 feet, and four stories high. A cold storage plant and all the latest appliances for handling meat are to be installed at a total of $250,000. The immense stock yards which the Pennsylvania railroad will provide on the island are now being designed by the company's engineers at Philadelphia. These will cost in the neighborhood of $1,000,000.

Homes for Mill Workers.

The Provident Land Company is preparing to push its big plan of lots at Homeville. The plan of 864 lots is situated two miles from Homestead on the Monongahela traction line and was bought from the Redmond heirs. The work of grading the streets is nearly completed and 800 trees have been set out on the plan. The lots are 25x100 feet each and will be put on the market at from $155 to $225 each. Nearly 100 of the lots have already been sold to workmen in the mills at Homestead and Munhall, in addition to the houses which these buyers will erect this summer, the Provident Land Company is planning to build 25 six-room frame houses, to cost $2,000 each. A round trip car fare of five cents from Homestead is making this one of the most popular lot plans in the Monongahela valley.

Since their boom sale opened last Friday, Vogel & Heitz have sold 25 lots in their Bandi farm plan at Knoxville. The lots are selling at from $350 to $450 each. A number of purchasers who bought here last fall, when the plan was opened, are getting ready to build homes on their lots.

Two Suburban Sales.

PREPARING FOR CENTENNIAL.

Canonsburg Committees Plan Features for Celebration Next Month.

Arrangements for the centennial celebration at Canonsburg are rapidly nearing completion and the old town promises to outdo herself on the occasion. Hundreds of letters have been received from former residents announcing their intention to be present with their families to help celebrate. It is the plan to model the celebration somewhat on the line of the old-fashioned country fair.

The committees have not yet completed the program, but are busy now securing attractions and arranging for the speakers. An effort will be made to crowd as much into the one day, June 26, as is possible, and elaborate preparations are being made for the entertainment of the visitors.

Chairman John B. Donaldson of the press committee announces that, in addition to sports, games and the usual features of such celebrations, the Cole John Canon club has arranged for a big reception and dance in the evening, at which all in attendance will be initiated into the club. This method is adopted to make the visitors feel more at home.

Among the speakers who are certain to be there are Dr. John R. Paxton, the Rev. Dr. Rhidle, the Rev. Father A. A. Lambing and others. Special trains and excursion rates on the railroads will be announced in short time, and the final list of speakers will also be made public.

Working to End Freight Congestion

J. M. LYON.
Auditor of Freight Receipts Pennsylvania Lines West of Pittsburgh.

PITTSBURGH ROADS SPENDING MILLIONS

Present Summer Will Be the Busiest Season in History of Local Railroad Construction.

All records for the construction of new and improvement and extension of old railroad lines in the Pittsburgh district will be broken during the coming summer.

The local roads will spend about $5,000,000 in improvements alone in this immediate vicinity. As a result it is hoped another season of freight congestion, such as hampered business operations here all winter, and is still felt, will be a remote possibility for years to come.

Passengers into the city on almost any line are remarking the improvements now going on, and still greater ones are yet to come. The roads have large forces of men changing grades, curves and relaying tracks and roadbeds. This is where the $5,000,000 is to be spent. That estimate does not include the cost of construction of new terminals, planned by the Pennsylvania, Baltimore & Ohio and Wabash. Neither does it include the cost of the Wabash's new line into this city. All the money will be spent on existing lines in improvement.

The Pennsylvania lines west, both Panhandle and Fort Wayne, are completing unusually heavy work. The Pittsburgh, Virginia & Charleston is just completing its four tracks along the south side of the river. On the Pennsylvania railroad between Pittsburgh and Altoona four tracking is in progress at several points, while a costly piece of grade changing is nearing completion between Larimer and Stewart. The Pittsburgh & Western is vigorously pushing work on the double tracking of the entire line. The Lake Erie is rapidly going ahead with its four-track scheme, and the Baltimore & Ohio has several hundred men at work between this city and McKeesport widening the road to four tracks.

Pitcairn Y. M. C. A. Flourishes.

Work on the handsome new building of the Pennsylvania railroad branch Y. M. C. A. at Pitcairn, is progressing rapidly. The foundations for the new building are now in, and the work will be hurried to completion. It is expected to have the formal opening of the new headquarters within a few months. The condition of the association is excellent, its present membership exceeding that of any previous time. With the attractions and accommodations furnished in the new building, it is believed the membership can be nearly doubled.

May Remove Here from Newark, O.

It was reported from Newark, O., yesterday, that the offices of the superintendent of motive power of the Baltimore & Ohio at that city would be removed to Pittsburgh, June 1. Local officials believe this to be true, although no formal orders for the removal have been issued yet. If the change is not made June 1, it will likely follow as soon after as arrangements for accommodating the officers here can be made.

No Bearing on Western Union Matter

The report was current yesterday that among the conditions of the Pennsylvania in the contract with the Wabash lines, allowing rights of crossing on the Pittsburgh extension, was one bearing upon the present dispute, between the Western Union Telegraph Company, a Gould company, and the Pennsylvania. It was stated that certain concessions would be made by the telegraph to obtain the necessary rights for the new Gould line into Pittsburgh.

The report was denied yesterday by J. W. Patterson, general manager and chief engineer of the Pittsburgh, Carnegie & Western and the other lines included in the extension. "The agreement between the Pennsylvania and the Pittsburgh & Carnegie, related exclusively to business between the two roads," he said.

Pensions on the Jersey Central.

The Central Railroad of New Jersey is the latest line to plan the adoption of an employes pension system. The management of that road and the Reading are closely allied. The Reading announced its new pension scheme, about two weeks ago. All of the new pension plans are modeled to a greater or less extent upon the Pennsylvania's plan. It is said, however, that the New Jersey Central will restrict the application of its pensions to employes of the operating department who have been in he service of the road for 30 years and have reached the age of 70 years, being over 65 years of age, have become incapacitated.

B. & O. Booms Local Resorts.

Several resorts near Pittsburgh are given special mention in a handsome pamphlet of about 100 pages issued by the passenger department of the Baltimore & Ohio through W. E. Lowes, advertising agent. The trout streams of Bedford and Greene counties also come in for liberal mention and scenes of picturesque points along the Pittsburgh and the Connellsville divisions brighten the pages. The pamphlet gives complete information as to the hunting and fishing laws of the state, in which the resorts are located.

RAILROAD NOTES.

E. H. Bankard, purchasing agent, and W. W. Wood, industrial agent, of the Baltimore & Ohio, were in Pittsburgh yesterday.

Announcement is made of the approaching wedding of Roy Gallcher, the contracting freight agent of the Baltimore & Ohio in this city.

J. Cory Winans, general travelling agent of the Cincinnati, Hamilton & Dayton, with headquarters at Ft. Wayne, Ind., was in the city yesterday on business.

The work on the new track of the Lake Shore, to connect Youngstown and Ashtabula by a more direct route is being hurried and should be completed by fall.

L. G. Haas, general superintendent of the Baltimore & Ohio at Pittsburgh, has spent the week in a trip of inspection over the small branch lines along the Pittsburgh & Connellsville divisions. Yesterday he went to Fairmont, W. Va. He is expected back today.

MINERS PERISHING IN IDAHO SNOW-DRIFTS

Mad Rush to Thunder Mountain Field Results in Much Hardships and Many Fatalities.

[SPECIAL TELEGRAM TO THE GAZETTE.]

BOISE, IDAHO, May 28.—The stampede into Thunder mountain district is resulting in great hardships. It started long before the trails were in shape. Several thousand men are reported blockaded, and pack trains with provisions have started for their relief from Butte.

The snow is still deep, and it is feared that many fatalities have resulted. Rumors are spreading that the district has been too much boomed, and that bitter disappointment awaits thousands who are rising everything to get early into the new camp.

CORPUS CHRISTI TODAY.

Special Services Will Be Followed by Forty Hours' Devotion.

Today is known throughout the Catholic world as Corpus Christi, a holy day established for the commemoration of the Body of the Lord. In this country it is no longer a holy day of obligation, though there are always special services in churches, monasteries and convents.

In St. Paul's cathedral there will be impressive ceremonies, beginning at 10:30 this morning. The Rt. Rev. Bishop Richard Phelan will celebrate pontifical high mass, assisted by the local clergy. Bishop Phelan was outdoors yesterday afternoon for the first time in almost three months.

In conjunction with the solemn service of Corpus Christi the 40-hours devotion will be opened at the conclusion of the service this morning.

The local branches of the Knights of St. John will act as escort to the procession of the Blessed Sacrament, which follows the mass. Several hundred school children, flower girls, acolytes and the clergy will take part in the procession.

Tonight, tomorrow and Saturday nights there will be special sermons, and in the morning several masses at the side altars. The service will close Sunday at 10 o'clock with a solemn mass. During these days the Cathedral congregation receives the sacrament, and there is usually in the neighborhood of 5,000 communicants. In St. Paul's monastery there will also be special services.

EXCURSION TO OHIO PYLE, Decoration Day, May 30th. Rate $1.00.

Special trains leave B. & O. R. R. depot 8:10 a. m., and 8:20 a. m. Returning, leave Ohio Pyle 6 p. m.

FACTS.

There is made a pure Malt Extract which helped humanity.

It s virtues became known wherever civilization is known.

It insured perfect digestion—and folks found out that fact.

It was a flesh maker, a blood maker, a muscle maker, a nerve maker—the Doctors saw it, the Nurses saw it, the Patients felt it, the whole world soon got to know of it.

It became the universal tonic—used with or without a prescription.

And then came the imitators—hordes of them.

Had they faithfully tried to copy the purity, the quality, the excellence of the original, they might have done some good to mankind.

Most of them only wanted the name, "Malt Extract,"

They saw, or thought they saw, "big money" in it.

Any sort of beer was called "Malt Extract."

The market was flooded with cheap, impure, unworthy Malt Extracts.

Is it any wonder that to the ordinary reader to-day "Malt Extract" doesn't mean what it used to?

It's not our fault.

"Johann Hoff's Malt Extract" means exactly what it used to mean.

It does exactly what it used to do.

Johann Hoff's Malt Extract makes flesh and blood and muscle and nerve to-day exactly as it used to make them.

If you have ever been disappointed in a Malt Extract, it is because you did not insist upon Johann Hoff's.

Let us emphasize this so that every reader will remember it.

Ask for Johann Hoff's.

Insist upon Johann Hoff's,

Take none but Johann Hoff's.

For nobody was ever disappointed in the genuine Johann Hoff's Malt Extract.

Lots.

BRIGHTON ROAD LOTS

The Kleber Plan, in Allegheny.

The Finest Lots in the Two Cities.
Adjoining the Brighton Country Club.

Only 25 minutes from the business center of Pittsburgh.
These desirable lots are not situated in the middle of a farm; they are in the heart of the very best residential district of Allegheny, running 600 feet along Brighton road and 600 feet back toward California avenue, adjoining and being a part of the property until recently occupied by the Allegheny Country Club.
This property is level, lies high and dry and is free from the city smoke and dirt, being, in fact, cleaner and healthier than Bellevue, Avalon, the East End and other suburbs.
The Brighton road and California ave. cars pass by this property, requiring about 25 minutes to reach the business center of Pittsburgh. The property is located about half way between Allegheny and Bellevue.

Don't Wait

Buy a lot for investment or a home. Reference to the above plan will show that these lots are amply large for roomy houses and lawns.
Considering the high quality of these most desirable home sites, the prices at which they are offered are the most reasonable that were ever put on such gilt-edge property. Plans mailed on application. 'Phone 1528 Grant and 614 Main, or call office.

H. KLEBER, Jr.,

221-223 Fifth ave.

FOR SALE.

A few lots left in one of the most attractive districts, at the most attractive prices, in Allegheny.

BUT FEW LOTS REMAIN UNSOLD.

The lots are bounded by Osgood, Maple and Burgess streets; one-half square from Perrysville avenue; 15 minutes' ride from Smithfield street and Sixth avenue; take Riverview or Perrysville avenue car; get off at Burgess street; large sign marks lots.
We ask you to take the time to look at the property and at the prices, $850 to $1,000, $200 cash, balance 5 per cent easy payments. We are satisfied you will be interested to buy a lot for investment or for your own use as a home site, and should you build yourself a house, say to cost $3,000, your total investment will be in a $6,000 district.

READ HOW THOSE WHO HAVE INVESTIGATED SQUIRREL HILL PROPERTY HAVE ACTED!
15 of our choice Squirrel Hill lots were sold in less than a week. Their purchasers realized that they couldn't invest their money to greater advantage!
There are still some very choice lots for you if you don't waste any time coming out.
Look how splendidly our plan of Squirrel Hill lots is situated—right in the very choicest section of the East End district; then consider the fact that adjoining property is being held at $100 a foot, while you can buy our Squirrel Hill property at $50 a foot; it takes little argument to show the modern investor how much money ground-floor action will make him.
Our Squirrel Hill plan has a frontage on Shady ave., Monitor st., Burchfield ave. and McClure ave.
The building restrictions imposed stipulate that no house to cost less than $5,000 shall be erected on this plan, and all houses must be built 50 feet back from the sts.
Broad paved and sewered streets and fine granolithic sidewalks; you will see here every modern city improvement.
The yellow line cars, which will take you to the city in 20 minutes, are within two minutes' walk of the property. Squirrel Hill has, in fact, the best car service in the city; you can catch a car every two minutes.
Title guaranteed and issued free to each customer; liberal discount will be allowed for cash.
Come to Squirrel Hill plan of lots today. Tell the car conductor to let you off at Burchfield ave.

MRS. S. E. M'CLOY TRIES HER OWN DAMAGE SUIT

oted Scripture and Abused Police and Church Members.

TOLD STORY OF HER LOVE

Attorneys for Defendant Introduced Letters Which They Allege Are for the Purpose of Showing Her Mental Condition.

The novelty presented by Mrs. Sarah E. McCloy trying her own suit for damages for alleged breach of promise to marry against the Rev. J. M. Thomas of the Union Baptist church, South Side, attracted a large crowd in common pleas court No. 1 yesterday. The case is before Judge Collier. When court opened Mrs. McCloy entered carrying a small Bible under her arm. The court treated Mrs. McCloy with the greatest courtesy and at times, when the widow became excited, she was quietly pacified by the venerable judge, who assured her that her interests would be carefully looked after.

When a jury was summoned Mrs. McCloy ran her pencil through the name of George G. Campbell, a reporter.

Mrs. McCloy on the Stand.

In opening her case Mrs. McCloy made a plain statement to the court, saying that she had been wronged. She then took the stand and repeated the story told at the first trial, when she was awarded $2,500 damages, which Judge Stowe announced would not stand. She said she met Dr. Thomas in 1894; that the meeting was "love at first sight;" that he married another woman, and that her prophecy that the defendant's wife would die came true. She said Dr. Thomas repeated his promise of marriage in July, 1901, making her story entertaining by her references to the defendant placing his arm about her and other acts of alleged affection. The cross-examination was interesting.

Mrs. McCloy declared that Dr. Thomas scarcely missed a week calling upon her during 1898, and that, while the defendant was away upon one occasion, they later agreed that they had both lost sleep during their separation.

"Sort of mind contact 50 miles away," suggested Attorney J. Scott Ferguson.

"That's what it was," said the woman.

Mrs. McCloy said she wanted to conceal her love for the pastor because the women in his congregation are a gossiping set, and that she had always shielded Dr. Thomas.

Mrs. McCloy Quotes Scripture.

"Who was prophesying for your special benefit?" asked Mr. Ferguson.

"It was a woman," was her answer.

"Who was it?"

"It was a woman."

"What woman?"

"A woman."

"What's her name?"

"There were several women."

"What's their names? We will send for all of them."

Mr. Ferguson appealed to the court, and after some hesitation Mrs. McCloy said the prophecy was made by Mrs. Dr. Zophie (or Sophia) and that she could not give her address.

The plaintiff said that this did not have anything to do with the case, but that the Bible is full of prophecies. She took up her Bible and read the 22d Psalm, 13th verse, and the 31st Psalm, 18th verse.

Mrs. McCloy declared she could teach every preacher in Pittsburgh something about the Bible; that she was not treated right by her brother; that the members of the Union Baptist church followed her. Then she said to Mr. Ferguson, "It's the blind leading the blind, as you are trying to do now."

"No, I am not," protested Mr. Ferguson.

"Do you read the Bible?" asked Mrs. McCloy.

"Sometimes," answered Mr. Ferguson, smiling.

Mrs. McCloy then quoted several passages from the scriptures. Mr. Ferguson, who was following her by the book, suggested she was slightly off in her quotations, and she suggested that he should be careful not to tear her Bible. Mr. Ferguson asked:

"Are you going to prophesy my death?"

"You will find out very soon," declared the plaintiff.

Saw Garden of Eden.

"You sat at the table," said she, "and crossed out the names of every juror you wanted. Every man was a gentleman except the one I crossed out." In explaining about her own visions relative to her prophecies, Mrs. McCloy said she saw the Garden of Eden, and how woman was tempted by man, and how man fell.

"Did you know a man named Neil Jewett?" inquired the lawyer.

"Never as steady company," stammered Mrs. McCloy.

In reply to other questions Mrs. McCloy ejaculated: "No, sir; I think I am of my right mind."

"You think you are?" said Mr. Ferguson.

"I certainly am. The church people are trying to make me out crazy," declared the plaintiff.

"I am, indeed, sorry for you," said Mr. Ferguson.

This started Mrs. McCloy upon a long story. No objections were made, and she was not allowed her to continue without interruption. She said they would have been married long ago if "the church people had kept their nose out," and was rather confused when asked if she could produce a single letter written to her by Dr. Thomas, which she could not do.

Mr. Ferguson offered a number of letters in evidence, which had been written by Mrs. McCloy to Dr. Thomas by her, and she objected to those written since the suit was entered. Judge Collier talked to her kindly, explaining that she could object at the proper time, and when the court announced that these letters would be admitted she explained, "All right!"

Letters Were Introduced.

While Mr. Ferguson and Mrs. McCloy were standing together facing the bench the two presented a queer picture. Mr. Ferguson said he was sorry, but it was his duty to offer the letters to show the mental condition of the plaintiff, whereupon Mrs. McCloy laughed in the attorney's face. Then she scored the police, the members of the Union Baptist church and those with whom she has come in contact. She was allowed to talk without being interrupted. Before Mr. Ferguson could read the letters court adjourned.

Wants Damages for Arrest.

In the United States circuit court the case of William L. Brown against Charles Hamberley and the Metropolitan Life Insurance Company was taken up. It is an action to recover $5,000 damages for alleged false arrest. It is claimed by the plaintiff that he was an employe of the defendant company as an agent and collector, and that he left the employ of the defendants after notifying them of his intentions. He alleges that he was arrested in Jeannette on September 20, 1901, on a charge of embezzling $28 50 from the defendant company. He was kept in jail for 40 days, at the end of which time he was released on account of the grand jury ignoring the bill against him.

LEGAL BRIEFS.

John L. Welsner, deceased, late of Pittsburgh, leaves an estate valued at $950 to his wife.

Suit was entered by John M. McKennan against Lillian McKennan for a divorce. He alleges desertion.

Mary J. Cook sued the Pittsburgh, McKeesport & Youghiogheny Railroad Company for $10,000 damages for personal injuries.

A bill in equity was filed by Asa W. Emrick against Albert F. Schwerd for an accounting of partnership for the manufacture of wooden columns.

The case of M. A. Woodward against the Manhattan Life Insurance Company, an action to recover $3,652 for professional services, went to the jury.

Charles E. Ball of Erie, Lawrence W. Shoup of Beacon, Allegheny county, and Samuel Goldenstein of Pittsburgh were discharged from bankruptcy.

In the divorce suit of John A. Shaw against Bella Shaw of McKeesport a verdict was returned for the libelant. They were married April 5, 1893, and separated August 28, 1900.

The will of Ottilie Geshich, late of Pittsburgh, was filed. Hugh, Otto and Robert Geshich are each given $1. The balance of the estate, valued at $914, is left to five other children.

Letters of administration were taken out by Edward A. Hanna on the estate of Joseph E. Hanna, deceased. The estate is valued at $8,000. Attorney Alexander Gilfillan represents the estate.

The master in the divorce case of Nathan Shipley against Mary E. Shipley recommends a decree. The testimony showed that the respondent went to Youngstown, O., with L. C. Harrisongh.

A bill in equity was filed by Edward E. West against the Homestead and Mifflin township Street Railway Company to restrain the defendant company from occupying West street in Mifflin township.

The will of John Wanderly, deceased, late of Harrison township was filed. May, Drury and Ida Wanderly, daughters, each get $25. Wilson Wanderly, a son, and Augusta Wanderly, a daughter, each get $200.

George McNail, deceased, late of Imperial, leaves a $12,000 estate, consisting of personalty and real estate, to his four children. William McNail was appointed executor. Attorney John W. Thomas represents the estate.

A statement was filed in the case of Miss E. F. Patterson against Harriet M. Crocker to recover $250. It is alleged that Crocker is a medical electrician and treated a son of the defendant for paralysis, the amount sued for being compensation.

An objection was filed by the Pittsburgh Bonding and Surety Company to the discharge of Charles Kornman of Allegheny, from bankruptcy on the grounds that he transferred certain property to his wife with the intention of defrauding his creditors.

Executions were issued as follows: Thomas Moore Company vs. John H. Keeler, $90; Mrs. Rosa Dell vs. Thomas Johnston, $80. Heming & Pugh vs. Harry B. Cleban, $40. The Metropolitan Building and Loan Association No. 2 vs. William N. Stanger, $4,800.

Nellie B. Hogan entered suit against the city of Pittsburgh, John McAleese, superintendent of police, and Detective Edward A. Barry. She says she was arrested by Barry May 26 at her home in Fulton street, and was confined in a damp cell for 12 hours with nothing to rest upon but an iron slab. She also alleges that she was subjected to gross indignities, insults and illegal treatment, and that no charge was preferred against her. She asks for $50,000 damages.

In the United States district court a petition asking that the court revoke the decree which discharged William S. Mahaffey from bankruptcy was filed by Mrs. Sarah Patchin. Mahaffey was discharged from bankruptcy on September 23, 1901. Mrs. Patchin alleges that Mahaffey owned her $630 04 and that he made a false oath when he swore he had no assets. She claims he was the owner of 203 acres of land in Bell township, Clearfield county, near where he lived.

Desks for Business People

Undoubtedly there are more desks sold at the present time than ever before in the history of the world.

It's equally true that more are purchased at McElveen's than at any other place in this part of the country.

McElveen's store is headquarters for all office equipments—not only desks, but also filing systems, card indexes, tables, chairs, etc.

The desk pictured above is a good example of this store's ability to supply best values.

This flat-top Double Desk is 4 by 5 feet in size and has drawers on both sides. The quartered golden oak of which it is made is additionally attractive by reason of its high polish.

Price $50

You cannot possibly ask for anything in the line of legitimate office furniture that is not supplied by

Weather—Fair. Thursday, May 29, 1902.

ANNOUNCEMENTS.

The store will be closed tomorrow, according to our usual custom.

The sale of Potted Palms, Rubber Plants and other plants of the same genus together with potted Flowers of different varieties, will be continued throughout the day. Flags, all sizes in silk and bunting, are on sale, for convenience, on the main floor.

The Results of a Flying Trip.

Our buyer of women's ready-made garments hastened to New York Saturday and was back yesterday, followed by a lot of clever pickups—just the very garments women need right now.

The cleverness lies in their having been bought to advantage—something that always operates in favor of the customer.

Illustrating the above here are three different garments, duplicates of which have heretofore been sold by us for $22. The new arrivals will be sold for $15.

New Tan-Covert Jackets, Lined with self colored taffetas—all seams strapped—fly front style—$15—a $22 garment.

New Black Silk Eton finished with large collar of tucked silk which is trimmed with heavy white lace, tucked cuffs with lace finish, lined entirely with white taffeta, a $22 garment for $15.

New Black Taffeta Ulsters—fly front—half fitting box back, turnback cuffs—large collar trimmed with band of ecru lace—a $22 garment for $15.

Shirtwaist Suits for Young Ladies.

Pretty much a constant succession of newness in this department of the second floor, where misses and girls buy their stylish Summer dresses.

These Shirtwaist Suits are just new in the department.

Of White Lawns, both waist and skirt finished with neat tucks, $5.

Of White Lawn, the skirt trimmed with stitched bands, the waist finished with both stitched bands and tucking, $5.

Of White Lawn and also pink and blue lawn, the waist and skirt finished in corded effects, $6.50.

Ages for all of above, 14 to 16.

Silk Underwear for Women.

Two lines at reduced prices.

Silk Tights, a grade that sells for $1.25 reduced to 75c a pair.

Women's Silk Vests, both plain and fancy—low neck and sleeveless—a grade that sells for 75c, reduced to 65c each.

If Silk Tights are not preferred, take Lisle at same reduction.

Tomorrow's Outdoor Games.

In golf, tennis and croquet, tether ball, too, girls and women have an equal chance with men.

All the requisites for playing these games.

Best goods made for each of the games.

For golf we are sole agents for Cann & Taylor's clubs, said by experts to be the most thorough of all golf clubs.

We have a practice golf ball and it has been said of it that it is the best practice ball in the city. $2.25 a dozen.

Go-Carts and Baby Carriages.

We can live forty days without eating, but we can't live four minutes without air. Mentioned merely as a hint to mothers that the baby can't have too much good, wholesome fresh air.

Get a Go-Cart by all means. Take a carriage, if you don't like carts.

Sold more Carts this season than ever—prices doing it. Right prices sell goods wonderfully fast.

Go-Carts upholstered in various pleasing ways, $5 and easily along to $33.

Chatelaines and Wrist Bags.

Wrist Bags have taken quite a hold—on women's wrists—one of those fads, you know, that must run its time.

New Wrist Bags of seal, walrus and suede leather—black and colors—$1 to $3.50.

Chatelaines are not to be driven off the field by wrist bags—not if some women have the say.

New line of Chatelaines, metal frame, body of black seal, the price only 50c.

Save Money and Buy These—Men's and Boys' Clothes.

Those for boys and young men reduced in price.

Outing Suits for men—a special line of suits for young men just going to the long trousers period, and some special news of boys' suits—

For $12 we will sell today suits that we retail regularly for $15, $18 and $20.

These excellent suits for young men comprise fancy stripes, checks and plaids in cheviots and worsteds—and are as good examples of tailoring for young men as could possibly be found for even more money than our regular prices.

Boys' double-breasted Knee-Pant Suits—just a hundred that we have taken the notion to reduce for today to $3.50. Former prices were $5, $6 and $7. Fancy mixtures, neat checks, stripes and overplaids.

Another line of the same style that sold for $7 and $8 will be reduced to $5. These are made of dark blue striped cheviot and Scotch Tweeds, fancy checks and mixtures.

Boys' Golf Suits for boys 7 to 18. Fine all 'round suits—use them for baseball or bicycling, or any outdoor sport. Skeleton coat, double-seat trousers, buckle or button at bottom. Flannel or cheviot in the proper colors.

$5.00 Suits for $2.50.
$8.50 Suits for $4.25.
$10.00 Suits for $5.00.

Men's Outing Suits with all the style that can be given to suits of this character, if such an expression can be used. As a rule there isn't much style to an outing suit—the thing given most attention is getting them up to give most comfort.

Beginning at $10 we show the new square cut soft flannel and light weight wool crash suits, best suits for warm weather we know of. Finer suits of same materials, $12, $13.50, $15, $18 and $20. All very light weight, some unlined, others with mohair lining in body and silk lining in shoulders, hair cloth interlining to keep from breaking.

Men's Wash Vests; all the new varieties—linen mesh in tan color, plain white linen and fancy colors. Single or double breasted, $3 to $5.

Watch Fobs—New Ones.

Men and women meet on equal grounds when it comes to wearing fobs—just as fashionable for the one as the other.

Neat leather Fobs—assorted colors—some of the fobs plain, some with stirrups—50c to $1.25.

Women's Kid Gloves, $1. Women's Lisle Gloves, 50c.

While we have several different makes of kid gloves for the even dollar a pair, we rather favor our new two-clasp "Audry," a French glove made especially for us. We've seen many gloves costing a half more that could not keep step with this fine glove. Brown, gray, mode, white and black.

The fifty-cent lisle Gloves have a suede finish, and look for all the world like a kid glove when fitting the hand snugly. Mode, gray, tan, white and black.

New Belts for Women.

Many women of many minds—slightly altering an old saying—make it necessary for us to carry a large variety of belts. While Fashion says silk belts are the thing, lots of women snap their fingers at Fashion—and wear what they like.

New Silk Belts—black barathea and black moire—plain and fancy buckles—50c to $6. Natural Pongee Silk Belts, $1 to $1.75.

Leather Belts—1 inch wide, that is the style—patent leather, sea lion, a pretty dull calf stitched in self and deer skin belts, inexpensively priced—50c to $1.25.

Men's Furnishings.

Negligee Shirts: Madras and Oxford, plain and pleated, attached or detached cuffs—all colors. Plenty of white and black and white. $1, $1.50 on to $4.

Neckwear: A new tie for the new shirt, certainly. The newest is the new "Twain," a narrow reversible Four-in-Hand. All the popular colors, both light and dark, in barathea silk. 50 cents. Lots of other new neckwear up to $1.50 each.

Leather Belts: Harness leather. Black is preferable. We don't say it because we have a big stock of black belts. Any color that men like. 50c, 75c, $1 to $2.50.

Fancy Socks: Your idea, whatever it is, will be met in the extensive variety. Medium to very finest, all the new effects in cotton, lisle and silk. 35c, 50c, 75c, $1 up to silk from $1 to $7 a pair.

Straw Hats for Boys and Girls.

Those with immense brims with streamers—they're the nicest. 25c, 50c, 75c.

Then we have the same style in linen, all colors to match wash suits and the hats can be washed just same as suits. $2 to $2.50.

Duck Hats, another of the washable kind—any and all shades—from $1 up to $2.50.

The Caps—well, there is a host of Tams and a Host of Golf Caps—and they make up the style for boys and girls. 75c to $1.50.
